

JEW VOTE TO INTENSIFY NAZI GOODS BOYCOTT

20,000,000 in U. S. Support Drive, World Parley Is Told.

By United Press
GENEVA, Aug. 22.—A formal resolution was in preparation today pledging the World Jewish Conference to continue with redoubled force the boycott against German goods until German Jews had been reinstated in all their rights as German citizens.

Dr. Samuel Margoshes, New York editor, revealed at the conference that American Jews are organizing a huge "good will" trade fair to be held in New York this fall, at which goods manufactured throughout the world—except in Germany—will be shown to demonstrate that German wares no longer are indispensable.

"Negotiations already are being conducted with the governments of Italy, Czechoslovakia, Russia and Switzerland," Dr. Margoshes said.

The resolution pledging continuance and intensification of the boycott was due for passage late today or tomorrow.

Dr. Margoshes said that four million Jews and twenty million persons associated with the American Federation of Labor, the Protestant churches and the Roman Catholic church supported the boycott in the United States alone.

German exports to the United States, he said, dropped 42 per cent during the last year.

"The boycott against German wares and services will not be given up," proclaimed Rabbi Stephen Wise of New York. "It will not be given up until the Hitler regime either shall have ended or shall have cancelled every law and practice in violation of human freedom, political equality, and the ideas of civilization."

Wasteful Expenditures Are Condemned in New Budget Study.

Thorough study of the old-age pension setup, in order to eliminate all "wasteful expenditures," was started today by the civic affairs committee of the Indianapolis Chamber of Commerce.

The committee, headed by William Fortune, met yesterday to study budgets and tax levies of all major governmental units for 1935.

A resolution was adopted unanimously, authorizing the study of all types of pensions. The survey will be made by the newly created governmental research committee, headed by Virgil Sheppard, announced William H. Book, civic affairs committee director.

MORE FOR YOUR MONEY —STANDARD GIVES YOU THAT, IN THIS IMPROVED GASOLINE, WITH

MORE Live Power PER GALLON

AT NO EXTRA COST

WHEN you need gasoline, remember this: at the familiar Standard Red Crown pump you can get these extra values:

- The smoothness and cool-running that comes with high antiknock. Standard Red Crown Superfuel contains Tetraethyl Lead, the finest anti-knock fluid—yet sells at "regular" price.
- A gasoline that has been let out another notch in Live Power—power you can call on instantly for quicker get-away, higher top-speed, richer climbing power, or longer mileage.

Those two qualities alone are enough to give you an idea of why Standard Red Crown Superfuel is the talk of the Mid-West. Try it!

YOUR NEW BUICK... Buick never built a finer automobile. A keen performer such as you now own deserves this keen responsive gasoline for 1934—Standard Red Crown Superfuel—releasing more Live Power per drop, per gallon and per dollar.
