

Detroit Regains American Lead by Downing Cleveland; Giants Take Double-Header

New York Enjoys Four-Game Margin in National Loop; Cubs Are Shut Out, 4-0, by Paul Dean of Cardinals; Yankees Lose to Boston, 7-4.

NEW YORK, Aug. 2.—Kindly souls whose hearts bleed freely at the thought of fellows in distress, will be ready to shed a tear at the sad plight of the New York Giants.

The Giants were unable to stretch their lead more than a game and a half yesterday, making it four games over Chicago.

But more than that is troubling the poor New Yorkers. It seems Joe Moore has a bruised ankle, and is unable to play. That meant the Giants were reduced to using Paul Weintraub, a fellow from Nashville, who scarcely hit 400 in the minors. Or they may have to run in Lefty O'Doul, and he's in a slump—only batting .342.

Out Homers Twice

Yesterday the champions struggled feebly through two games in Boston, barely winning, 11-2 and 10-3, in the absence of sparkling Joe. Mel Ott, for example, was practically useless, hitting only a single, double and triple in the first game and a double and two homers in the nightcap, driving in seven measly runs.

The New York team seemed paralyzed. Sixty-three pitchers held them to thirty hits—three homers, four triples, six doubles and seven singles.

The second-place Cubs, meanwhile enjoyed a 4-0 shutout at the hands of Paul Dean of the St. Louis Cardinals, who gave them five hits but no runs.

Brooklyn staged an uprising in the eighth, beating Philadelphia 8-4. Ray Benge was credited with the win.

Charlie Dresen's rejuvenated Cincinnati Reds took advantage of Gussie Suh's fumble and wild throw in the sixth to run over four runs and beat the Pittsburgh Pirates, 7-6.

MERIDIAN HILLS members are preparing their golf games for one of the most popular tournaments of the season—the mixed two ball foursome team matches. Qualification tests the past few days formed the basis for pairings and, although next week-end has been designated for the matches, Bill Howard and his partner Yates couldn't wait and trimmed George Olive and Hutchins, 5 and 3, yesterday.

Bill Diddel carried off low honors in the qualifying test with 76 gross and net 74, while Don Ellis had gross 83 and net 77. The tournament will be the second match for the Meridian Hills Golf Club.

On Aug. 19 Fortville will play South Grove at Indianapolis in hope of evening the count with the Capital City golfers, who defeated them earlier in the season.

GOLF is going big at Marion. Nearly 150 players took part in the city championship qualification test. Jack Shildmeyer banged out a snappy 72, for over course par, to lead the parade. The thirty-two who qualified had scores ranging up to 83. A playoff was held for positions 31 and 32.

Play is over the Meshingomesia Country Club course.

LOCAL fans who recall when Pug Allen was a hurler for the Tribe baseball team will be glad to know that Pug now is a successful golf pro. Success comes when you collect. Pug teamed with another well-known local man, Jimmy Hamblin, now of South Bend, to win a pro-amateur at Erskine park course, South Bend.

Mr. H. T. Allen, as Pug is legally known, had a huge himself. When Jimmy got in his licks, the count was cut down four strokes for a best ball 65.

YOUNG Tom Marshall, who reached the finals of the recent Indiana junior championship, gave the fans at South Bend a treat in the pro-amateur. He went around the eighteen-hole layout in twenty-five putts. He used only eleven putts on the entire back nine, which means that he took the regulation two allowed on only two of the nine greens.

Incidentally, young Marshall belongs to Culver and that club is not a member of the Indiana State Golf Association. He is planning on attending the state amateur championship this month, however, as a member of the Erskine park club.

With Kenny Morine, the amateur who qualified for the national open, also from Erskine, that club should have a strong entry.

CLEVELAND, Aug. 2.—The Cleveland Americans have signed Moe Berg, former Chicago and Washington catcher, to replace Glenn Myatt, who with a broken ankle and dislocated knee.

