By Scraps-Howard Newspaper Alliance
WASHINGTON, Jan. 19.—Many questions arose today about the benefits and burdens proposed in the Administration security bill. Some of them are answered below:

Unemployment Insurance

Q—How is it to be financed? A—By a Federal tax beginning in 1936 on pay rolls of employers with four or more employees; the tax to be 3 per cent after 1937, but as low as 1 per cent meanwhile, rising with recovery. Up to 90 per cent of the tax will be refunded to employers who pay into satisfactory state unemployment insurance plans.

Q—What sum will be paid to furlored workers? A—That depends on the various state laws. The cabinet committee suggests a four-week waiting period, then a maximum of 15 a week for 15 weeks, plus one week for each six months of worker's service, up to a grand total of 25 weeks.

Q—Where are taxes to be accumulated? A—In United States treasury, whether collected by states or United States.

Q—Who is eligible to receive unemployment insurance? A—That depends on state laws.

Old Age Insurance

(Contributory)

Q—Who will be eligible to receive monthly dividends in old age? A—Any employee who quits work at 65 or later (including farm hands and servants), for whom old-age insurance tax has been paid for five years beginning before he or she is 60.

Q—Who are excluded? A—Non-manual workers earning \$250 a month and up are excluded.

Q—How is insurance financed? A—By a pay roll tax shared equally by employer and employee, total tax being 1 per cent when plan starts on Jan. 1, 1937, and rising to 2 per cent in 1942, 3 per cent in 1947, 4 per cent in 1952 and 5 per cent from 1957 on.

Q—How will beneficiaries be paid? A—By the United States treasury.

Q—What if worker dies before 65, or pensioner dies before receiving in pension what he has paid in, plus interest? A—Balance goes to dependents.

Q—How much pension will be paid? A—This varies with employee's average wage and his length of service. Maximum check will be \$60 a month at first, but in the future when persons have contributed for a lifetime the maximum will be about \$75.

Q—How are taxes collected? A—Through purchase by employer of special stamps to be sold at post offices.

Old Age Pensions

(Federal Subsidy)

Q—How much will United States contribute to state old age pension systems to care for needy persons already 65 or older and thus ineligible for contributory insurance? A—\$50,000,000 for year ending June 30, 1936; \$125,000,000 a year thereafter (to match state funds dollar for dollar).

Q—How much pension will be paid under this temporary system? A—Maximum of \$30 a month.

Q—How long must person have lived in state to get such benefits? A—States will decide, but five years is maximum requirement.

Q—How do states get United States subsidies? A—State pension plan must have Federal approval, and provide sufficient payment to maintain beneficiary decently.

Dr. Edwards Olive Tablets act gently but firmly on the bowels, stimulating them to natural action, and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

Olive Tablets bring no gripping pain or any disagreeable effects.

In F. M. Edwards discovered the famous secret of success among patients afflicted with constipation with the attendant bad breath.
