

## So That You May Know!

The Indianapolis Times, with the help of the outstanding electric refrigerator dealers, have sponsored the 1934 refrigeration show, for the purpose of bringing greater information to the public concerning the dependability, durability and low cost of operation of electrical refrigeration in the home. It will save you time and money to learn these many new 1934 discoveries, and know why any electrical refrigeration is truly a neconomical asset in the home.

# 1934 REFRIGERATION SHOW

You Are Cordially Invited  
to Visit This Beautiful  
Exhibit

At any time—come in and browse around—a welcome awaits you. Successive interesting exhibits in electrical refrigeration will be demonstrated, and how comfort, health, convenience, can come into your home at such low cost will be featured.
