

WAR MOTHERS DEDICATE NEW PARK SUNDAY

Grove on White River Near
Veterans' Hospital Gift
of City.

Formal dedication of the wooded park on White River near the veterans' hospital, given by the city park board to the Marion county chapter, American War Mothers, will be held at 2:30 Sunday.

The grove will honor mothers whose sons and daughters served in the World War.

The Rev. Daisy Douglas Barr will be master of ceremonies. Presentation of the park will be made by A. C. Sallee, park board superintendent, and its acceptance will be given by Mrs. E. May Hahn, state president of the War Mothers' organization.

Joseph F. Lutes will have charge of the American Legion's part in the program and Charles R. Michael, state commander, will represent the Veterans of Foreign Wars. The American Legion drum corps and the auxiliary drum corps will take part.

Mayor Reginald H. Sullivan will give an introductory address.

Landscaping of the grove has resulted in the laying out of a rock garden filling the entire ravine and reaching the water's edge where pools, flowers and shrubs have been arranged to preserve the natural beauty of the spot. This garden is the work of Andrew Miller, city park board landscape architect.

A rustic fountain bearing a bronze tablet, inscribed: "Presented to World War Mothers by City Park Board June 17, 1934," also has been put in the grove near a large plaque donated by the mothers and honoring thirty of their deceased members.

The North Side Garden Club has placed a stone bench at the head of the garden.

\$100,000 DIAMOND RING IS RETURNED TO ASTOR

Former Fiancee's Parents Sent
Gem Back to Owner.

NEW YORK, June 13.—Society's gathering places hummed today with reports that the \$100,000 diamond ring given Eileen Gillespie by her former fiance, John Jacob Astor III, soon would supplant the comparatively small stone on the hand of his bride-to-be, Ellen Tuck French. The reports followed disclosure that the thirty-two-carat ring, once a part of France's crown jewels, had been returned to the 21-year-old socialite by Mr. and Mrs. Lawrence Lewis Gillespie six months after their daughter's engagement to young Astor had been terminated. The ring was returned after young Astor apologized in writing for "this language," the Gillespies announced.

ELKS PLAN FLAG DAY

Ceremonies to Be Held in Lodge
Room Here Friday.

Flag day ceremonies will be held by Indianapolis Elks lodge No. 13 Friday night.

Lodge officers will conduct the ceremony in the lodge room of the Antlers. The ceremony is observed by all Elks lodges located under the American flag.

Cuts Foot on Broken Bottle

Stepping on the jagged edges of a broken bottle in Garfield park yesterday, Fred Embree, 14, of 536 North Oriental street, suffered a severely lacerated foot. Six stitches were required to close the gashes.

NERVOUS BRIDEGROOM BRINGS POLICE SQUAD ON FUTILE BANK RUN

By United Press

LAWRENCE, Kan., June 13.—Riot and machine guns bristled from police squad cars hastily summoned to the First National bank where a nervous young man loitered.

Before their arrival the man left his large sedan bearing New York license tags and asked a teller to change a \$20 bill.

Police fell upon him when he emerged only to discover he was Lawrence Sterling of Rochester, N. Y., who wanted the change to pay a person at his wedding to Miss Dorothy Stewart, daughter of the bank's attorney and a member of the directorate.

5 YOUTHS HELD ON GAS STATION THEFT CHARGES

Quintet Rounded Up on Tip
Furnished Police by
Convict Pair.

By United Press

FRANKLIN, Ind., June 13.—Rounded up on information provided by two convicts, five youths were held today on burglary charges in connection with a series of southern Indiana robberies.

Those held are William Thomas, 15; Paul Groves, 16; and Julius Moore, 20, all of Madison; Kessler

L. Server, North Madison, and Carroll Scaf, Hayden.

They were implicated in confessions of Gideon Consley, 19, Jefferson county, and Solomon Scaf, 20, Jennings county, who are serving ten-year sentences in the state reformatory for automobile banditry. Police said the two prisoners admitted they had "robbed so many filling stations between Indianapolis and Columbus that we can't remember them all."

