'Y' SPEAKER SUGGESTS 'GOOD NEIGHBOR ACT'

Lives Should Be Patterned After Government, She Says.

Miss Edna Means, dramatic entertainer, suggested before the Young Men's Christian Association Big Meeting yesterday in Keith's that citizens should pattern their lives after the Federal Government and its alphabetical designations by adopting the GNA, or Good Neighbor Act.

Good neighbors are few, and the world never has had enough of them, she declared. If justice is to be done there must be an abundance of them, she asserted.

Miss Means delivered a series of dramatic readings, also. The Shortridge High School band played. Harry W. White, general Y. M. C. A. secretary, presided.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and happy and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. 25-cent drug stores. ©1931 C. M. Co. —Advertisement.

600 EXPERTS ATTEND U. S. CRIME PARLEY

Roosevelt Helps Map War
on Gangsters at Capitol Session.

WASHINGTON, Dec. 10.—The New Deal's smashing anti-crime drive neared a climax today as President Roosevelt and 600 expert advisers prepared an integrated program to exterminate the gangster. The President tonight will open formally the attorney general's conference on crime, which will continue through Thursday, and which is expected provide the cornerstone

of a solid and continuous campaign to end the multi-billion dollar depredations of the country's bad men.

Governors, judges, attorneys, police chiefs, sociologists, economists and New Dealers gathered at the invitation of Atty. Gen. Homer S. Cummings to consider means of lowering the country's crime bill, which now totals about \$12,000,000,000 annually.

The outlook was brighter than at any time since the word "racketeer" was coined in Chicago, about the time the 18th amendment became effective.

Prohibition, which Mr. Roosevelt held responsible in large part for the gangster of the Al Capone type, was a memory. New federal laws, enabling the Government to better apprehend interstate criminals, were on the statute books.

Practically all notorious public enemies either were behind bars, or under sod. A narcotics drive was in full swing, with nearly eight hundred dope peddlers throughout the country arrested. The Department of Justice was harrying kidnapers as they had never been harried before.
