

STRIKERS' PLEA TO HALT ARMY RULE UNHEEDED

Martial Law to Continue
at Minneapolis in
Truck War.

By United Press
MINNEAPOLIS, July 30.—Pleas of 166 trucking firms and their 6,000 striking drivers for dissolution of martial law went unheeded today by Governor Floyd B. Olson as his adjutant-general announced that an "insurrection" has been suppressed. Simultaneously, additional trucks were given military permits to operate. Adjutant-General Ellard A. Walsh said commercial transportation had been restored to 65 per cent of normal. Prior to proclamation of martial law five days ago the strikers had halted virtually every type of trucking.

A ban on trucks in interstate commerce was revoked because of its doubtful legality.

The thirteenth day of the strike passed quietly yesterday with only the arrest of four men by national guardsmen and a mass meeting of union members to remind the city's residents that they were living under a dictatorship.

Dock Strike Is Ended

By United Press
SAN FRANCISCO, July 30.—The Pacific coast longshoremen's strike was called off today with the men promising to return to the docks tomorrow at 8 a. m. after eighty-two days of bitter and bloody industrial strife in which eight were killed.

The President's national longshoremen's board will conduct arbitration of the dispute which led to the walkout of 12,000 longshoremen May 9. Under the terms of the agreement under which the men are going back, hiring halls will remain in control of the employers, but federal and union representatives may supervise their operation to prevent discrimination.

All strikebreakers are to be discharged. There will be no discrimination against the longshoremen for union affiliation or strike activities. Question of wages and hours as well as eventual control of the hiring halls was left to the arbitration proceedings.

Officials' Arrest Asked

By United Press
KOHLEK, Wis., July 30.—Five hundred national guardsmen enforced the peace in America's "model" industrial village today while 5,000 union workmen prepared to bury two martyrs of a bloody strike.

Twenty-six unions of Sheboygan, where the funerals will be held, voted to halt work during the ceremonies this afternoon and tomorrow. They demanded arrest and prosecution of Anton P. Brodz, president of Kohler village; E. R. Schuelke, who led 400 deputy sheriffs in an attack on strikers in which two were killed and two score others shot, and village marshal John Case.

Butchers' Strike Averted

By United Press
CHICAGO, July 30.—A threatened strike of more than eight thousand meat cutters and butchers in sympathy with eight hundred striking livestock handlers at the Union stockyards appeared to have been averted today as federal conciliators predicted an early settlement.

The general strike at the yards was delayed, Redmond Brennon, union attorney, said, to give the mediators more time to draft a proposal acceptable to workers and company officials.

NAB 2 SUSPECTED IN TAXICAB CO. HOLDUP

Alleged Confessions Obtained in
Holdup, Police Say.

Two men who are alleged to have held up the Hoosier Cab Company, 339 West Thirtieth street, yesterday were arrested a few hours after the robbery.

Richard Applegate, 39, Dixie hotel, has admitted, police say, taking thirty-one envelopes containing from \$3 to \$5 from the cab company at the point of a shotgun. The other man held is August V. Cummings, 39, of 284 North Milly avenue.

They are charged with automobile banditry and robbery.

SONS OF VETERANS TO REORGANIZE IN STATE

Organization Will Be Divided Into
Congressional Districts.

Reorganization of Indiana Sons of Union Veterans of the Civil War into districts was approved yesterday at a special meeting of the group and auxiliary at Ft. Friendly, 512 North Illinois street.

Dividing the organization into districts corresponding to congressional districts will make it more compact and active. A. E. Thornburg, Muncie, department commander, said.

NRA TOLD TO 'CRACK DOWN'

Gen. Johnson Orders Chiefs
to 'Stand by Guns' in
Two Cases.

By United Press
WASHINGTON, July 30.—The NRA was under order by General Hugh S. Johnson today to stand by its guns in two major "crackdown" cases.

Recovery subsidiaries were considering further action in the Harriman Hosiery Mills case and that of the Greif Bros. Clothing Company at the direct word of their chief.

Johnson telegraphed Colonel G. A. Lynch, NRA administrative officer, from his Pacific coast vacation spot, that:

"If the blue eagle was returned to the Harriman mills without an agreement to re-employ fifty strikers and insure collective bargaining it should be taken back again."

The NRA should stand by its decision to remove the blue eagle from the Greif concern and that Johnson would "tell the public why" providing violation of the recovery act continues.

The siege is over! Promise of a new home resulted today in the fortress home (upper) at 133 West McLean place being abandoned by its tenant, Martin McClay, 29, shown peering out of a window (lower right). Mr. McClay barricaded himself in the home, Saturday, and nailing signs similar to the one shown

in the lower left photo warned constables to stay away from the premises.

Neighbors said he was armed with a shotgun. He declared that his \$8.25 weekly salary on a public works project was not sufficient to pay \$6 monthly rent on the McLean place home and buy groceries for his family.

Indiana in Brief

By United Press
NEWCASTLE, July 30.—T. F. Lawter, aged Newcastle inventor; is seeking to interest manufacturers in the latest product of his ingenuity—a machine which is powered by the force of gravity.

The machine, on which the inventor has worked for thirty years, he states "is so simple it is absurd that no one has thought of the idea before."

It is ten times more simple than the ordinary sewing machine, according to the inventor. He states it is not adapted to use in automobiles, but can be utilized for every stationary power unit purpose.