Berg was given unconditional release by the Senators a week ago. He came here by airplane to take over the local backstop duties which had been left entirely up to Frankie Pytkak.

LOOSE STRIFE VICTOR
GOODWOOD, England, Aug. 2.—P. Johnson's Loose Strife, carrying 132 pounds, today captured the Goodwood cup, with the Lady Ludlow's Hilling, also 126, second, and Edwin Edmond's Her Imminence, 97, third. Four ran.

The Noblesville race play is a medal test of fifty-four holes. The remaining thirty-six holes will be played today and tomorrow.

Veteran Pros Participate in Canada Open

Third Largest Golf Event Has American Stars Breaking Par.

By United Press

TORONTO, Ont., Aug. 2.—The largest field in the history of the Canadian open, numbering nearly 200 entries, teed off today in the three-day classic, third among world golfing tournaments.

The powerful array of American pros who played at Buffalo last week swung into action here, seeking the crown that for the last twenty years has been carried to the United States.

Joe Kirkwood, trick-shot artist, who won the title last year, will not defend. The only other important absentees were Paul Runyan, newly crowned P. G. A. champion, and Craig Wood of Deal, N. J.

A small band of Canadian hopefuls contested over the abbreviated, but intricate, Lakewick course, studded with deep bunkers and treacherous traps. The layout is par 70.

Yesterday Denny Shute tested the course with a par-cracking 67, the lowest score of the afternoon. Walter Hagen, Gene Sarazen and Harry Cooper turned in subpar cards.

Take Polo Games

Riviera Club defeated Rhodius in a water polo match 5 to 0, last night at Riviera pool. In a second match Rhodius girls' team lost to the Indianapolis Athletic Club girls, 9 to 0.

A. Hook, with two goals, and Marshall, Lizius and R. Hook, with one each, led the scoring for Riviera Club. In the girls' game, Mary Alice Shively scored six and Helen Lee Smith three for Indianapolis A. C.

All three species of trout—brook, brown and rainbow—live in this stretch together. As live in the thought that the fish would leave the reserve, there being no barrier at either end, but they seem to know when they are well off in the way of food, cover and a fighting chance given by a barbless hook.

NEW YORK, Aug. 2.—The New York state boxing commission has granted Al Weil permission to stage an elimination light heavyweight tournament in hopes of straightening out the confused division. Bob Olin and Maxie Rosenbloom are scheduled to meet in the first elimination bout Aug. 16.

REGISTRATION is for the purpose of keeping tab on the number of visits and also for keeping books on the number of fish caught so that the water may be restocked. Only barbless hooks are allowed.

While fishermen may catch twenty trout in a day, they must take home only two, and those must be at least ten inches in length. Hence the barbless hooks, as the other fish must be released without injury.

At the end of each day as many fish are liberated from the stockings ponds as have been kept by anglers. As many as 400 have cast their flies on the waters in one day, and that evening 800 trout were liberated.

LET'S GO FISHING
GEORGE H. DENNY

PENNSYLVANIA fishermen living in the vicinity of Bellefonte have access to one of the finest stretches of trout water in the world. The clear, cold waters of Spring creek, fished out and spurned by anglers a few years ago, have been "improved" by artificial means until they are a veritable trout paradise.

The story of the happy chance that serves more space than we can give it here. Briefly, the conservation department took over one mile of the stream and with V-type deflector dams, anchored tree and log cover, stone and log deflectors, boulder retarders and other man-made improvements, turned a barren stretch into perfect trout cover and feeding ground.

In connection with the stream development are forty-six hatchery ponds and pools in which 500,000 trout, from fingerlings to twelve-inches, are kept to restock the stream.

Governor Gifford Pinchot, an ardent angler, was one of the backers of the idea. Arrangements were made to take 1 cent from each fishing license sold in the state to finance the enterprise.

All fishermen must be registered, but there is no charge other than purchase of the regular state fishing license. Fishermen may try their luck there no more than five times in any one season.
