

NEW MEMBERS WELCOMED BY SCHOOL BOARD

Incoming Officials Credit Success to Record of Predecessors.

A combination school board meeting and "love feast" for three of the five commissioners-elect was held last night featured by a pep talk by Attorney Russell Wilson, a retiring board member.

Mrs. Mary D. Ridge, Carl Wilde and Alan W. Boyd, the commissioners-elect, who attended, drew up their chairs and listened to routine reports. Both the incumbent board and the new members were elected on the Citizens' School Ticket.

Mr. Wilson spoke of the trials and tribulations of a board member, while the new members responded graciously that it was the record of the incumbent board which elected them. The three new board members will take office Jan. 1. Two other new board members will not take office until 1937.

Appointees named last night are Paul Cripe, 3145 North Illinois street, temporary office clerk; Arthur H. Rusche, 1517 Reinsner street; Joseph M. Trevan, 2119 Alfrete avenue; George E. Gates, 431 North Hamilton avenue; William Jarred, 1412 Naomi street; Willis Boone, 609 East Minnesota street; and Wilbur J. Cook, 323 North Sherman drive, substitute janitors; George Crider, 2310 North Capitol avenue, caretaker at the Broadway branch library; and R. C. Gibbs, 2282 Union street, and Alonzo E. Durham, 1520 East Seventeenth street, full-time janitors.

The board approved the construction of a three-room brick addition to school 63, at 1115 Traub avenue, to cost \$9,000. Labor provided by the Federal Emergency Relief Administration will amount of \$5,445. Upon the recommendation of Luther L. Dickerson, city librarian, Helen Van Camp was appointed as junior assistant librarian to replace Opal P. Buck, granted a leave of absence.

A plan whereby the library will co-operate with emergency education classes was outlined by Mr. Dickerson.

COMMITTEES NAMED TO AID PLAY CAST

Manual Senior Class Will Present "Skidding" During Term.

Committees to aid in the Manual Training high school January 35 senior class play, "Skidding," have been chosen, it was announced today at the school.

WINS RECOGNITION

The Rev. A. E. Cowley

The only Indiana preacher to win recognition in a "preaching" contest held recently by "Church Management," an international journal for ministers, was the Rev. Arthur E. Cowley, pastor of the First Baptist church of Shelbyville, it was announced today.

Mr. Cowley's sermon won a place among the foremost seven entries. His manuscript, "A Declaration of Dependence," has been published in a volume called "Prize Sermons."

Mr. Cowley was the author of a pageant presented at centennial celebration of Baptist work in Indiana.

WORKERS INJURED BY STRIKE PICKETS ARE GIVEN COMPENSATION

Employees working during a strike are entitled to workmen's compensation if injured by strikers' pickets, the Indiana appellate court has ruled in an appeal growing out of the Dixie Bee coal mine strike in Vigo county.

Elmer Bedwell, mine employee at work during the strike, was ordered to help protect the mine property from union pickets, according to the evidence, and was shot in the arm.

The state industrial board denied compensation, holding the injury was not the result of an accident sustained by the plaintiff in the course of his employment. The appellate court decision, written by Judge William H. Durbin, reverses the industrial board ruling and orders compensation.

PROHIBITION LEADERS PIN HOPES ON YOUTH

W. C. T. U. Places Emphasis on Education of Children.

CLEVELAND, Nov. 14.—The temperance movement is looking to the next generation in the hope of placing prohibitory laws back on the statute books of the nation, it became apparent today at the national convention of the W. C. T. U.

Faced with setbacks occasioned by the wave of anti-prohibition sentiment of the last two years, older leaders in the crusade against liquor are placing more emphasis on education of youth.

My Weakness And Indigestion Now Overcome

Says New Yeast Vitamin Compound Worth \$50.00 a Bottle to Him.

"My system was so full of toxic poisons I had to take a strong purgative every night," writes W. A. McK., well-known Atlanta resident. "I suffered terribly from indigestion every day, and I was so weak I could hardly drag one foot after the other. Thor's Vitamin B Compound routed these troubles entirely and soon had me eating, sleeping and feeling like a new man. It was worth \$50 a bottle to me."

The remarkable up-building results of this new yeast vitamin compound, combined with other health-building ingredients, Thor's Vitamin B Compound, are forcefully told in hundreds of voluntary letters from men and women in all walks of life who have regained their health and strength through its use; and here is another letter:

"I suffered so badly from stomach trouble, indigestion, nervousness and constipation that I went down in weight from 130 pounds to 110 pounds. My sleep was not restful and my appetite was gone. No one could have been weaker or have suffered greater agony than I. Various treatments did me no good until I started on Thor's Vitamin B Compound. Have only taken two bottles and not only feel 100% improved but have also gained four pounds," declares Mr. C. E. M. of Nashville, Tenn.

Thor's Vitamin B Compound is sold by all druggists for only 60c. The very first bottle of this modern, new tonic is guaranteed to bring a satisfactory improvement in your condition or money refunded. (adv.)

ARMS CONTROL PACT URGED BY U. S., ENGLAND

Disarmament Efforts May Dropped in Favor of New Treaty.

LONDON, Nov. 14.—A joint American and British effort to concentrate disarmament work on a world treaty for control of the arms traffic seemed foreshadowed today.

The meeting of the steering committee of the world disarmament conference at Geneva Tuesday, it was indicated, may mark the tacit abandonment of present efforts for a general treaty in favor of an arms control pact as the sole hope of progress.

