## SCHNAUZERS TURN UP SCHOZZLES AT THE 'CANDID CAMERA'

Tomorrow's Thanksgiving day, but that doesn't mean a thing in the lives of these four-week-old Schnauzer puppies. To the puppies, snapped by the photographer just after they had finished their breakfast today, one good meal

merely calls for another. Besides, they prefer milk to turkey. Left to right in the picture are Bertha, Tiny Tim, Gusie and Berthetta. Bertha is shown at the left as she voiced her disgust at the

photographer and others concerned in taking her picture by turning up her Schnauzer "schnozzle."

The pups are owned by Mrs. June Grothe, 1912 Pleasant Run parkway, North drive.

## STRIKE PEACE EFFORTS FAIL

Trolley Company Enforcing  
'Lockout,' Is Claim; Violence Renewed.

**By United Press**  
LOS ANGELES, Nov. 28.—Complete collapse of negotiations to settle the Los Angeles street car strike precipitated a new crisis today accompanied by renewed violence.

The death knell to current negotiations for a truce was sounded by the regional labor board in notifying the national labor relations board that Los Angeles Railway officials were enforcing a "lockout."

The regional board said it could do "nothing further."

A conference was abandoned when the company said it would not reinstate strikers nor proceed with proposals previously outlined by Mayor Frank L. Shaw.

The company's refusal to arbitrate was the signal for new outbreaks and occasional gunfire which since early Saturday have resulted in more than fifty casualties.

The railway early today wired a denial to the national labor relations board that it was enforcing a "lockout."

The company said only 487 employees had "voluntarily relinquished their jobs" by strike and that the remaining 3,200 workers "are overwhelmingly determined and have emphatically stated their position that striking men must not be re-employed."

**SHOT BY MORON, TWO YOUTHS NEAR DEATH**  
Man, 25, Has Mind of Child, 10, Says Mother.  
**By United Press**  
RENO, Nev., Nov. 28.—A boyish game that ended in tragedy seemed certain today to claim the lives of two 13-year-old boys, whom physicians said could not survive gunshot wounds in the abdomen, which police said were inflicted by Herbert Johnson, 25.

Johnson's mother said he had the mind of a child of 10. Thomas Hill and Ray Boland, the victims, told District Attorney Melvin Jenson that they were playing last night in a clubhouse in the basement of an apartment house managed by Johnson's mother when Johnson appeared suddenly and began firing from a small caliber rifle.

**HOOSIER COUPLE LOSE \$13,600 IN SWINDLE**  
South Bend Man and Wife Molested in Ancient Pocketbook Fraud.  
**By United Press**  
DETROIT, Nov. 28.—Mr. and Mrs. Louis Nemeth, South Bend, were in Detroit today attempting to locate the men who swindled them out of \$13,600 in the lost pocketbook-race horse tip fraud. Posing as a real estate salesman a man who gave his name as Charles Kovac offered the pair \$30,000 for their South Bend restaurant. Mr. Nemeth said he then took them to a Toledo hotel and gave them a \$5,000 check before he "found" a pocket book which supposedly contained \$40,000. The Nemeths advanced the \$13,600 in a betting process which followed.

**BOLIVIA PREPARED TO ACCEPT PEACE TERMS**  
Informal Notice to League Says Pact Is Acceptable.  
**By United Press**  
GENEVA, Nov. 28.—Adolfo Costa Du Rels, Bolivian delegate, today advised the League of Nations unofficially that his government accepted it was prepared to accept the league's recommendations for ending the Gran Chaco war with Paraguay.

A formal decision by the Bolivian government would have to be ratified by the congress, but the declaration was regarded as increasing chances for peace because the recommendations were framed with a view to removing objections which Paraguay, the other belligerent, had made to previous proposals.

**MODEL BARRACKS TO HOUSE STATE POLICE**  
McNutt Gives Sanction for Building at State Farm.  
Al Feeney, state safety director, today announced that Governor Paul V. McNutt has approved construction of a model state police barracks on United State Road 40 at the entrance to the state farm near Putnamville.