Rebekah Party Tonight
Ellen Rebekah No. 520 will hold a card party at 8 tonight at the home of Mrs. Mattie James, 1301 English avenue.

STICKS only to itself
SEALTEX is the modern bandage. Over a million people use it! Will not stick to hair, skin or clothing, but seals itself to make tight bandage. Needs no pins, strings or sticky tape. At your drug store, 10c, 25c and 50c sizes.

SEALTEX

Here are FIVE REASONS

why you will be
better satisfied

with a

GENERAL ELECTRIC ALL-STEEL REFRIGERATOR

1 All the modern convenience features including sliding shelves; foot-pedal door opener; automatic interior lighting; automatic defrosting; temperature control; chiller tray; container that keeps vegetables crisp and fresh.

2 Stainless Steel Quick Freezing Chamber. Cannot chip or rust. Easier to clean.

3 All-Steel Cabinet built for a lifetime. Gleaming Glyptal enamel exterior or glistening porcelain both inside and out. When door is opened all storage space is instantly accessible. Sliding shelves are adjustable in height.

4 Monitor Top mechanism operates so quietly you can scarcely hear it. Uses less current with surplus power for even unusual demands. Requires no attention, not even oiling.

5 A 5 year promise of performance. In addition to the standard 1 year warranty, you are protected 4 more years against any possibility of one penny's expense for replacement of the sealed-in-steel mechanism for only \$5.

The BANCLOCK PLAN

Buy your "GE" the 1934 way on the Banclock Plan

THE General Electric Monitor Top was the first electric refrigerator to carry a 2 year guarantee, first with a 3 year guarantee, first to give a 4 year service plan—and now gives you 5 YEARS protection against any replacement cost on its famous sealed-in-steel mechanism.

David Lloyd George Is Ill
LONDON, June 13.—David Lloyd George, 71, war time prime minister, was suffering from a slight chill today.

'EVANGELIST' GETS 30 DAYS IN CHECK CASE

Self-Styled Revivalist 'Forgot to Put
Money in Bank.

A nomad evangelist, wearing pince-nez glasses, Lyman C. Zimmerman, 35, of 1701 North Illinois street, was convicted in municipal court yesterday of issuing fraudulent checks and was sentenced to thirty days on the penal farm. The self-styled revivalist, who had issued bad checks amounting to \$28 here, told Clyde Carter, judge

pro tem, that "he must have forgotten to put the money in the bank."

"Amazing—the way she improved"

relates DR. SAMUEL MÉLAMET, noted French internal specialist!

This case is good news for every single person in this condition!

PERHAPS YOU—like Dr. Melamet's patient—have many things wrong with you, but don't know why!

You suffer from indigestion—yet don't realize it might merely be that your gastric juices are flowing too slowly (so simple to correct).

You feel all tired out. Maybe you're like Miss P—who, Dr.

Mélamet says, "was fatigued because her system was slowly poisoning itself."

Your eyes are heavy—you look wrecked. The chances are that your system is clogged with waste.

Perhaps all you need is the same simple thing Dr. Melamet advised for Miss P—

"The only prescription I gave her was Yeast," reports Dr. Melamet. "In a

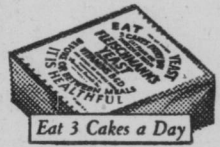

short time her strength and appetite returned. Once again, the girl was full of vigor and the joy of living."