Secretary of State Cordell Hull's announcement at Washington of the United States' advocacy of an arms treaty was in accord with the British view, emphasized by Prime Minister Ramsay MacDonald in a speech last night at Southampton.

"The only solution," he said, "is control of sale of armaments by the license system. We want to make the British system of export licenses international, so that what we do every country will do. Therefore we are going to Geneva to get that done."

His speech was not on the hopeful side. Earlier, defending the government's activities in peace negotiations, he said:

"I see there is a feeling growing that the government is not so zealous in the search for peace as it should be. I tell you that is not so. 'In Geneva we have no authority beyond that which comes from the successful and accurate handling of negotiations. Our hearts may be sad—mine certainly is—but I am still a soldier in the ranks of the army.'"

The sadness to which the prime minister confessed was due to the apparent certainty that no advance can be made toward a general disarmament treaty.

Because of the growing attention paid to the possibility of substituting an arms control treaty for a disarmament agreement, it was expected that Norman H. Davis, chief American disarmament delegate, would go to Geneva for the steering committee meeting. He

Indiana in Brief

NOBLESVILLE, Nov. 14.—Gus Seymour, trustee-elect of Noblesville township, is believed to hold the record for length of tenancy on a farm.

For twenty-eight years, Mr. Seymour has been a tenant on the eighty-acre farm of C. W. Howell, east of here.

The landlord and tenant will hold a sale at the farm shortly prior to terminating the tenancy, as Mr. Seymour will reside in Noblesville during his term as trustee.

TRUCE STUDIED IN MILK FIGHT

City Operators Confer With Townsend in Move to End Price War.

Calculated to end the milk price war which has sent prices tumbling, a peace plan will be submitted this afternoon by a committee of milk company representatives to Lieutenant-Governor M. Clifford Townsend.

Members of the committee which will confer with Mr. Townsend are Arthur P. Holt, chairman; S. O. Dungan, Albert W. Buescher, Homer T. Perry, Earl E. Marple, J. D. Littleton and Alfred D. Schaefer. Representatives of at least one chain store also may attend, it was said.

Effect of the milk price war has been to send prices down to 7 cents a quart delivered and 6 cents a quart across the counter.

TIMES EDITOR WILL ADDRESS FELLOWSHIP

"Religion and the Press" to Be Subject at Dinner.

Talcott Powell, editor of The Indianapolis Times, will speak at the Third Christian church fellowship supper at 6:20 tomorrow at the church. His topic will be "Religion and the Press." Special music will be furnished by the Christian Men Builders Glee Club.

would sit with Hugh R. Wilson, American minister to Switzerland, who, Secretary Hull said at Washington, has consulted British, French, Italian and Japanese governments on an arms control treaty.

Steal Thoroughly

LOGANSPORT, Nov. 14.—Thieves who stole fifteen pullets from a barn at the home of Dick Odom, also took along firewood for use in cooking the feathered loot.

Administratrix Quits

ANDERSON, Nov. 14.—Resignation of Mrs. Florence Kirkpatrick as administratrix of the estate of her husband, Henry Kirkpatrick, has been accepted in Madison circuit court, upon her declaration that quarrels among her children concerning the estate were "very unpleasant and annoying."

Death Ends Case

COLUMBUS, Nov. 14.—Death of Frank P. Anderson, who filed a charge of embezzlement against Edward Mattison, Texas oil man, has resulted in dismissal of the case in Bartholomew circuit court here.

Prosecutor Lloyd C. Bryer said lack of evidence also had a bearing on his motion for dismissal.

Mr. Anderson, killed here recently when struck by an automobile, accused the Texas man of making misrepresentations in sale of oil stock.

ROTARY HEARS LECTURE BY THROAT SPECIALIST

Recent Progress Recounted in Talk by Dr. Kearby.

Modern methods of removing obstructions from the throat and oesophagus, progress in which has so advanced during recent years that it is possible to save many lives, were explained to Rotarians yesterday by Dr. D. O. Kearby, ear, nose and throat specialist.

Dr. Kearby listed lye burns as the most serious throat trouble, especially among children. "When one considers the hospitalization and treatment costs, it is doubtful whether grocers make enough profit to justify the sale of lye," he said.

ROOSEVELT KIN SAYS FRANKLIN 'REALLY TRYING'

President's Fifth Cousin, Republican, Suggests Changes, However.

KANSAS CITY, Mo., Nov. 14.—Nicholas Roosevelt, a fifth cousin of the President and a Republican, believes the President is sincerely trying to improve a bad situation, but he believes he would get farther if he would "kick out a lot of school-boy statesmen and surround himself with men of experience."

Of his own Republican party, Roosevelt said he did not believe it would get any place until it is shaken up and remade.

"A lot of old dodos who have been running Republican affairs for a generation are sitting back and saying that we must wait until the people get enough of this New Deal. Then, they say, they will swing back to the Republican party."

"But they don't know what is going on," Roosevelt said. "Of course, there will be a swing back to conservatism, but it won't go far enough to reach the mossback ideas of the men I have in mind, such men as control the party in New York, New Jersey and Pennsylvania. Their day has passed and they don't know it."

Cardinal Lauds Roosevelt

WASHINGTON, Nov. 14.—President Roosevelt has bettered the nation, William Cardinal O'Connell, Catholic archbishop of Boston, said today after a White House visit.

It took generations of constant care and consummate skill to produce a Scotch Whisky with the rare savour and gentle softness of Haig & Haig.
