

JOB INSURANCE PROPOSAL FOR STATE DRAWN

Tentative Draft Is Given Approval of Indiana Social Workers.

Tentative draft of a compulsory Indiana employment insurance law was approved yesterday by the social insurance committee of the Indiana state conference on social work.

If approved by the conference, it will be introduced as a bill in the Indiana general assembly when it convenes next January.

The bill would exclude from insurance provisions workers engaged in interstate commerce, farm labor, governmental employees, teachers in private schools and colleges, domestic servants and all persons receiving more than \$2,000 a year.

The bill would apply to any employee more than 16 who receives less than \$2,000 a year. Dr. R. Clyde White, Indiana university extension division member of the social work conference committee, and Easley R. Blackwood, Metropolitan Life Insurance Company district manager, prepared the tentative draft.

NOBLESVILLE, June 14.—An appointment made twenty years ago was kept when Mrs. Raymond Faust, Noblesville, and Mrs. Ross McDermott, Toledo, O., met in front of a store in Elwood.

In June, 1914, the two, then young women, chanced to meet in front of the store and agreed they would see each other again at the same place twenty years later.

During the twenty years, they had not seen each other nor had they corresponded, but both were at the appointed place at 2 in the afternoon as agreed.

KOKOMO, June 14.—Howard today is entered upon its ninety-first year. The county came into being on June 13, 1844, with the name of Richland, which was changed four years later to Howard.

Commissioners appointed to establish the new county chose the site from land which formed part of the Miami Indian reservation. They met at the home of David Foster, who operated a trading post, and chose the section surrounding the house as the seat of the new county.

ITALY STUDIES PART PAYMENT ON WAR DEBT

Token Offering May Be Made, With Remainder to Be Paid in Goods.

By United Press

WASHINGTON, June 14.—All eyes were on Italy today as the deadline approached for debtor nations either to pay their June 15 installments or default outright.

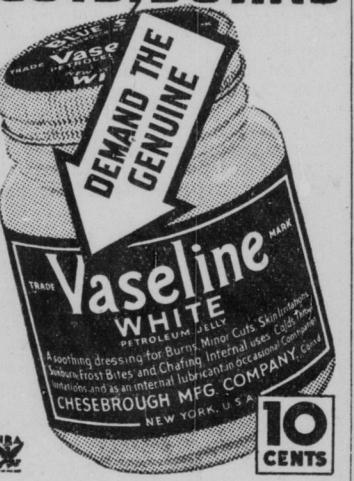

There was a possibility that Italy might offer part payment and ask for an immediate conference on payment of the balance.

So far Finland, with a semi-annual payment of approximately \$50,000, is the only one of thirteen debtor nations which has said it will pay as usual. Most large debtors, headed by Great Britain, whose installment totals approximately \$85,000,000, and France with \$50,000,000, have announced formally they would default.

The Italian ambassador, Augusto Rocco, was expected to visit the state department today and inform Secretary of State Cordell Hull what Italy proposes to do about the \$14,000,000 installment due.

According to advice from Rome, Italian authorities are of two minds. One group would pay at least a "token" in cash and link this with a formal request for early consultation between the two governments to see what might be done about the remainder—such as possible payments in goods and services, as was suggested in Mr. Hull's note yesterday to Great Britain.