Yeast yields all these benefits to health because it does three very important things for you:

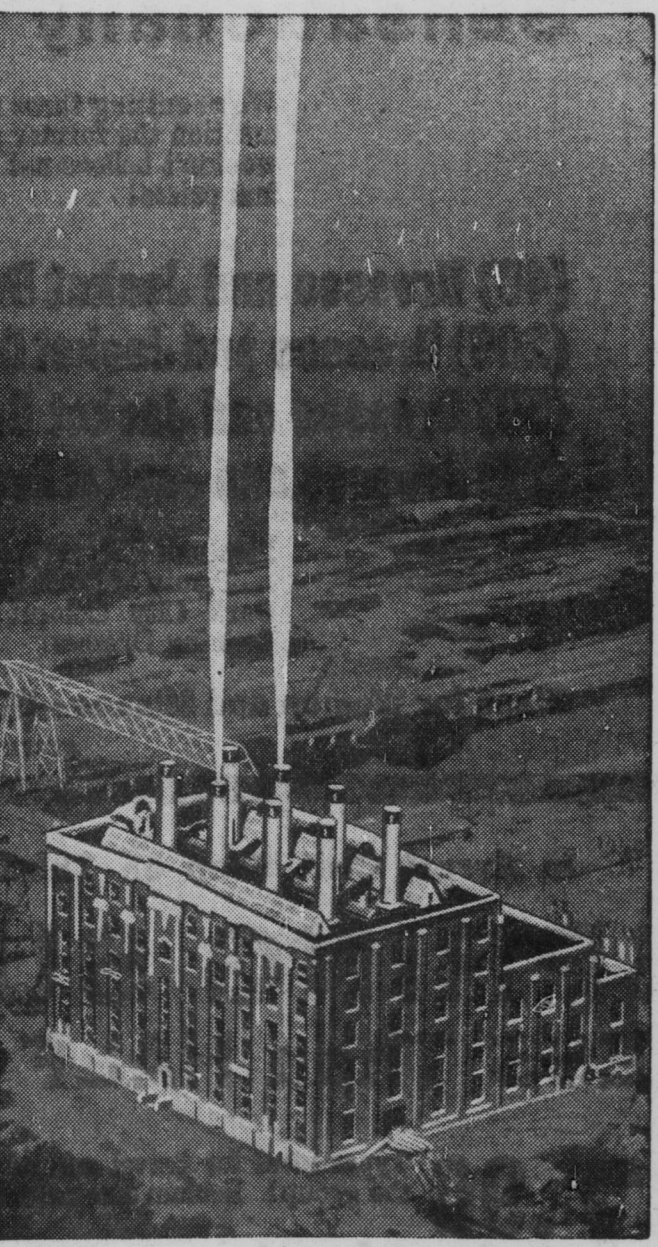

"Yeast," says Dr. Melamet, "aids digestion by increasing the flow of gastric juices. It stimulates the tired intestinal muscles, softens hard waste matter."

Won't you take advantage of Dr. Melamet's advice? Just eat 3 cakes of Fleischmann's Yeast every day... for at least 30 days. No food is richer in the group of vitamins B, D and G that we all need for good health. Buy it at grocers, restaurants, soda fountains.

Won't you get some right now... and improve your digestion, elimination, "pep," appearance? Order 9 cakes, a 3-day supply, right now!

40 YEARS OF CONTINUOUS LIGHT

The Harding Street Power Plant
(Its construction gave employment to several hundred men during two years of depression)

Sunlight fails Indianapolis every night, but electricity for lighting has been always available in its central portion for more than 40 years.

Milk and daily papers and most other things are delivered only at special hours and in quantities agreed on in advance. Electricity is always at the customer's command, and he may use much or little or none at all.

Electricity can not be produced in quantity when conditions are favorable and stored for future use, as can coal and food and most other commodities. It must be used the instant it is produced. Within a thousandth of a second after it is generated, it lights your lamp or turns your fan or operates your vacuum cleaner or heats your stove or drives your motor.

Your electric clock keeps perfectly reliable time because its running is controlled by the electric generators of the Harding street power plant. Although each of these generators weighs more than 800,000 pounds, they are so finely constructed and so expertly regulated that they run much more accurately than a watch.

In spite of the fact that many millions of dollars have been spent in Indianapolis in providing huge power plants and transformers and transmission lines and other technical equipment, electric lights cost consumers less than one-tenth as much, on a candle power basis, as smoky, flickering and dangerous kerosene lamps cost our fathers.
