Want to Look Young?

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a dark bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety percent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound as a substitute for calomel to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards Olive Tablets are gentle in their action and always effective. They help bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards Olive Tablets are known by the olive color. 13c, 30c, 60c—Advertisement.

Indiana in Brief

Lively Spots in the State's Happenings Put Together 'Short and Sweet.'

By Times Special

MUNCIE, March 22.—Harry Cuthbertson, former member of the state public service commission, has found that Muncie does not want something for nothing.

His offer to aid the city in litigation which will determine whether a vote will be taken April 24 on establishing a city-owned electric plant, has been rejected.

C. A. Taughbaugh, Muncie city attorney, said he would not accept the services unless arrangement for payment was made.

Mr. Cuthbertson later withdrew his offer after he was informed by S. H. Bemenderfer, a representative of the Municipal Rights League of Indiana, that its leaders do not look kindly on a man who has been "so closely associated with utility matters."

Old Case Unsolved

By United Press

NEWCASTLE, March 22.—This week brought the twenty-first anniversary of the mysterious disappearance of 9-year-old Catherine Winter, a case which attracted nation-wide attention.

Although the search for the child continued for years, no trace ever was found. Burns detectives were employed for a time in the case and a posse of 700 Newcastle citizens made thorough search of the city.

One theory was that gypsies kidnapped the child. A gypsy band was halted near Hagerstown, but nothing was learned regarding the whereabouts of Catherine.

SPONSOR MOVIE PROGRAMS FOR CITY CHILDREN

Women's Clubs and P.T.A. Behind Move to Show Fitting Pictures.

Youth Movies Association, Inc., recently formed for presentation of motion picture programs entirely for children, will sponsor the first of a series of showings tomorrow afternoon at 3:30 at the Ritz theater, Thirty-fourth and Illinois streets. A second showing of the same program will be given at 10:30 Saturday morning at the Uptown, Forty-second street and College avenue.

Mrs. Harold D. Robinson, 151 East Hampton drive, originated the idea behind the movement, and is president of the association. More than twenty different women's clubs and Parent-Teacher Associations are behind the movement already and other groups are rapidly falling in line. While the association still is in the formative stage, plans are under way to organize a city-wide movement with the grade schools as the centers of influence.

Parents and teachers long have realized the power for good or evil that motion pictures exert upon children," said rs. Robinson. "We do not wish to be a negative influence. We want to act in a positive manner to give the children the benefit of the finest programs suited to their years. If this movement grows as we hope, we may soon be able to influence the producers to make movies especially for the children."

"Of course this can not be done until we show the producers that we can make it profitable for them and we consider this to be the most important part of our program.

"To this end, we are selling tickets in blocks of ten. When enough blocks are sold we can ask for a special showing without working a hardship on the theater owners. Each two blocks of tickets that are sold will enable us to donate one block of tickets for the use of children that can not afford the admission price."

The association has received inquiries from several out of town clubs.
