UTILITY FIRMS ASK SLUM PLAN DELAY

City Companies to Submit
Claims Wednesday.

Seeking to guard their rights in any possible damage claims, representatives of the three local public utilities yesterday asked the works board to postpone a hearing on a petition by the federal housing commission to have vacated the area in which the federal slum clearance project is to be located.

Norman Miller, Washington, commission attorney, told the board that utility claims would be negligible because the commission would install new lines itself. He said that the only cost to the utilities would be connecting the lines.

The works board postponed the hearing until Wednesday and instructed utility representatives to submit their claims at that time. The utilities are the Indianapolis Power and Light Company, Indianapolis Water Company and the Citizens Gas Company.

The slum clearance is bounded by Locke, Blake and North streets and Indiana avenue.

If you feel low— don't gamble

Life insurance companies tell us that the gradual breakdown of the human body causes more deaths every year than disease germs

- 1 If your physical let-down is evidenced by lack of appetite... loss of weight... nervousness... sleeplessness... paleness... a tired feeling or lassitude caused by a lowered red-blood-cell and hemo-globin content in the blood—then S.S.S. is waiting to help you... though, if you suspect an organic trouble, you will, of course, want to consult a physician or surgeon.
- 2 Make S.S.S. your health safeguard and, unless your case is exceptional, you should soon enjoy again the satisfaction of appetizing food... sound sleep... and renewed strength.
- 3 Take a course of S.S.S. Remember, your present run-down condition may have been a slow, gradual process. Likewise, a reasonable time is required to rebuild full strength. S.S.S. is not a miracle worker—no rebuilding tonic is—but it is a scientifically proven and time-tested medicine. This is your guarantee of satisfaction. Its benefits are progressive... accumulative... and enduring.

Moreover, S.S.S. is not just a so-called tonic. It is a tonic specially designed to stimulate gastric secretions, and also has the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemo-globin of the blood. This two-fold purpose is important. Digestion is improved... food is better utilized... and thus you are enabled to better "carry on" without exhaustion—as you should naturally.

If your condition suggests a tonic... if you feel low... get a bottle of S.S.S.... take an appetizing portion just before meals. You will find it is truly a blood and body tonic. You should feel and look years younger with life giving and purifying blood surging through your body. You owe this to yourself and friends.

S.S.S. is sold by all drug stores in two convenient sizes. The \$2 economy size is twice as large as the \$1.25 regular size and is sufficient for two weeks treatment. Begin on the upstroke today. S.S.S. is really an inexpensive way to better health and more happiness. So many have said—**"S.S.S. makes you feel like yourself again!"**

Do not be blinded by the efforts of a few unethical dealers who may suggest that you gamble with substitutes. You have a right to insist that S.S.S. be supplied on request. Its long years of preference is your guarantee of satisfaction.

S.S.S. the world's great blood medicine
