

STATE LAWYERS PICK DELEGATES FOR CONVENTION

Thomas Batchelor Renamed
as Secretary of Bar
Association.

Thomas C. Batchelor, Indianapolis, was named secretary of the Indiana State Bar Association at a board of managers meeting at the Columbia Club yesterday.

Delegates to the national convention at Milwaukee this month were chosen and committee members for the coming year were announced.

Delegates are Eli F. Seebert, South Bend; James R. Newkirk, Ft. Wayne; Glenn D. Peters, Hammond; Wilmer T. Fox, Jeffersonville, president of the Indiana Bar Association, and Mr. Batchelor.

Two new members were named for three-year terms on the committee of jurisprudence and law reform. They are Albert L. Rabb, Indianapolis, and Louisa L. Bomberger, Hammond.

Indianapolis attorneys chosen on committees are:

Legislation—Joseph G. Wood, chairman; Harvey B. Hartsock and William A. Pickens.

Legal Education—Henry M. Dowling.

Neurology—James Bingham.

Grievance—George L. Denny, chairman.

Entertainment—Frank C. Dailey, chairman, and Thomas C. Batchelor.

Illegal Practice of Law—Howard S. Young, chairman.

Amendment to Bankruptcy Act—Lawrence B. Davis, chairman.

Criminal Jurisprudence—Philip Lutz Jr., chairman, and Floyd J. Mattie.

Young Lawyers—Philip C. Richmond.

Membership—Fred Gause, chairman, and George R. Jeffrey.

\$473,588 SPENT BY BUTLER DURING YEAR

95 Per Cent of Sum Expended in
City, Secretary Says.

Butler university has contributed its share toward the business and economic welfare of Indianapolis, according to the fiscal report of the institution for the 1933-34 school year, just released by Charles W. Wilson, university secretary.

Butler operated on a budget during 1933-34 of \$473,588, of which 95 per cent was spent in Indianapolis, Mr. Wilson said. Of the total budget 78 per cent went into salaries to support the 141 individuals on the university pay roll and their families. The remainder was spent for laboratory supplies, library books, office and instructional equipment and to maintain the university buildings and campus.

U. S. PROBES PLANE CRASH FATAL TO TWO

Married Couple Dies; Pilot Seriously Injured.

LOS ANGELES, Aug. 6.—Federal and local investigators today probed an airplane crash which brought death to two of its occupants and injuries which may be fatal to a third when the wreckage burst into flames.

The two dead victims were Mr. and Mrs. Fred McLean, burned to death when the ship fell seventy-five feet to the ground while taking off from a local airport. Maurice Cotter, pilot, is near death from critical burns and a fractured skull.

HAY FEVER AND ASTHMA TREATMENT ON FREE TRIAL

ST. MARY'S, Kan.—D. J. Lane, a druggist at 1413 Lane Building, St. Mary's, Kan., manufactures a treatment for Asthma and Hay Fever in which he has so much confidence that he sends a \$1.25 bottle by mail to any one who will write him for it. His offer is that he is to be paid for this bottle after you are completely satisfied and the one taking the treatment to be the judge. Send your name and address today, stating which trouble you have.—Advertisement.

WISCONSIN—UPPER MICHIGAN—MINNESOTA

Board a "North Western" train any evening and early next morning you're there. You "pep-up" in no time at all... sleep like a top... and suddenly discover this old world is a pretty good place after all. It's vacationland par excellence... the Big Woods—smiling lakes—pine-scented "sun-treated" air. Boating, bathing, fishing, golf, tennis, hiking at their best, in picturesque settings. And this season "North Western's" round trip rail fares are down to a new all-time low. Go any day—stay 30 days—longer if you like. Sleeping car fares are down, too, a full third. Ask for illustrated folder, "Summer Outings."

COME ON UP TO THE NORTH WOODS

The Black Hills! Grotesque peaks and eerie canyons; trout-filled mountain streams; brilliant sunshine; clean, bracing air... and over all the romance of those adventurous, bygone days when the crack of Winchester echoed through the Hills and Wild Bill Hickok kept peace and order with every ready shooting iron. Excellent hotels, lodges and camps.

'Lucky' Teter's Daring Stunts Thrill 15,000

Despite a series of unavoidable delays, E. M. (Lucky) Teter and his "bell drivers" gave a sensation-seeking crowd of 15,000 persons numerous thrills yesterday afternoon at the fairground speedway.

The performance was delayed at the start when one of two "junkie" cars scheduled to crash head-on, refused to run. When it became apparent the car could not be made to run, Teter pushed it with another car and the crash was provided.

A motorcycle, which later was driven through a flaming wall, also added to the delay when it caught fire as it was being started for the event. Chemical from fire extinguishers got in the carburetor, stopping it and adding to the delay.

In order to make up for the delays, Teter took his Plymouth and gave a thrilling performance, far exceeding the requirements of his contract with the American Legion, which sponsored the program.

Not satisfied with rolling the car over at high speed, he repeated the performance twice more. He also put his car through a series of seemingly-impossible stunts in which it seemed any moment he would be killed.

It was announced that Teter has been employed to roll a new Chrysler air-flow car at the Chrysler exhibit at the Chicago world's fair this week, and that a return performance may be given here next Sunday.

Dearborn Picnic Staged

The annual Dearborn street picnic was held last night at Northern beach with Fred Earhart presiding. Groceries and theater tickets were given as prizes.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep...Vigor...Vitality

Medical authorities agree that your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with bladder irregularity causing irritation and discomfort, the 15 MILES OF kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pain, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and aches.

