

GERMANY MUST REJECT HITLER, BUTLER AVERS

Unhappiest People of All, Columbia University Head Declares.

By United Press
SCHENECTADY, N. Y., Oct. 12.—Dr. Nicholas Murray Butler, president of Columbia university, said today that "no light and no leadership can be looked for from Germany for some time to come."

Speaking at ceremonies marking inauguration of Dr. Dixon Ryan Fox as the twelfth president of Union college, Dr. Butler said, however, that "the world can not do without Germany, no matter how preposterous and reactionary may be its ruling policies and doctrines at the moment."

The internationally known educator recommended liberal education as a remedy for the economic and social problems confronting the world.

Dr. Butler described the German people as "the unhappiest of all."

Versailles Treaty Scored

"Unhappiest of all, the great German people whose literally colossal accomplishments in philosophy and in science, in literature and in the fine arts, in industry and in commerce, have played so commanding a part in the world's history for two full centuries, have gone stark, raving mad under the pressure and temptation of those rigid and disheartening conditions which attended the writing of the Treaty of Versailles and which have marked the subsequent administration of its drastic and indefensible provisions," he said.

"Those people," he continued, "must regain their senses, turn their backs upon the silly and reactionary slogans which now are hurled at them to be received with such highly emotional enthusiasm, before they can resume the intellectual leadership which they had so well won and which some day again will undoubtedly become their right."

U. S. on "Border Line"
The United States, Dr. Butler asserted, is on "the border line."

"In our public policies and public expressions we are falling much below the level on which the British people stand and we have gone farther toward chaos than the French because of our present restless unhappiness and discontent," he said.

A liberal education, he continued, "is not only one which is based upon a true concept and understanding of freedom, but it is one which prepares for freedom from narrow and self-seeking, freedom from meanness and hypocrisy, freedom from malice and antagonism, whether personal, group or national, freedom from willingness to exploit or impose upon one's fellow men."

"The man who is truly free will see the world as it is. He will be a stern realist and for that very reason a sincere idealist, since it is ideals, whether true or false, which rule the world."

If you tire easily—

don't gamble

Life insurance companies tell us that the gradual breakdown of the human body causes more deaths every year than disease germs

1 If your physical let-down is evidenced by lack of appetite... loss of weight... nervousness... sleeplessness... paleness... a tired feeling or lassitude caused by a lowered red-blood-cell and hemo-glo-bin content in the blood—then S.S.S. is waiting to help you... though, if you suspect an organic trouble, you will, of course, want to consult a physician or surgeon.

Make S.S.S. your health safeguard and, unless your case is exceptional, you should soon enjoy again the satisfaction of appetizing food... sound sleep... and renewed strength.

2 Take a course of S.S.S. Remember, your present run-down condition may have been a slow, gradual process. Likewise, a reasonable time is required to rebuild full strength. S.S.S. is not a miracle worker—no rebuilding tonic is—but it is a scientifically proven and time-tested medicine. This is your guarantee of satisfaction. Its benefits are progressive... accumulative... and enduring.

3 Moreover, S.S.S. is not just a so-called tonic. It is a tonic specially designed to stimulate gastric secretions, and also has the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemo-glo-bin of the blood. This two-fold purpose is important. Digestion is improved... food is better utilized... and thus you are enabled to better "carry on" without exhaustion—as you should naturally.

If your condition suggests a tonic... if you tire easily... get a bottle of S.S.S.... take an appetizing portion just before meals. You will find it is truly a blood and body tonic. You should feel and look years younger with life giving and purifying blood surging through your body. You owe this to yourself and friends.

S.S.S. is sold by all drug stores in two convenient sizes. The \$2 economy size is twice as large as the \$1.25 regular size and is sufficient for two weeks treatment. Begin on the uproad today. S.S.S. is really an inexpensive way to better health and more happiness. So many have said—"S.S.S. makes you feel like yourself again"

Do not be blinded by the efforts of a few unethical dealers who may suggest that you gamble with substitutes. You have a right to insist that S.S.S. be supplied on request. Its long years of preference is your guarantee of satisfaction.

S.S.S. the world's great blood medicine

with your body
