

A Woman's Viewpoint

BY MRS. WALTER FERGUSON

HEYWOOD BROWN comes to the rescue of the modern woman who goes bowed under a load of masculine gallantry. Her need for succor is sore, so that any lance broken in her defense is sacrificed for a worthy cause. If all these meaningless gestures are a drain on men's strength how do you suppose they react on women's patience?

I was reared on the Southland's fringe where old-fashioned chivalry was a profession. Compliments made a very splendid camouflage for contempt, and honeyed phrases were effectively used to divert women's attention from going after those particular privileges which the gentlemen felt they should not have, such as votes, pocket money and the chance to make a life to suit themselves.

We are still under the compulsion of accepting flattery in lieu of justice. I think men have dealt from the bottom of the deck in a good many games they have played with us, no matter how honest they may have been in their contests with each other. The word honor has no serious connotations for them when business transactions with women are concerned.

To me, the salacious gentleman will always be suspect, for I have known too many of his kind who regarded those to whom the honor was done as a cross between a nuisance and an idiot. He represents, whatever he may say to the contrary, an age which disparaged, while it professed to worship, women.

One's madonnas are never supposed to get down from their pedestals and walk, for that might

RECREATION NEED FOR IDLE YOUTH STRESSED

Hugh McK. Landon Outlines Aims to Committee.

Unemployed youth needs a prescription of which sports, music, craftsmanship and nature study are important ingredients. Indianapolis members of the National Recreation Assn. yesterday were told by Hugh McK. Landon, association sponsor here.

Pointing out that annually 2,500,000 young people reach the age when they are ready to seek employment, Mr. Landon, in a letter to association members, asserts they must be kept active to "preserve the potential capacity of youth."

DRY WOOD

IS TWO AND ONE-HALF TIMES AS STRONG AS IT WAS WHEN GREEN

IT IS ESTIMATED THAT THERE ARE 120,000,000 CATS IN THE UNITED STATES, AND THAT 80,000,000 ARE STRAYS!

IN ONE YEAR, 1935, MAN FLEW HIGHER, FARTHER, AND FASTER THAN EVER BEFORE IN HISTORY!

© 1935 BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

NO cat can be owned legally, since cats are classed as predatory animals. It is estimated that each of the 80,000,000 strays cats about 50 birds a year.