Brick and labor for the work will be supplied by the state farm, Mr. Feeney said. Although his is the first to be constructed expressly for police occupation, the new quarters, according to Mr. Feeney, and their primary duty will be to patrol United States Road '0.

**Science gives it to you in the new ORBIT Chewing Gum**  
Calcium and phosphorus, bone and tooth building elements, are present in portions of our daily diet. But calcium and phosphorus cannot work unless Vitamin "D" is also present.

Your dentist and doctor both agree that you and your children need a daily supply of Vitamin "D". It is not a drug or a medicine, but an important food element lacking in your daily diet.

When you chew ORBIT Gum you get Vitamin "D". So a package everywhere.

## AGENTS IN CITY URGE HUNT FOR NELSON'S WIFE

Woman May Try to Rent Hideout for Slayer, Is Theory.

While the hunt for George (Baby Face) Nelson, who last night killed two federal agents, gathered momentum today, federal agents here emphasized the fact that small, bobbed-haired Mrs. Nelson probably would be putting up the "front" for her gangster husband.

She is 21 and 5 feet 2 inches tall with a small build, brown bobbed hair, fair complexion and blue eyes. Mrs. Nelson has a small brown mole two inches above the left inner wrist and has four horizontal lines in her forehead.

**Uses Various Aliases**  
Mrs. Nelson uses the names of Mrs. Helen Gillis, Mrs. Joseph J. Marr, Marian (or Marion) Virginia Marr, Mrs. Jimmie Williams and Mrs. Lester Gates. She is wanted on the specific charge of harboring a fugitive.

Nelson uses the aliases of George Nelson, Alex Gillis, Lester Giles, "Big George" Nelson and "Jimmy" Williams. He is 25, 5 feet 4 1/2 inches with light chestnut hair, light complexion and yellow and gray slate eyes. When last arrested he weighed 133 pounds, but federal agents revealed today that he is reported to have become considerably heavier.

The nickname "Baby Face" was given Nelson because of his guileless appearance. The federal government offers a reward of \$5,000 for his capture or \$2,500 for information leading to his arrest.

**Agents Known Here**  
Federal agents here who knew Herman E. Hollis and Samuel P. Cowley, slain last night, today expressed a profound shock. Mr. Hollis had been in Indianapolis last month aiding in the Stoll kidnapping case.

Mr. Cowley had been through the city last year in the Dillinger hunt. Nelson also is wanted for the killing of Agent E. Carter Baum when Dillinger and Nelson fled from a trap in the Wisconsin woods this spring.

Mrs. Nelson probably will interview apartment janitors or rental agents in obtaining lodgings for herself and Nelson. It was pointed out today. For that reason the public particularly should watch for her. The telephone number of the department of justice here is Riley 5416.

**TWO ESCAPE INJURY AS TRAIN WRECKS CAR**  
Auto Smashed in Crash at Tenth Street Crossing.

Although their car hit a moving freight train, Mrs. Myrtle Smith was uninjured and Earl Adkins received only minor cuts early today.

The accident occurred at the Baltimore & Ohio crossing at Tenth street. The auto was damaged badly. Mrs. Smith lives at 1242 West Nineteenth street and Mr. Adkins at 1233 West Nineteenth street.

**Doctor Commits Suicide**  
CHARDON, O., Nov. 28.—Dr. Robert Milligan, 30, of Ann Arbor, Mich., was found dead in his automobile near here today. Officers said the physician had killed himself by firing a bullet into his brain.

**MEMO**  
Dear Old Gold Fans:  
A year ago my government suggested I turn in the pieces of old gold I had carried in my pocket for years. But I breathed a sigh of relief when my Old Gold Cigarettes were not disturbed.

Other Old Gold smokers around this studio match my enthusiasm with some really glowing praises.

