

BRITAIN WORKS ON TAXES FOR JAPAN'S GOODS

Trade War Declared Against Nippon to Restrict World Trade.

(Copyright, 1934, by United Press)  
LONDON, May 8.—A grim fight to restrict world trade proceeded in London today while British and other statesmen continued statements that restoration of the flow of international commerce was an essential of economic recovery.

The cabinet, after declaring a trade war against Japan now slashing at the textile trade of Britain, was working out measures to impose import quotas in the crown colonies on Japanese goods. It awaited anxiously tariff reprisals against British goods.

Most serious in its political implications was the trade war announced in the house of commons by Walter Runciman, president of the Board of Trade.

Great Britain's strategy was to force Japan into an agreement to partition world markets in the textile trade, whereas, Japan wants to limit such an agreement to Great Britain and crown colonies.

Britain's tactics were to declare the trade war and to invite Japan to bring forward proposals to end it.

Meanwhile, the Japanese government announced that a new tariff law, permitting punitive imposts on goods of countries which hindered Japanese trade, would go into effect today.

Japan seemed convinced that damage to its trade would be minimal.

It was estimated here that Japan would be deprived by British action in the colonies of only about 100,000,000 yards of sales of cotton goods out of 2,000,000,000 a year in cotton goods exports.

Messages received here from Canada, Australia and New Zealand indicated that Britain could hope for little support from those dominions because of their favorable trade balances with Japan.

SECOND MOVIE FOR CHILDREN IS ARRANGED

Joe E. Brown Film Will Be Feature of Program at Indiana.

Several hundred children attended the first of the children's movies at the Indiana theater Saturday.

In addition to a feature picture, a Mickey Mouse animated cartoon, and the first chapter of a serial picture, they were entertained with specialty acts by pupils of the Stockman dance studio.

The next show planned for children will be given next Saturday. The time has been changed, and the program will begin not earlier than 10. This is in order to give parents more time to get children to the theater.

Saturday's show will present Joe E. Brown in "Fireman, Save My Child," a Mickey Mouse cartoon, and the second chapter of the serial. A resume of the serial presented last Saturday will be shown, so that it will be possible for those not able to attend the first show to follow the serial. In addition to these features, pupils of the Stockman dance studio again will appear.

The shows are planned in response to an editorial in The Times, advocating special showings for children of entertainment suitable for their age. The movement was inaugurated by the Youths' Movie Association, which has experimented in neighborhood theaters with special programs for children.

Eczema over Face. Could Hardly Sleep. Cuticura Healed.

"Eczema broke out in pimples all over my face and spread to my arms. When I put water on my face it itched and burned until I thought I would go crazy. I could not bear to have people look at me. The pimples were large and hard and my skin was sore and red. I could hardly work or sleep. When I read an advertisement for Cuticura Soap and Ointment I sent for a free sample. Then I purchased more, and after using about three boxes of Cuticura Ointment with the Cuticura Soap I was healed." (Signed) George Doll, R. 1, Box 35, La Salle, Ill.

Soap 25c. Ointment 25c and 50c. Talcum 25c. Proprietors: Potter Drug & Chemical Corp., Malden, Mass.
