## 'SHARE WORK' PLAN STUDIED BY ENGRAVERS

Jobless Benefits May Be  
Abolished by Union  
Members Here.

A proposal to abolish unemployment benefits and substitute a "share work" plan, affecting 100 members of Indianapolis Photo Engravers Union, Local No. 11, is under consideration of a special union committee, union officials revealed today.

William J. Foley, union treasurer, is chairman of the committee making an inquiry to determine whether the plan of assessing employed members 8 cents on each hour worked as a contribution to benefit fund is to be terminated.

Unemployed members of the union are leading the movement for the adoption of the "share work" plan, arguing that this would make every member a wage earner.

Out-of-work benefits have been paid since October, 1930. At the outset payments were made from a fund of \$7000 created during years in which all members were employed. When the fund had been reduced to \$200, working members were assessed 10 cents for every hour worked. Later this assessment was reduced to 8 cents an hour.

The "share work" plan, unemployed engravers say, has been in successful operation at one plant here.

Members of the committee considering the change include Milford Bennett, Rhodes, Hice & Etter; Gordon Springowsky, Indianapolis Engraving Co.; Elmer Hitchcock, Indianapolis Times; Henry Durdoff, Star Publishing Co.; Ernest Frey, Circle Engraving Co.; Boland Ham-burt, Star Engraving Co., and Charles Wurtz, U. S. Engraving Co.

Newly elected officers of the union will be installed tonight. They are Ernest Frey, president; Charles Warner, vice president; Earl Lardner, financial secretary; Elmer Hitchcock, recording secretary; William J. Foley, treasurer; Deloss Marshall, sergeant-at-arms, and Edward Etter, scribe.

Fraternity to Install Officers  
New officers of Beta graduate chapter, Phi Gamma Delta, will be installed at a meeting at the Athenaeum at 6 tomorrow night.

## Girl to Woman

No need for girls to suffer from periodic pains, headache or side-ache. In girlhood Dr. Pierce's Favorite Prescription is a very beneficial tonic. This is what Miss Hazel Moore of 1114 1/2 W. 4th St., Michigan City, Ind., said: "When developing into womanhood I became thin and puny. Periodic pains and cramps were so severe I would be in bed a week or more—could hardly hold up my head. I had hardly finished the second bottle of Dr. Pierce's Favorite Prescription when I gained in weight and all my suffering had disappeared. I have never been troubled in that way since." ## BRIDGE OLYMPIC TO START HERE FEB. 1

City Players to Compete in  
Trophy Event.

Bridge players here and in all parts of the world will gather about tables Friday, Feb. 1, to test their skill in the fourth World Bridge Olympic.

The entrants will not compete as individuals but will try instead to score the highest result for each sixteen prepared hands. These hands were made up by the leading bridge experts of the country, and no "trick" hands are included. More than 200,000 players in 50

different countries will start the contest simultaneously. To the winners will be awarded the custody of the two platinum world championship trophies valued at \$10,000 each and costly replicas for permanent possession. The champions of every country, state and province also will receive trophies.

In the previous competitions previously unrecognized players have defeated experts. The player making his hands count closest to their par values is the winner, and in the other contests the "unknowns" have been successful in getting the best count.

Among the local captains for the contest is Mrs. Kay Coffin. Entrance reservations may be made at the Little Knickerbocker Club, 971 N. Delaware-st.

## To Have The Best Cough Remedy, Mix It At Home

Quicker Relief. Big Saving!  
So Easy! No Cooking!

This famous recipe is used by millions of housewives, because there is no other way to obtain such a dependable, effective cough remedy. It's so simple to mix—a child could do it. From any druggist, get 2½ ounces of Pinex, a highly concentrated compound of Norway Pine, famous for its healing effect on throat and bronchial membranes.

Then make a syrup by stirring two cups of granulated sugar and one cup

of water a few moments, until dissolved. It's no trouble at all, and takes but a moment. No cooking needed. Put the Pinex into a pint bottle and add your syrup. This gives you a full pint of cough remedy, far superior to anything you could buy ready-made, and you get four times as much for your money. It never spoils, and is very pleasant—children love it. You'll be amazed by the way it takes hold of severe coughs, giving quick, lasting relief. It soothes and heals the inflamed membranes, loosens the germy laden phlegm, and clears the air passages. Money refunded if it doesn't please you in every way.

*De Soto, winner of the Grand Prix*  
**PRESENTS**  
**TWO GREAT WORKS OF ART**  
**IN AERO-DYNAMIC DESIGN**  
**Revolutionary New Streamlined Cars to sell at Popular Prices**

In Europe... as well as in America... it's De Soto that "Sets the Style" again.

**De Soto Invades the Popular-Price Field with the Airstream**  
**De Soto. Presents a brilliantly restyled new Airflow model.**

DO YOU REMEMBER how De Soto startled the industry last year... by announcing the Airflow?

The car that won the Grand Prix style award at Monte Carlo... and shattered 29 A.A.A. Contest Board speed records!

This year... De Soto again makes news with not one new car... but two!

FIRST—DE SOTO PRESENTS the new Airstream, companion car to the famous Airflow. A scientifically streamlined automobile at an amazingly low price.

Under the hood is a miracle-working engine of 93 horsepower... with a cruising speed of 85 miles an hour... yet an amazing new gas and oil economy.

A new Synco-Silent Transmission lets you shift gears quickly, noiselessly.

Valve Seat Inserts reduce valve grinding cost. Automatic Vacuum Spark Control permits higher compression. These are the mechanical high-spots of this car. Now let us tell you about its ride.

**BOTH CARS OFFER THESE FEATURES:**

Improved Performance... Airflow De Soto has 100 horsepower—Airstream De Soto, 93 horsepower. Amazing speed—plus sensational economy in gas and oil.

New-type Tapered Leaf Springs and Redistribution of Weight... greatly improve your riding comfort.

Improved Hydraulic Brakes... always equalized and dependable.

All-Steel Bodies... for greater safety. This year, frame and body are virtually one solid unit.

Floating Power Engine Mountings

...that banish motor vibration.

New Electro-processed Light-weight Aluminum Pistons... practically immune from wear.

New Synco-Silent Transmission... takes all noise and effort out of shifting... in all gears.

New-type Airwheel Tires... give broader road contact, quicker stopping. 42% more non-skid mileage.

**\$695 AND UP**  
F.O.B. FACTORY, DETROIT

You've never had such a ride! Independent wheel suspension gives the front springs a slower action. Redistribution of weight eliminates the "double bump." And an amazing new type of tapered leaf springs in the rear give flexibility never before possible.

In the Airstream De Soto you have a car, light in weight, which rides easier than any car except the Airflow.

And now the second chapter—a new Airflow... brilliantly restyled!

You'll have to see it yourself... to know how truly beautiful it is.

The front end has been smartly improved. Interiors are more sparkling... with handsome new fabrics.

Here is the car of 1935... that's two years ahead of the field.

Drive the new Airflow... with its 100-horsepower engine... its thrilling performance... its sensational Airflow Ride.

See both new De Sotos... then ask yourself, "Which De Soto will it be?"
