What Price Vanderbilt!

Gloria's Mother Asks \$51,910 to Uphold Name in 1935; Society "Flatfoot" to Get \$3600.

By United Press

NEW YORK, Jan. 8.—Mrs. Gloria Morgan Vanderbilt's 1935 living expenses were itemized at \$51,910 today in a proposed budget to be paid from the estate of her 10-year-old daughter.

Although the child will spend only 115 days with Mrs. Vanderbilt during the year, the budget called for \$1,500 for a governess and \$3,600 for detectives. Other items for the girl included \$500 for books and toys, \$600 for music lessons and \$2,000 for miscellaneous expenses of mother and daughter.

Mrs. Vanderbilt estimated her expenses would be \$3,910 higher than last year. In urging the increase she told the court that "as the widow of Reginald C. Vanderbilt, the daughter-in-law of dowager Alice C. Vanderbilt and mother of Gloria Laura Morgan Vanderbilt I had to keep up appearances and maintain a social position of the high standard set by the Vanderbilt family, name and tradition."

Rent and maintenance of the family home and the wages of eight servants accounted for slightly less than one-half of the total. Rent was \$6,000, food was estimated at \$500 a month, and electricity and steam at \$900. Among smaller items were telephone and gas, each \$60 monthly. The largest single item in the budget was \$12,000 for Mrs. Vanderbilt's allowance. This sum was unchanged from last year. Previously Mrs. Vanderbilt had said she would continue giving her mother \$3,000 yearly. This amount was not included in the budget.

Surrogate James A. Foley was expected to receive the budget today. The child has a \$3,000,000 estate with an estimated income of \$125,768 annually. It was understood that no objections would be made to the expenses listed by Mrs. Vanderbilt.

STATE POLICE NAB 8 ON 1934 TAG CHARGES

City Force Refrains From Arrests as Chief Issues No Orders.

While Police Chief Mike Morrissey reiterated his determination not to order arrests of motorists using 1934 plates, state police yesterday continued their drive and lodged charges against eight persons who had failed to obtain new tags.

Chief Morrissey repeated that he had not ordered arrests because he claims many persons have bought their licenses but have not received them through the mails.

Police have received 12 complaints of thefts of new license plates within the last 24 hours. At the same time this became known at headquarters. Municipal Judge Dewey Myers was making it plain that persons arrested from now on would find his court less lenient than it has been to date.

STATE POLICE CONTINUE SLOT MACHINE DRIVE

Activity Has Become Part of Routine Duty of Force, Feeney Asserts.

State Police activity to drive slot machines out of Indiana has become "part of the routine duties of the force," State Safety Director Al Feeney announced today.

Meanwhile Indianapolis police continued their recently announced drive against slot machines and other gambling devices by arresting Joe Bakius, 55, of 355 W. 17th-st., on charges of possessing gambling devices. A slot machine and a penny jack-pot were seized at the W. 17th-st. address after a raid based on a search warrant.

Yesterday, it was disclosed that several slot machines seized by State Police bore a printed statement that they were "insured and fully protected" by the Coin Machine Operators' Association of Indiana, with headquarters in Indianapolis. No such organization is listed in the City Directory, the telephone book or in the county clerk's corporate records.

No additional seizures were reported to state police headquarters this morning. Mr. Feeney said the force has been instructed to make arrests wherever slot machines are found in operation.

Johnson County authorities yesterday appealed to the State Police for assistance in stamping out the use of slot machines in that county. Local authorities, Mr. Feeney was told, had been powerless to suppress the machines for more than a day or so before they reappeared in public places.

A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women who suffered from constipation. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients, naming them Dr. Edwards Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the bowels, causing a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, hollow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, take one or two of Dr. Edwards Olive Tablets at night for a week and note the pleasing results.

Thousands of women and men take Dr. Edwards Olive Tablets—now and then—to keep fit, 15c, 50c and 60c.—Advertisement.

SEEKS CHANGES IN LEGISLATURE BILL PROCEDURE

Democrat Speaker Nominee Urges Move to Expedite Assembly Action.

Changes in the rules of the Indiana House of Representatives calculated to balk parliamentary maneuvers to delay legislation will be proposed to the house Thursday by Rep. Edward H. Stein, Bloomfield, who is slated for the speakership.

One of such methods which has been used frequently in the past is the practice of making a motion to reconsider to delay legislation which a bill was passed. Such a motion holds the measure static for 24 hours.

Rep. Stein proposes to make all motions to reconsider subject to immediate action for the last 15 days of the session.

Another rule he seeks to amend provides that measures to be acted upon be posted by the Speaker prior to convening of the day's session. Mr. Stein would have it possible for the Speaker to give notice at any time during the session and then hand down a bill for reading.

Senate leaders will meet today to consider similar rule amendments in the upper house.

The 65 Democratic Representatives and 38 Senators will meet Thursday morning and, after formal organization, will meet in their respective chambers to caucus for leaders. At the same time the 35 Republican Representatives and 12 Senators will meet at the Claypool for a caucus.

The Assembly will convene at 10 Thursday morning and, after formal organization, will meet in joint session to hear Gov. Paul V. McNutt's message.