If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons, causing serious trouble. It may knock you out and let you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS which has been used successfully by millions of kidney sufferers for over 40 years. They are quick, safe and will help to wash out the 15 MILES OF kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to do this in 15 minutes, for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS—the old reliable relief that contains "no dose" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-McIlhenny Co.—Advertisement.

BUSINESS NEWS FOR THE WEEK

SHADE CONCERN PROSPERING IN NEW LOCATION

Patterson Company Now
in Operation on
North Side.

Starting in business in Indianapolis twenty-three years ago, the Patterson Shade Company was first located in the 200 block on East Sixteenth street. The business at that time was confined strictly to the manufacture and sale of cloth shades and cleaning them.

Prior to coming to Indianapolis, Mr. Patterson perfected a liquid process for cleaning cloth shades, which restores them practically to their original condition. He is the pioneer of the shade cleaning industry in the middle west.

To keep abreast with the ever-increasing demand for Patterson products and Patterson service, the business has moved four times, each time to more pretentious premises. The present location is 1525 North Meridian street, where parking space is ample.

Eight years ago a full line of all grades of Armstrong linoleum was added to give the people of Indianapolis the best in floor coverings.

A year later, Mr. Patterson, foreseeing the ever increasing demand for venetian blinds for residences, established a factory to manufacture them. This branch of the business has grown to such an extent that it is now one of the leading venetian blind plants of the country.

Patterson venetian blinds are being sold in every state east of the Rocky mountains. Thousands of feet of this beautiful window equipment is manufactured and shipped every week.

The Patterson Shade Company has recently leased the very modern premises at 1525 North Meridian street. Here you will find all under the same roof, an ultramodern salesroom for the display of all lines.

In the rear, on the ground floor, is the shade factory with 8,000 square feet of floor space equipped with every facility to insure quality merchandise and prompt delivery.

Walking up a very easy ramp, we enter the venetian blind factory; here we find another 8,000 square feet of floor space, a perfect factory with an abundance of light and ventilation.

Here are stacks of lumber and rows of modern machinery for the manufacture of this window equipment. We find a force of twenty skilled mechanics under the personal supervision of Ralph Hendricks, each man being an expert in his particular line.

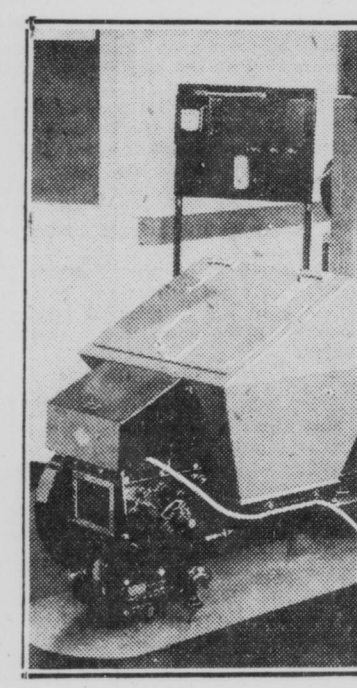

The public of Indianapolis is invited to visit and inspect these work shops and see the various stages of manufacture.

At present the eighth group is at the camp and as a result more than eight hundred persons are more healthful today. The average gain per person is two pounds, and some have gained seven pounds in weight.

One of the major objects of this camp is to build up undernourished bodies through a balanced recreational program.

STOKOL STOKERS SHOWN AT WORLD'S FAIR

An interesting display, shown above, is being made at a Century of Progress Exposition in Chicago by the Schwitzer-Cummins Company, a long established Indianapolis manufacturing concern widely known in the automotive industry. For several years the company has been building and successfully marketing Stokol stokers.

Schwitzer-Cummins' plants on Massachusetts avenue, East Tenth street and Brookside avenue cover several blocks. They are the most modern and best equipped manufacturing establishments of their type in the country.

It is in these plans that Stokol stokers were engineered and developed. They are manufactured on regular production basis not unlike automobiles. Louis Schwitzer, internationally known engineer, is president of the company.

A national distributing organization of 600 dealers installs these stokers in practically every city and town in the country.

The stokers are sold in Indianapolis by the stoker division of the Schwitzer-Cummins Company, the Hydraulic Stokers, Inc. Walter Sormane, vice-president, states the steadily increasing public acceptance of automatic stokers indicates that coal is considered the safest and most dependable and economical fuel for domestic and commercial heating.

Mr. Sormane states that, contrary to general belief, coal also can be

ICE COMPANY OPERATES POOL FOR SWIMMERS

Polar Firm's Recreation
Center Maintained
Without Charge.

As an evidence of friendship for residents of the south side of Indianapolis the Polar Ice and Fuel Company is operating a free swimming pool.

The pool, at 1902 South East street, is open to children at all times, and during hot weather as many as 5,000 a month enjoy themselves. A matron is in attendance at all times. Dressing rooms are maintained for boys and girls.

Four sprays with four nozzles each are used in the pool, which is 100 by 40 feet. The pool, after being cleaned daily, is filled with fresh water from four driven wells.

Primarily a children's pool, it is only four feet deep, just deep enough to swim in.

The south side plant of the Polar company is the second largest of its six ice plants and is the most modern.

The company also has a large yard at its south side plant, where all grades of coal are available.
