

## U. S. ACCEPTS JAPAN'S NAVAL VIEW IN THEORY

Actual Equality Opposed,  
However, Foreign Expert  
Reveals.

BY WILLIAM PHILIP SIMMS  
Scripps-Howard Foreign Editor  
WASHINGTON, Nov. 19.—The United States under no circumstances will sign a new treaty with Nippon giving that country actual naval equality, the writer is informed on high authority.

But, it is added, the United States is perfectly willing to concede equality in principle. In fact this country has never actually contested that Japan should be denied this principle.

This apparently paradoxical position is responsible for the flood of conflicting reports now emanating from London where Great Britain, the United States and Japan are trying to come to an understanding.

Often on the same day, sometimes even in the same newspaper appear what seems to be absolutely conflicting stories. One affirms Great Britain and the United States are on the point of agreeing on the principle of parity for Nippon, while the second is a categorical denial they plan to do anything of the kind.

**Naval Race Spurred Decision**

Back in 1921, before the Washington naval conference, the United States, Great Britain, Japan, France and Italy—not to mention the rest of the world—stood on an absolutely equal footing.

These nations, as sovereign powers, had the unquestioned right to build just as big a navy as they pleased. Japan had this right precisely as Britain, America and the others had it.

But a naval race was on. It threatened to become dangerous. Accordingly, the five leading naval powers of the world were invited to Washington for a conference. The United States announced it would voluntarily limit its right to build what promised to be the biggest fleet of warships ever seen, if the others would likewise voluntarily limit theirs.

There was no coercion. Everything was done voluntarily. It was mutually agreed that Britain and America would limit themselves to five tons each for every three tons the Japanese constructed, and for every one-and-three-quarters tons France and Italy constructed.

**Japan Claims Humiliation**

This ratio 5-5-3-1.75-1.75—was a voluntary expression of what each of the powers concerned, of its own accord, conceded to be its naval needs.

Now Japan claims she was "humiliated." She says her prestige has

The gorgeously attired king and queen above, resplendent in all the royal trappings, are two examples of Polish art expressed in gingerbread. They form part of the Polish art exhibit which was held at the John Herron art museum last week. The exhibit was sent on a tour of the country by the International School of Art.

### TREE PLANTING AIDED BY NORTH END CLUB

Members Take Charge of Council's  
Office During Week.

North End Garden club members will have charge of the Garden Club's city tree planting office in the old city library building, 150 North Meridian street, this week.

Mrs. George Mess had charge today; Mrs. M. A. Baltzer will have charge tomorrow; Mrs. A. H. Opperman, Wednesday; Mrs. D. C. Richardson, Thursday; Mrs. P. F. Campbell, Friday, and Mrs. Minor S. Goulding, Saturday.

Property owners are urged by the council to take advantage of the opportunity to plant trees at the low cost offered by the Garden clubs before the weather becomes too cold for planting, which will be done free by the park board. Those desiring information may call the Garden club office, Riley 3633.

### COLD WEATHER WARNING GIVEN BY WATER CO.

Expense Incident to Freezing  
Pipes Can Be Avoided,  
Firm Says.

Caution against allowing water pipes and meters to freeze was urged today in a warning issued by the Indianapolis Water Company in an effort to prevent loss of service and money to consumers.

Suggested methods of protecting exposed pipes are available to the public at the company's office.

"Last winter the first low temperatures in Indianapolis came toward the end of November," the warning states, "and several hundred water service customers were caught unprepared."

"To prevent unnecessary expense and annoyance it is strongly recommended that all exposed pipes and meters be wrapped in insulating material as an aid in guarding against expensive freeze-ups."

"Another wise precaution is to close and seal all windows and other openings, especially where these openings are near a water pipe or meter," the warning continues.

"Buildings where no heat is available should have all water service pipes disconnected and the meters removed. Immediate action will save expensive repair bills."

Shut-off valves on service lines also should be tested to assure instant availability, and all outside sprinkling connections, including silcock, should be drained."

For your best remedy for severe coughs, mix it at home. Once tried, you'll never use any other kind, and it's so simple and easy.

First make a syrup, stirring 2 cups granulated sugar and one cup of water a few moments, until dissolved. A child could do it. No cooking needed. Then get 2½ ounces of Pinex from any druggist. This is a highly concentrated compound of Norway Pine, fa-

mous for its healing effect on throat and bronchial membranes.

