WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in
the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Your skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25-cent drug stores. © 1931 C. M. Co.

HERE 'TIS, MR. FRY! THAT PESKY, POTENT, BOOTLEGGED CUBAN PINT

For your approval, or vice versa, we present the so-called "Cuban pint," about which there was so much furore when whisky came back to Indiana.

There was some conjecture whether such "by-the-drink" sales would be legal in Indiana. It was decided they would not.

"Cuban pints" like the above are being bootlegged in Indianapolis. Only the federal tax, which has been blocked out to observe the internal revenue department rules about reproduction, is paid. The state doesn't get anything.

The "Cuban pint" sells for 25 cents and contains one full drink of a medium grade bourbon whiskey. The bottle size is somewhat misleading and appears as if it might hold more than the ounce and a half advertised.

As the artist has shown, the "Cuban pint" is five and a half inches tall and five-eighths of an inch thick.

all inflammable trash piles on their property during the week. Accumulated trash has caused 135 fires already this year, Chief Voshell said.

In the first three months of this year 25 per cent of the fires in Indianapolis have been dwelling fires, he asserted. In 1933, there were 1,609 such fires in the city.

"During Clean-Up Paint-Up week we will attempt to have all the hazards removed as a protection to life and property," he said. "I am urging the public to co-operate with us in this program."

The firemen will canvass various districts from day to day to inspect property and to point out methods of eliminating fire hazards.

WISH I COULD PAY THE WHOLE BILL, DOCTOR. BUT I DON'T KNOW HOW LONG MY JOB WILL LAST. THE BOSS SEEMS TO HAVE TAKEN A DISLIKE TO ME

MAYBE IT'S SOME FAULT YOU DON'T KNOW ABOUT. MAY I SPEAK QUITE FRANKLY?

The Doctor then advises him to play safe with "B.O."

WONDERFUL, DEAR. WE'LL SOON BE ON EASY STREET

RUTH, I'VE NEVER SEEN YOUR COMPLEXION SO FRESH AND CLEAR! WHAT'S YOUR SECRET?

LIFEBUOY, DEAR. IT'S WONDERFUL FOR THE SKIN

KEEP your complexion young — softly sparkling, crystal clear. Difficult? Expensive? Not with this simple, refreshing "home" facial. Work up a rich, creamy lather using Lifebuoy — the deep-cleansing toilet soap that lathers so abundantly in hard or soft water, hot or cold. Massage this lather well into pores; then rinse. Do this nightly — see skin bloom with health.

Facts about "B.O."

Even on cool days we perspire a quart a day. We grow accustomed to this ever-present odor — offend unknowingly. Play safe — bathe regularly with Lifebuoy. Its purifying lather deodorizes pores — stops "B.O." (body odor). Its fresh, clean, hygienic scent vanishes as you rinse.
