

## —LET'S GO FISHING— PROSPECTS FOR WEEK-END ARE REPORTED GOOD

Game Wardens Lend Hope  
to Anglers for Some  
Successful Sport.

BY GEORGE H. DENNY  
(Punch Hitting for Letty Lee)

Unless there is more rain, the prospects are generally good for the week-end. The big rain here Wednesday night may muddy things up a bit, but it evidently was not so bad in some parts of the state.

In Lake and Porter counties, Warden Bartock writes the water is nearly clear in all lakes and streams. Pan fish are beginning to hit.

La Porte County—Warden Walker reports good fishing, mostly crappies and bass on minnows. Ducks are on the lakes by the thousands.

Jasper, Pulaski and Newton counties—Warden Havel reports lakes and streams all high; not much fishing.

Fulton and Pulaski—Warden

Camblin says the Tippecanoe is muddy.

Good at Winona Lake

Kosciusko County—Warden Eaton reports fishing fine. Winona lake particularly good.

Benton, Warren and Fountain counties—Warden Meredith writes that the Wabash is still roily, but bass are hitting in the pits and quatrains. Six-pound large mouth taken in a pit on live bait.

Jay, Adams, Wells and Blackford counties—Warden Hanlin reports good catches of catfish, carp and suckers on the upper Wabash, Salamonie and St. Mary's. Bass and crappies are hitting in the pits and quatrains. Six-pound large mouth taken in a pit on live bait.

Streams Almost Normal

From Grant and Howard counties—Warden Innhoff reports streams almost normal. Bass and crappies are taking live bait in Bill Killbuck creek and Mississinewa river.

Putnam and Owen counties—Warden Riley says that White and Eel rivers are muddy, but Raccoon, Rattlesnake, Mill, Deer, Walnut and Little Walnut creeks are in good shape, with bass and crappies beginning to hit.

Tippecanoe and Montgomery counties—Warden reports streams in fine shape. Rock and black bass have been taken from Sugar and both forks of Wildcat creeks.

From Greene and Monroe counties—Warden Stone reports streams clearing fast; good week-end prospects. This includes White and Eel rivers, Doans, Richland, Plummers,

Indian, Bearblossom and Salt creeks, also waterworks lakes at Bloomington.

All Streams Clean Here

Marion, Hendricks, Morgan, and Hancock—Warden Ehlers reports all streams clear, including Fall, Eagle, White Lick, Buck and Cicero creeks and White river.

From Washington, Davies and Martin counties—Warden Bennett writes that both forks of White river are falling fast and fine catches of bass and bluegill are being taken.

Shelby and Johnson—Warden Casady reports all small streams muddy. Flatrock, Big Blue and Sugar cloudy, but should be all right Sunday. Good catches reported in Conn's creek.

From Decatur and Rush counties—Warden Lacey reports water too clear for good fishing except at the Big Reservoir where good bass have been taken.

Channel Are Hitting

Dearborn, Ohio and Ripley—Warden Weber reports fishing good, especially in Higan and Laughrey creeks. Channel, blue cat and bass are hitting.

From Jefferson and Switzerland counties—Warden Kegerice reports streams clear and the fish biting well.

Bartholomew and Jennings—Warden Herring reports excellent conditions; suckers starting upstream.

From Floyd and Clark counties—Warden Davis writes that bass are hitting fine in Fourteen Mile creek, and that other waters are good.

## ATTORNEY GETS JAIL SENTENCE

Owen Thomas Will Appeal  
Ruling of Judge Meyers  
in Traffic Case.

A polite reprimand grew into a jail sentence yesterday when Municipal Judge Dewey Meyers sentenced Owen Thomas, attorney, charged with violating an automatic traffic signal, to five days in Marion county jail.

Thomas at a previous hearing on the charge April 3, stormed that policeman Joseph Adams was under the influence of liquor when he made the arrest. Later, however he backed down on the story and was instructed by Judge Meyers to write a letter of apology to Adams.

Copies of which were sent to Chief Mike Morrissey, the safety board and Judge Meyers. At the hearing yesterday it appeared that the letter had been none too humble.

Thomas after being sentenced to jail, said, "I'm a candidate in the primary elections and being in jail will hurt my case. Besides I'm too busy to waste five days in jail. I want to appeal the case." An appeal bond of \$50 was set.

Man of  
Nature

Now  
Appearing  
in Person

Rollo A. Clark, the Mystery Man of Nature, who has an amazing and unexplainable appetite for such indigestible articles as glass, tacks, fishhooks, nails, gold watches, etc., will demonstrate his unusual gastronomic ability to patrons in the lobby of the Indiana Theater starting today.

Clark, who has completely baffled doctors and X-ray experts, eats these articles in plain view of his audience and completes his astonishing performance in apparent good health despite the almost certain ill effects of his action.

No one so far has been able to explain how he does it. Clark, himself, in fact, doesn't really know how his

stomach can withstand the effects of eating glass, etc. His only explanation being that he has been doing it for twelve years before audiences in Fox and Warner Theaters from coast to coast and is still alive.

This mystery man will appear on a special constructed stage in the lobby of the Indiana Theater four times daily at 2:00 and 3:30 on the matinees and 7:25 to 8:00 and 9:30 at night. Clark has requested that he be allowed to do his act in the lobby where his audience may get close up to him and see that he actually eats the amazing array of uneatables that he displays. There will be no extra charge for the performance to patrons attending the regular Indiana double feature program.