Food Canning Begun

By Times Special
NOBLESVILLE, July 30.—Declared to be the most extensive project of its kind ever to be attempted in this part of Indiana, the canning of food for distribution next winter among needy families was started here today.

The work is under direction of Mrs. J. Klotz, local representative of the Governor's unemployment relief commission, and is sponsored by the Noblesville post, American Legion.

Twenty-two thousand cans are on hand to receive prepared food, consisting of vegetables from a community garden.

Repair Fire Damage

By Times Special
BLOOMINGTON, July 30.—Work of rebuilding a portion of the Monon railroad roundhouse destroyed by fire last week, was begun today. It is expected the work will be completed in thirty days.

The fire, origin of which has not been determined, caused damage of \$10,000.

Long Service to End

By Times Special
NEWCASTLE, July 30.—Emmett G. McQuinn will end fifteen years' service tomorrow as a member of the city school board. He will be succeeded by Harry Burris. He has been board president during the last year.

STARHEMBERG FORCES ANGRY AT NEW MOVE

Schuschnigg Is Named as
Chancellor Over Young
Soldier-Prince.

(Continued From Page One)

1,000 wounded. Of these the government lost seventy-eight and 165 wounded.

Beaten for the moment, the Nazis resumed their terrorist campaign. The electric power house and police station at Lustenau, on the Swiss frontier, were damaged by a bomb. A Nazi was killed in a fight near Styr.

One of Schuschnigg's chief tasks will be to keep the heimwehr satisfied. He is of determined character, though less aggressive than Dollfuss. Like Dollfuss he is a devout Catholic, and so is assured of Vatican as well as monarchist blessing. He is not likely to concede anything to Austrian Nazis or to Nazi Germany.

Battle Is Imminent

(Copyright, 1934, NEA Service, Inc.)
RABENSTEIN, Austria, Yugoslav Frontier, July 30.—A battle is imminent between Nazis in control of this frontier village and loyal Austrian troops, a United Press correspondent found on his arrival today.

The Nazis were barricaded in the railroad station and customs building. Sixteen truck loads of soldiers waited a short distance from town ready to open fire.

But they had to wait outcome of negotiations between Austrian and Yugoslavian authorities over the prospect of permitting the rebels to retreat across the border.

Nazis threatened to kill customs officials and railroad employees if the troops opened fire before they are able to cross the frontier to the safety of Yugoslavia.

Germany Is Dismayed

By United Press
BERLIN July 30.—Dismay and annoyance were exhibited by the government today because of Austria's delay in accepting Baron Franz Von Papen as special minister.

Chancellor Adolf Hitler, when he closed the Austrian frontier during last week's Nazi revolt, recalled his minister to Vienna, Kurth Felth, dismissed Theodor Habicht, leader of Austrian Nazis in Germany and named Von Papen envoy with extraordinary powers, thought he had convinced the world he was sincere in repudiating the revolt and seeking to restore friendship.

The blunt statement at Vienna that the cabinet would not decide until this week whether it would accept Von Papen brought home to the government how strongly Europe blames German Nazis for the Austrian crisis.

There was open annoyance also at reports that France and Italy were bringing pressure on Austria not to accept Von Papen unless Germany have guarantees against future interference in Austrian affairs.

Italy Is Aggravated

(Copyright, 1934, by United Press)
ROME, July 30.—Government sources feared today that Dr. Antonio Rintelen, former Austrian minister, communicated to Nazis all the secret information regarding conditions and diplomatic exchanges between Premier Benito Mussolini and Chancellor Engelbert Dollfuss.

The United Press learned that Rintelen several weeks ago said to a friend here:

"I will succeed Dollfuss within a few months."

Rintelen is in a Vienna hospital under guard, suffering from a self-inflicted lung wound. He shot himself after his arrest on suspicion that he was secretly a Nazi, though he was a trusted member of Dollfuss' party. His formal recall was announced at Vienna last night.

CIRCUS TRAIN TO ARRIVE HERE TOMORROW

A family picture of Con Colleano, Mrs. Colleano and his sister, Winifred, with the Ringling circus.

Shortly after daylight tomorrow, four long trains of double-length railroad cars, each bearing the title "Ringling Brothers and Barnum & Bailey," will steam into Indianapolis for afternoon and night performances at the old ball park on West Washington street.

On board will be 1,600 people, five herds of elephants, the wild creatures of the world's largest traveling zoo, 800 internationally acclaimed spangeland performers and 700 thoroughbred horses.

Among the new features on the train will be the repeating cannon from which two persons are fired bodily through space at each performance—circusdom's latest attraction.

Misfortune Continues to Trail Circus, Due Here

Ft. Wayne Sues Show for
Alleged Damage to
City Streets.

The Ringling Brothers and Barnum & Bailey combined circus will pitch its tents here tomorrow for two appearances after a series of unprecedented misfortunes.

Last week a typhoid epidemic broke out among performers and employees at Detroit, Mich.

Saturday a section of the train was held up by a gang of Negro bandits at Lagrange, Ind., one employee being killed and another wounded.

Upon arrival of Ft. Wayne for the performance Saturday, city and state health officials closed food and drink stands accompanying the show as a precaution against the spread of typhoid. Two more circus employees, meanwhile, were taken to a hospital suspected of having the disease.

As a grand climax of the troubles, the city of Ft. Wayne filed a \$2,000 suit against the show, charging that the heavy trucks and wagons had damaged streets.
