

RADIUM ENERGY MAY END LABOR, ROTARIANS TOLD

Science Is on Threshold of Great Discoveries, Expert Says.

The United States is on the verge of an industrial period which will make the present era look like the "horse and buggy days," Dr. Luther S. H. Gable, radium expert and Detroit Institute of Technology, radiology, and biology department head, predicted here yesterday in a speech to the Rotary Club.

Scientists are nearing solution of the problem of utilizing radium in transmission of the stratosphere's cosmic rays to industrial machinery, Dr. Gable declared, adding that leadership in radium production may return to the United States through recent discoveries of ore deposits in the Arctic region.

The possible effects of these discoveries are so far reaching that precautions must be taken lest any individual or group establish a selfish monopoly of the new deposits, the scientist declared, since this radium, he said, will give the world's populace a leisure it has never known before.

Dr. Gable related his experiences in operating a thirty-five horsepower motor with a minute quantity of the precious element. Thus far, no method of controlling the energy has been discovered, he said. When this discovery has been made, use of radium power will be applicable only to fixed plants, since six feet of ground connections are necessary, he explained.

Dr. Gable pointed out that the present value of radium, \$2,400,000 an ounce, may not be decreased through the Arctic discoveries.

"Radium may be the secret to life itself," Dr. Gable declared in conclusion. "Experiments on a tadpole have indicated that it might be possible through the use of radium to produce a race of supermen who will never grow old."

ATTORNEY-GENERAL AID PREDICTS DEMOCRATIC SUCCESS IN ELECTION

Val Nolan

Joseph B. Keenan

Congressman Jenckes

Governmental prosecution of criminals and expected Democratic successes at the coming election were the subjects of conversation at the municipal airport Monday afternoon when Joseph B. Keenan, assistant attorney-general and the department of justice's ace criminal prosecutor, arrived here to meet Val Nolan, United States district attorney, and Congressman Virginia Jenckes. Mr. Keenan spoke at Terre Haute Monday night in behalf of Mrs. Jenckes' campaign for re-election.

OGDEN L. MILLS GIVES SPEECH IN CITY TOMORROW

Former Treasury Head and New Deal Foe to Be C. of C. Guest.

Second of a series of addresses on national happenings, sponsored by the Indianapolis Chamber of Commerce, will be given at 8 tomorrow night in the Murat theater by Ogden L. Mills, former secretary of the treasury, and bitter critic of the New Deal.

The first of the series was made last week by Donald Richberg, national emergency council director and right-hand man to President Roosevelt.

Mr. Mills will arrive tomorrow morning, and will be a guest at a luncheon at the Columbia Club with Louis J. Borinstein, Chamber of Commerce president; Felix M. McWhirter, United States Chamber of Commerce vice-president, and Will G. Irwin, Columbus, national chamber director.

A reception in honor of Mr. Mills will be given at the Columbia Club at 5:45 tomorrow afternoon, followed by dinner at the club, when he will be guest of the Chamber of Commerce directors.

Chamber members not planning to attend the meeting at the Murat are requested by the chamber to return reservations, since all available reservations now are in the hands of members, and additional requests can not be filled.

Benefit Card Party Set

A public card party will be given at 2:30 and 8:30 tomorrow at the home of Mrs. Celia A. Finnegan, 1201 east Raymond street, for the benefit of Cathedral high school.

\$22,000 ADDED TO FUND FOR HOSPITAL UNIT

\$750 Gift Made to Mission by City Couple for Memorial.

An even \$22,000 has been raised thus far for the Flower Mission Tuberculosis hospital fund, it was announced today at campaign headquarters, 712 Chamber of Commerce building.

Mrs. Robert Elliott, Flower Mission first vice-president, has received a gift of \$750 from Mr. and Mrs. W. A. Zumpfe for a room in the new hospital as a memorial to their daughter, Georgeanna.

A gift of \$50 has been received from the Coreopsis Club, a group of twelve women organized nearly thirty years ago for philanthropic work. The club often provided special treats for patients at the old Flower Mission hospital which the new building will replace. Mrs. W. H. Funderburg is club president.

The Monday Guild of the Woman's Department Club, composed entirely of blind women has voted a \$25 contribution to the fund.

How to Make Better Cough Remedy Than You Can Buy

A Big Saving, and It's So Easy! No Cooking!

Cough medicines usually contain a large quantity of plain syrup—a good ingredient, but one which you can easily make at home. Take 2 cups of granulated sugar and 1 cup of water, and stir a few moments until dissolved. No cooking! No trouble at all.

Then get from your druggist 2½ ounces of Pinex, pour it into a pint bottle, and add your syrup. This gives you a full pint of truly wonderful cough remedy, far better than anything you could buy ready-made, and you get four times as much for your money. It lasts a long time, never spoils, and children love its taste.
