"spring fever" time is here

...and what does it mean to you?

JUST THIS. If you feel listless, tired, run-down, appetite dull, with a weak, let-down feeling... perhaps nervous and worn out... why not make an effort to "snap out" of this condition?

Try toning up your appetite... increasing your red-blood-cells... get in step with those who put zip and pep into everything they do... the best way to be happy and cheerful.

Colds, the "flu," or other illness, and poisons accumulated during the winter months, often diminish the number of red-blood-cells which are so vital in maintaining vigor... strength... and a clear skin.

You need a tonic— not just a so-called tonic... but a tonic that will tone up your blood... bring back to normal its red-cells... build up its hemo-glo-bin... stimulate the gastric juice flow. S.S.S. is specially designed to do this for you.

PENNSYLVANIA ENDS BITTER POLL FIGHT

Both Sides Claim Victory on End of Primary.

By United Press

PHILADELPHIA, May 14.—The bitterest primary campaign in the history of the state, and one which has split the Republican party into hostile camps—pro and anti-Roosevelt—came to an end today with loud predictions of victory by both factions.

Tomorrow the voters of Pennsylvania will determine whether Governor Gifford Pinchot, who is solidly behind the Roosevelt national policies, or Senator David A. Reed, standpatter and critic of the administration, will be the Republican nominee for senator.

In reply to Mr. Reed's declaration that he would win, Governor Pinchot replied today, "as a political prophet, Mr. Reed is all wet. Mellon (Andrew Mellon, former secretary of the treasury) hasn't enough money to win this election."

The nominating committee for the association includes Mrs. Fred T. Holliday, Mrs. George Home and Mrs. Jesse Fletcher. Trustees' terms end in June.