## HONEYMOON ENDS IN DOUBLE MURDER

A double murder ended the honeymoon of Joseph Steinmetz, 22, Los Angeles divinity student, and his bride of two weeks, formerly Ruth Armstrong, 17, Hollywood movie aspirant. The couple is shown in affectionate pose in the photo at the top. Steinmetz shot his wife and the Rev. Joseph Leonard, Lawrenceville, N. J. Roman Catholic priest, when he found them in the priest's New York hotel room. Below, Steinmetz, still in a daze, is shown as he was questioned by Saul Belov, assistant district attorney, who holds the gun with which Steinmetz admitted he committed the crime.

**CHRISTMAS ORATORIO TO BE HEARD AT RITE**  
Bach's Opus to Be Presented for First Time in City.

What is described as the first Indianapolis presentation of Johann Sebastian Bach's famous Christmas oratorio will be offered during a public program at 3 Sunday afternoon in the Scottish Rite cathedral by the Young People's chapel and Motet choir of the First Presbyterian church.

The choirs, which total 100 voices, will present the oratorio in abbreviated form and Dr. George Arthur Frantz, church pastor, will read the Christmas story from the Gospel according to Luke. Soloists will be Mrs. Grace McKnight, Miss Gertrude West, Vernon Roth and Wallace Knapp. Miss Gertrude Free will be accompanist and George Frederick Holler will conduct.

**MISHAP VICTIM CALLS POLICE, GETS STICKER FOR ALL HIS TROUBLE**  
The next time George Michaels, 131 South Illinois street, gets involved in an automobile accident he probably won't call the police. In fact, Mr. Michaels feels bitter today toward all enforcers of law and order.

Late yesterday a truck ran into his car while it was parked at 46 West Chesapeake street, and although there was little damage done to either vehicle, Mr. Michaels immediately called for a policeman.

Traffic patrolman Edward Higgins responded, and the first thing he did was to give Mr. Michaels a sticker for parking on the wrong side of the street. The truck driver was told to continue on his way.

## INFIRMARY HERE UNFIT. PROBERS ADVISE BAKER

Some Buildings Should Be Replaced, Grand Jury Indicates.

Severely criticizing conditions at the Marion county infirmary, the grand jury today submitted to Criminal Judge Frank P. Baker a report of its examination of state and county institutions.

The report commended Judge Baker's conduct of criminal court and recommended that changes of venue from the court should be restricted by statute and claims of prejudice passed upon by an impartial judge before the change is granted.

The grand jurors also gave high praise to the police department and commended its record under Chief Mike Morrissey. The detective force was declared efficient to an "astounding extent." Praise was given the Marion county jail, but it was recommended that rusty bars in certain cells be replaced and adequate bathing facilities provided for prisoners.

Condemnation in the report largely was reserved for the Marion county infirmary, of which the examiners said:

"It is a matter of regret that this institution is not comparable to any of the others visited although the conditions found there are mostly caused by reasons beyond the infirmary's immediate control."

**Finds Institution 'Dirty'**  
The inspectors declared that some infirmary buildings are unfit for human habitation and should be replaced but that, according to one of the county commissioners, this can not be done for lack of funds.

"We find," the report continued, "the institution as a whole dirty, insanitary and so impregnated with the odor of disinfectant as to be almost asphyxiating. Most of the inmates are unkempt and apparently in need of baths, shaves and clean clothing."

Dr. A. O. Ruse, infirmary superintendent, the report declared to be conscientious and able, but unable, because of insufficient salary, to devote his time to his double duties as superintendent and physician without continuing his private practice. His assistant, the report said, is underpaid also.

**Other Institutions Visited.**  
It was recommended that Dr. Ruse be granted the help of a properly paid assistant.

The report also recommended that the inscription at the entrance to Julietta hospital, "Marion County Hospital for the Incurably Insane," be obliterated or covered. The report pointed out that few of the inmates realize they are insane and that some of them are not incurable. The inscription was described as having a depressing effect on the inmates.

The Indiana reformatory, Pendleton; the Indiana Boys' school, Plainfield; the Indiana Women's prison; the Board of Children's Guardians home; the Indianapolis Orphans' home, and the Marion County Detention home all were commended as to management and physical equipment.
