BARBERS BACK AUTO WORKERS

International Union Pledges A. F. of L. Support in Dispute.

Support of the Journeymen Barbers International Union of America behind the American Federation of Labor in the threatened strike of automobile workers was voiced in a telegram sent to William Green, A. F. of L. president, it was announced today.

The telegram, signed by James C. Shanessy, barber union president, and W. C. Birthright, secretary-treasurer, reads:

"The Automobile Chamber of Commerce has thrown down the gauntlet. Meet the challenge with the full power of the American Federation of Labor. Every available organizer should be placed in the field. The Journeymen Barbers International Union of America is behind you to the last man."

In reply, they received the following telegram from Mr. Green: "Thanks sincerely for your telegram. It is both heartening and encouraging. We shall meet the challenge of the Automobile Chamber of Commerce bravely and courageously. If a strike in the automobile industry is forced upon us, we shall utilize all the influence and power of the American Federation of Labor to make the strike a success."

Mr. Dorsett has been a resident of the city for thirty years and in business for the past twenty-five years. He is a member of the United Brethren church, a Mason, and past patron of the Golden Rule chapter No. 413 of the Order of Eastern Star.

CLARK AIDED IN JAIL SLAYING, SHOUSE CLAIMS

Terror Mobster's Former Pal Brought From Prison to Testify.

(Continued From Page One)

was the cause of the trigger man's alleged oath to "knock him off."

Flying squadrons of soldiers continued fruitless sorties in various parts of Allen county today in a search for Dillinger.

Early today a patrol of steel-helmeted soldiers, accompanied by Larry Vanskauk of the Ohio national guard criminal identification bureau, left Brigadier-General Harold M. Bush's headquarters here in a search for Dillinger and his gang.

"Frankly, I don't think Dillinger is in Lima today," said General Bush. "My maneuvers are merely a matter of routine now."

General Bush said that Clark's suspicious actions in the lower corridors of the courthouse yesterday while being led from the courtroom, where he is being tried for his life, to the jail led to a more rigid search of all persons seeking admission to the courtroom during the trial.

Clark Sneers at Witness

Clark, according to General Bush, took a great interest in the position of all doors leading from the courthouse to the street, and at one time, his guards reported, Clark crouched as though to spring through a door leading into an alley back of the courthouse.

It was noted during the trial yesterday that Clark lost his lethargic attitude which has earned him the name of "sleepy" among the spectators when Art Miller, state's witness and convicted murderer, told of purported gang hide-outs in Indiana and Ohio which he alleged Dillinger had told him about.

Clark sat bolt upright in his chair while Miller testified and listened to every word. His dark eyes smoldered and his lips curled in a sneer. When Miller finished, Clark relaxed and slumped into his customary attitude of indifference.

As court opened this morning, Prosecutor Ernest Bokin announced a surprise witness, Sergeant Chester Sherman of the Tucson (Ariz.) police force, who participated in the capture of the terror mob in Tucson.

Sherman Surprised Witness

It was Sergeant Sherman who battled with Clark, finally subduing the gangster by beating him on the head with the butt of his revolver.

Sergeant Sherman also attracted attention by his verbal battle with Captain Matt Leach of the Indiana state police, at the Tucson railroad station.

On the witness stand, Sherman told of the arrest of Clark and other members of the gang in Tucson.

After observing Mackley and a woman leave the house used by the gang, he said, he followed Mackley and arrested him in a radio store, refusing Mackley's request to permit him to return to the house and obtain papers proving his identification as another man.

Stationing officers at vantage points, he said, the sergeant, pencil and paper in hand, walked to the porch of the house and pretended to have a letter from Mackley to Clark, under their aliases.

Tells of Fight

When Sherman refused to give the letter to the woman, Opal Long, who answered the door, Clark, who had started for the back of the house, where machine guns were hidden, came up and took the letter.

The officer said he drew his revolver, which Clark grabbed, Sherman being pulled into the house and into a bedroom in the struggle. When Clark tried to reach under a pillow for a revolver, the officer beat him on the hand and subdued him, as other officers arrived.

blood will tell—

ONE of the mysteries of life is how much care a man will take of thoroughbred animals—noting when they are "off"... and noting them back to the "pink of condition" to increase their daily usefulness—yet will shamefully neglect his own run-down condition.

Certainly, there is a pardonable pride in an animal's healthy appearance... but human beings are more important than animals. Yet some people just hope when "run-down" that they will "come around."

It is just good "horse-sense" to reflect and reason that your so-called "tired feeling" may come from a lowered red-blood-cell count and the hemo-globin in these cells.

There is a remedy specially designed to bring back strength to weakened blood... and no one can be strong, healthy, happy, and full of vitality when in a run-down condition.

S.S.S. Blood Tonic is a time-tested remedy for restoring deficient red-blood-cells and a low hemo-globin content.

If you suspect an organic disease consult your physician... if you feel weak... lack a keen appetite... if your skin is pale and off-color... try S.S.S. as a part of your regular daily diet. Take it just before meals. Unless your case is exceptional, you should soon notice a pick-up in your appetite... your color and skin

SEVEN-YEAR ITCH ENDED

The Itch (scabies) is highly contagious, if not treated it will continue for life. It is not a blood disease, but is caused by the Itch-mite, which burrows and forms tortuous galleries within the skin.

The Itch-mite spreads rapidly and is immune to ordinary treatment. The Psalter Institute has perfected a simple treatment called EXSORA that kills the Itch-mite almost instantly, and rids you of your trouble in three days.
