## 142 Years Ago Tomorrow

Eli Whitney Invented the Cotton Gin!

His invention began the rapid growth of the cotton industry the world over! It gave impetus to the crop that now covers 40,000,000 acres and supports a total of 2,000,000 families or 10,000,000 people in the United States alone! We want to do something to make you remember this great American inventor and his labor-saving device ... so tomorrow, on March 14, we inaugurate our first annual sale of wash goods.

### FIRST ANNUAL SALE!

To Commemorate This Event  
We Offer a Special Purchase  
of Just 19,187 Yards
