65 SCHOOLS IN N. Y. CHARGED 'FIRETRAPS'
50,000 Students Endangered, Says Acting Mayor.

NEW YORK, April 4.—Acting Mayor Bernard S. Deutch's charge that at least sixty-five school buildings are "firetraps," endangering the lives of thousands of children, today harried the board of education, whose members were appointed during the Tammany reign.

The board demanded that Mr. Deutch enlarge on a charge he made several weeks ago that "many New York schools are fire traps." In reply, Mr. Deutch sent the board a letter, not only listing the thirty-five "firetraps," but severely criticizing board members for not having available their own information. Persons familiar with New York schools estimated that the accused structures housed at least 50,000 pupils.

GET THAT COLD OUT—ROOTS AND ALL!
Give it No Chance to Sprout Anew!

A half-cured cold is a cold never cured! And once a cold gains foothold in your system it can make serious trouble for you. Many remedies merely suppress a cold only to have it pop out again. A cold, being an internal infection, requires internal treatment. And it requires a remedy that is distinctly a cold remedy and not good for half a dozen other things too. Grove's Laxative Bromo Quinine is what a cold calls for. It is expressly a cold remedy. It is internal and direct. It is complete in effect. It does the four things necessary. It opens the bowels, gently but thoroughly. It combats the cold germs in the system, and reduces the fever. It relieves the headache and grippy feeling. It tones

CURTAILING OF MILK FAVORED BY PRODUCERS

Dairymen in Session Here Favor AAA Plan to Limit Output.

Compliance with the agricultural adjustment administration's plan to curtail milk production was favored at a section meeting of dairy producers in the Lincoln yesterday. The Indianapolis meeting was one of fifteen held throughout the nation. Leaders of the meeting left last night for Wisconsin where the next session will be held.

R. M. Vore, Franklin, Indianapolis State Dairy Association president, suggested that small dairymen be included in the group. Other suggestions were that unorganized dairymen be given equal status with organized groups, that the federal government co-operate with states in the eradication of tuberculosis and Bang's disease, and that the program be operated on a yearly basis.

Speakers yesterday were A. H. Lauterbach, AAA dairy section chief; B. P. Beach, Michigan Milk Producers' Association secretary; O. M. Reed of the AAA, and William H. Settle, Indiana farm bureau president.

By Times Special
SHELBYVILLE, April 4.—Settlement of a salary controversy with five Hendricks township school teachers is announced by John W. Scott, township trustee, who states \$2,500 will be paid.
Remaining to be settled is a dispute which arose when Mr. Scott demanded that the teachers surrender two-year contracts for contracts for only one year's service.
The longer term contracts bear the signature of Homer Compton, former trustee, who is serving a state prison term for embezzlement of township funds.
Counsel for the teachers states the contract matter will be carried to the courts.
Teachers involved in the case are Naomi Outinger, Hattie Bass, Frances Hurst, Edward Comstock and Mary Frances Wilson.

"Two things I wanted—

"...more strength and a clear skin." It is well to remember that a probable reason why you do not have red lips, rosy cheeks, a clear skin, good health, energy and cheerfulness is that your blood is in a run-down condition. Lack of hemo-globin, the red-coloring of the blood, may also cause a weakened condition of the body...loss of strength...poor appetite.

Neglect of diet, worry, overwork, colds or sickness, frequently break down and retard the natural development of the red-blood-cells and their oxygen-carrying hemo-globin.

Why not set in motion the rebuilding of these precious blood-cells instead of procrastinating and sacrificing your appearance and the feeling of being well and fit?

If your condition suggests a tonic of this kind, try S.S.S. It is not just a so-called tonic but a tonic specially designed to stimulate gastric secretions, and also having the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemo-globin of the blood. Unless your case is exceptional, you should soon notice a pick-up in your appetite...your color and skin should improve with increased strength and energy.

S.S.S. is truly a blood and body tonic. Its value has been proven by generations of use, as well as by modern scientific appraisal.

You will find S.S.S. at all drug stores in two sizes...the larger is more economical. © The S.S.S. Co.

"I found out my trouble—"
"...and it was all so simple... my physician said I had no organic disease, but I did have what is so commonly and truthfully called a low percentage of hemo-globin in the blood. It didn't take S.S.S. very long to get my blood back up to normal... and as my strength and energy returned my skin cleared up."
