

KERN CHARGES VANDALISM TO G. O. P. GROUP

Smashed Democratic Club Windows, Nominee Says at Rally.

"The Republican party it seems has made a determined effort to encourage and revive everything that is vicious and despicable in the city," Superior Judge John W. Kern, Democratic majority nominee, said last night at a meeting of the Twentieth Ward Young Democrats at 4172 College avenue.

"The Republicans resorted to vandalism recently and threw bricks through the windows of Fifth ward headquarters," Judge Kern said.

"When a party resorts to petty theft and vandalism, it is desperate. When we see who is behind the Republican party here it is safe to say that there is a concerted effort by Republicans to revive viciousness in politics. The Democratic party is waging a clean, dignified campaign," Judge Kern declared.

"Our party is a party with a present and past. The Republican party is memory and prejudice. The campaign locally has formulated an issue. Never was the issue more clean cut—good government or bad government. The Democratic party offers a way to good government."

"The campaign is interesting from a national standpoint in that the Republican party has failed to present an issue. Considering that the elections are national elections, this is an amazing weakness."

In closing, Judge Kern predicted a landslide of Democratic votes and urged the workers to obtain a large majority.

"Let us roll up such a majority that in the next decade there will be no doubt as to which party will win every election," Oscar Hagemeier, county grand jury deputy, urged in an address following that of Judge Kern.

Stump Backs Minton

By Times Special

WILLIAMSPORT, Ind., Oct. 24.—Declaring that the major issue in the campaign is "the mocking paradox of want in the midst of plenty," Albert Stump, Indianapolis civic leader, last night urged the election of Sherman Minton, Democratic senatorial nominee, in order to perpetuate the ideals of the New Deal.

"Fortunately in the state of Indiana the program of the state administration has shown a comprehension of that one outstanding economic issue, and with all the difficulties confronting government in times like these the great objective still has been kept in sight," Mr. Stump declared.

Revives Soviet Charge

By Times Special

FT. WAYNE, Oct. 24.—In a typical speech here last night, Senator Arthur R. Robinson solemnly warned his audience that the "administration is trying to sovietize industry." The senator declared that the government was interfering with industry and thus holding up business recovery.

"The government now is engaged in competition with private business in more than ninety different lines," he asserted. "That means that the private employers must compete with Uncle Sam and that private workers will be thrown out of their jobs if their employers are unable to meet government competition."

Old-Time Rally Tonight

Governor Paul V. McNutt and Superior Judge John W. Kern, Democratic majority nominee, will be the principal speakers at an open forum at 8 tonight at Sixty-third and Bellefontaine streets. Evans Woolen Sr., nominee for the Washington township advisory board, will preside at the rally which is sponsored by Twenty-first ward and

Washington township Democratic groups.

A red flare parade which will assemble at Fifty-ninth street and College avenue at 7:30 will precede the meeting.

Senator Frederick Van Nuys, Judge Kern and Clarence Jackson, state gross income tax division director, will be the speakers at another rally to be held tonight at the Dearborn, 3208 East Michigan street.

Pritchard Is Heard

Walter Pritchard, Coffin candidate for mayor, last night pleaded himself, if elected, to pay current city expenses out of current income. He charged that the Democrats had raised bond issues to pay current expenses.

Mr. Pritchard also charged that Indianapolis taxpayers have been mortgaged for the next generation to pay bills of the present city administration.

"We do not believe that the citizens of Indianapolis, regardless of party affiliations, will consider these methods as constituting good government," Mr. Pritchard said.

Candidates at Party

Fourth and Fifth ward Young Democrat organizations held a card party last night at the Marott. Honor guests were Governor Paul V. McNutt, Superior Judge John W. Kern, Democratic majority nominee, Superior Judge Clarence E. Weil, Herbert Spencer, Democratic prosecutor nominee, and Sheriff Charles (Buck) Sumner. The guests spoke briefly.

Thinks Recovery Lags

In a gloomy "take warning" speech before the Washington township Woman's Republican Club late yesterday at the American Central Life Insurance building, Frederick E. Schortemeier, local attorney, declared that the trouble "with the recovery program of the Democratic party is that we have had no recovery."

"The facts are that taking economic conditions of 1928 as a basis, those countries which have had no NRA, and other government interference, have made greater progress than this country," Mr. Schortemeier said.

Archie Bobbitt, old guard nominee for appellate judge, also spoke at the meeting.

Captain Ray Boomed

A dance and frolic was held by the Ray-tor-Sheriff Club last night in the Falls City Casino. Captain Otto Ray, Democratic sheriff nominee, was the principal speaker. The program included several acts of vaudeville and entertainment.

PUBLICATION OF PARDON APPEAL SIGNERS URGED

Attorney-General Studies Suggestion to Balk Politicians.

By Scripps-Howard Newspaper Alliance
WASHINGTON, Oct. 24.—Publication of the names of all persons who intervene or seek clemency for gangsters and convicted criminals may be discussed at Attorney-General Homer S. Cummings' crime conference here as a possible way to divorce criminals and politicians.

Asked in press conference if he would release the names of politicians who had intervened for criminals, the attorney-general pondered at length.

The danger, he said, would be in publication of names of persons who had signed clemency petitions without realizing their import.

"Wouldn't publicity make people realize their responsibility more and deter that habit?" he was asked.

"That's a very interesting question," Mr. Cummings replied. He jotted it down on a pad. "Perhaps we ought to discuss it at the crime conference."

Both state and national legislation have been urged for publication of names of persons seeking paroles and pardons for convicts.

"Fieldsy's Favorite Mince Pie," for instance is better than "Cinema Luminaries Pie". So is "President", or "Dixie", or just "Hartsville Bill's Mince Pie".