Put the Pinex in a pint bottle, and add the syrup. Then mix a full pint of really better medicine than you could buy ready-made for four times the money. It never spoils, and tastes fine.

And for quick, lasting relief, it has no equal. You can feel it penetrating the air passages in a way that means business. It loosens the germs, drives phlegm, soot, and heat from the bronchial membranes, makes breathing easy, and lets you get restful sleep.

Just try it, and if not pleased, your money will be refunded.

### THIEVES LOOT PARKED AUTOS, LOSS AT \$1,000

Students Among Principal  
Losers, Reports to  
Police Show.

Auto thieves stole articles valued at more than \$1,000 from cars parked in Indianapolis this week.

Students, apparently visiting here after the Indiana university-University of Maryland football game at Bloomington Saturday, were among the principal losers.

Police also received reports of twenty-four stolen cars, and at the same time reported the recovery of twenty-six cars, all but one of which had been stolen prior to Saturday.

### LEGIONNAIRES URGED TO JOIN RED CROSS

#### Twelfth District Commander Makes Appeal to Members.

Joseph F. Lutes, Twelfth Indiana district American Legion commander, in an appeal to all legionnaires yesterday urged them not only to join the American Red Cross, but also to aid the organization in its annual roll call now in progress in Marion county.

Mr. Lutes, an active worker in the Red Cross campaign, said that every former service man owes an estimable debt to the organization for present and past services. He said that former service men ought to show their appreciation by joining the Red Cross.

### Ruptured Men Get \$3.50 Truss Free

Pay No Money—Now or Ever, for  
This Truss.

Kansas City, Mo.—A newer ruptured method developed by a doctor is so successful he offers to give every ruptured man or woman who tries it, a \$3.50 truss free. It does away with leg straps, elastic belts, binding springs and harsh pads. After using it, many have reported their ruptures better. Often in a very short time. Others say they no longer need any support. The doctor offers to send his method on 30 days' trial and will send the \$3.50 truss free with it. If the method does not help your rupture return it and keep the \$3.50 truss for your trouble. If you are ruptured just write Dr. Kaiser, 6229 Koch Bldg., 2906 Main St., Kansas City, Mo. for his trial offer.—Advertisement.

### TRY A WANT AD IN THE TIMES.

## When appetite fails— don't gamble.

Life insurance companies tell us that the gradual breakdown of the human body causes more deaths every year than disease germs

1 If your physical let-down is evidenced by lack of appetite... loss of weight... nervousness... sleeplessness... paleness... a tired feeling or lassitude caused by a lowered red-blood-cell and hemoglobin content in the blood—then S.S.S. is waiting to help you... though, if you suspect an organic trouble, you will, of course, want to consult a physician or surgeon.

2 Make S.S.S. your health safeguard and, unless your case is exceptional, you should soon enjoy again the satisfaction of appetizing food... sound sleep... and renewed strength.

3 Take a course of S.S.S. Remember, your present run-down condition may have been a slow, gradual process. Likewise, a reasonable time is required to rebuild full strength. S.S.S. is not a miracle worker—no rebuilding tonic is—but it is a scientifically proven and time-tested medicine. This is your guarantee of satisfaction. Its benefits are progressive... accumulative... and enduring.

Moreover, S.S.S. is not just a so-called tonic. It is a tonic specially designed to stimulate gastric secretions, and also has the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemoglobin of the blood. This two-fold purpose is important. Digestion is improved... food is better utilized... and thus you are enabled to better "carry on" without exhaustion as you should naturally.

If your condition suggests a tonic... if your appetite is not keen... get a bottle of S.S.S... take an appetizing portion just before meals. You will find it is truly a blood and body tonic. You should feel and look years younger with life giving and purifying blood surging through your body. You owe this to yourself and friends.

S.S.S. is sold by all drugstores in two convenient sizes. The \$2 economy size is twice as large as the \$1.25 regular size and is sufficient for two weeks treatment. Begin on the upward today. S.S.S. is really an inexpensive way to better health and more happiness. So many have said— "S.S.S. makes you feel like yourself again."

Do not be blinded by the efforts of a few unethical dealers who may suggest that you gamble with substitutes. You have a right to insist that S.S.S. be supplied on request. Its long years of preference is your guarantee of satisfaction.
