

STATE RELIEF TO WRECK CITY BUILDINGS FREE

Commission of Governor
Feels Outmoded Struc-
tures Should Go.

A project for the free demolition of unsafe and outmoded buildings in Marion county, using federal emergency relief administration labor, was announced today by the Governor's commission on unemployment relief.

Although in the last two years many buildings which no longer produce income have been torn down, nevertheless, the commission feels that there are hundreds more that should be demolished for the good of the city.

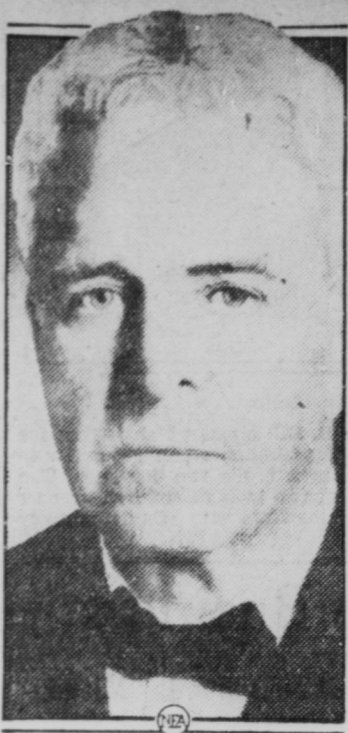

"Owners will benefit by tax reductions and at the same time the way will be paved for later buildings of more value, so that in the end the county and city will be compensated for temporary losses in tax revenue," the commission statement said.

The demolition program in Indianapolis, without cost to the property owner, will be carried on in conjunction with the federal sum clearance project, and it is hoped that it will serve to alleviate materially bad housing conditions, crime, disease and other social ills.

Headquarters for the project will be on the first floor of the Architects' and Builders' building, 333 North Pennsylvania street. Information also may be obtained at the building commissioner's office.

Those interested in this service should get in touch either with William F. Hurd, city building commissioner, or Clarence T. Myers, demolition supervisor, the two men who will be in charge of the work.

RUNS FOR SENATE

One of the nation's most colorful judges, austere, caustic-tongued George M. Bourquin, above, has resigned from the federal bench to run for the United States senate from Montana as a Republican. A terror to liquor defendants in dry days, he was noted for his impatience with petty cases and his motto was, "This court may be in error, but never is in doubt."

Congregation to Hold Annual Out-
ing at Columbia Park.
Beth-el Zedeck congregation will hold its eighth annual picnic at 10 a. m. Sunday at Columbia park. Games, dancing and athletic contests will feature the day.

BONTHRON'S WIN IN RECORD RACE SHOWN IN REEL

Princeton Star's Victory
Over Cunningham Thrilling
Scene in Film.

Bill Bonthron's sensational last-minute sprint in the 1,500-meter run at the National A. A. U. games in Milwaukee, which resulted in his victory over Glenn Cunningham, Kansas star, and the lowering of the world's record for the event, is to be seen in the current issue of The Times-Universal newsreel, which has Graham McNamee as its talking reporter.

Bonthron's time was 3:48.8, a new world's mark, better than all other marks, unaccepted or accepted. Cunningham's time was one-tenth of a second slower, and he too, bettered all marks. The race is one of the most thrilling in the history of the American track. Other events in the reel include scenes at Annapolis, Md., as President Roosevelt leaves for a 10,000-mile vacation cruise to the Caribbean and Hawaii; views at Newport, R. I., as John Jacob Astor III is married to Ellen Tuck French.

INEXPENSIVE— FOOT COMFORT

Cutting corns is liable to cause blood poisoning. Plasters and salves usually take 3 days of drawing—even then results are unsatisfactory. None of these objectionable processes are necessary when you use the new discovery called "Skoot." Put a few drops of this greaseless, white liquid on your foot. It takes out all soreness instantly and prevents friction. In a few days "Skoot" so toughens tender skin that you wonder where your corns, calluses and bunions have gone. Burning, itching feet feel like new. 35 cents at Hooks, Haag's, Walgreen's and all other druggists. Satisfaction guaranteed.—Advertisement.
