Striped
Broadcloth for
Your Sporting Life!

\$3.95

Embroidered eyelet batiste for now and for all summer long. This "cutie" comes in white with bow of white net. The skirt is the unusual feature of this dress . . . isn't it?

This candy striped sports dress is made of a closely woven string material with a lotta' rope for the trimmings. It's cool because it's sleeveless and lightweight.

Looking for new males to conquer then climb into this fetching pink organdy with baby blue sash. The large cape collar is so beguiling that you'll be the hit of the stag line.

This divine little waffle cloth white pique has stolen a trick or two from the navy to go very nautical. The yellow and brown belt, the anchor and lacing on the shoulder have a salty air.

This highly mercerized striped broadcloth sports dress can be worn for every sporting occasion, active or spectator. It's cool, comfortable and washes divinely.

Checked gingham jacket can be worn for afternoon and evening. The white pique play suit minus jacket you can wear either for golf or tennis.

Take this tip on the cotton market and buy SHORTS. This 3-piece play suit combines a sport skirt shorts and white pique shirt to monopolize all the attention at the beach.

Fashion says "you must have plenty of cool, comfortable sports dresses for a successful vacation." The Cotton Shop prepares the way with a large cargo of white piques, very nautical.

This 3-piece play suit allows plenty of knee action. It consists of blouse, skirt and shorts in a bright plaid broadcloth. The skirt buttons all the way down the front. The shorts on the side.

This white fancy weave pique has everything it takes for an active sports life. Sleeveless, low neck and sun-back and cool, comfortable and washable. Note the dainty feminine trim.
