

## MOTHER CHURCH SCIENCE LEADER LECTURES HERE

Prayer Is Sermon Topic of the Rev. Tomlinson of Boston.

The Rev. Irving C. Tomlinson, board member of the First Church of Christ, Scientist, Boston, Mass., the Mother Church of Christian Science, lectured here twice yesterday at the Third Church of Christ, Scientist, Thirty-fourth street and Washington boulevard.

Mr. Tomlinson who spoke first in the afternoon and repeated his lecture at night, said, in part:

"The teachings of Christian Science on the subject of prayer is in harmony with the Scriptures and is in full accord with the scientific practice of Christ Jesus.

"The prayer of faith, said James, the brother of Jesus, 'shall save the sick, and the Lord shall raise him up.' Christian Science shows, by reason and proof, that the prayer of faith, that is, of spiritual understanding, does save the sick, and the Lord, God, who is Infinite Love does raise him up.

"Many forms of prayer are for the most part petitions to our Heavenly Father, beseeching Him to do a favor, or to grant the petitioner's request. What needs changing is not the disposition nor the intention of the Heavenly Father.

"God is Love, and He ever waits to bestow all good upon His Child. It is the debased will of wayward mortals that stand in need of change.

"Prayer, then, should not be an effort to alter the unchanging God, with whom is no variableness, neither shadow of turning, but prayer should be such as will displace wrong thinking by right thinking, and make the one who prays fitted to receive the blessings that await him.

"The omnipotence of God is as available today to heal congenital diseases as it was in the day when Jesus healed the man born blind.

"Typical cases show the powerful influence that mental environment exercises upon the health and intelligence of children. They illustrate what a close connection the thought of parents bears to the well-being of their children, what blessings they can bring to them."

To illustrate his points, Mr. Tomlinson told in detail of the case of a little boy, born an apparently helpless cripple, who was cured, Mr. Tomlinson said, after he had been treated by Christian Science and his mother had accepted its teachings.

### Flush Kidneys of Acid and Poisons

Stop Getting Up Nights

When kidneys are clogged they become weak—the bladder is irritated—often elimination is painful and irregular—sleep is restless. The right harmless and inexpensive way to stop this trouble and restore healthy action to kidneys and bladder is to get from any drugstore a 35-cent box of Gold Medal Haarem Oil Capsules and take as directed—you won't be disappointed—but be sure and get GOLD MEDAL Haarem Oil Capsules—the original and genuine—right from Haarem in Holland—a grand kidney stimulant and diuretic. Remember also that other symptoms of kidney and bladder trouble are backache, leg cramps, puffy eyes, moist palms and nervousness. Advertisement.
