

OHIO GOVERNOR PRAISES M'NUTT ADMINISTRATION

Urges Legislators of Sister State to Adopt Similar Laws.

By Times Special
COLUMBUS, O., Jan. 23.—Paying tribute to the Governor of a sister state, Gov. Martin L. Davey praised the administration and executive powers of Gov. Paul V. McNutt of Indiana in an address before the 91st General Assembly of Ohio yesterday.

Gov. Davey said in his remarks: "The State of Indiana has set us a fine example of state government reorganization and has demonstrated the substantial savings that can be brought about through sane procedure.

"With a population only approximately one-half that of Ohio, and with wealth and tax revenues substantially less than one-half of our own, Indiana has been able to save \$11,000,000 in a period of two years by sensible and businesslike reorganization of its government. I commend such procedure to you, as the sheer merit of the proposal, and the inescapable logic of its enactment."

Gov. Davey took office Jan. 1.

SAYS INDO-VIN IS A BLESSING

new, scientific mixture of Extracts from Medical Plants, known as Indo-Vin which is now being introduced to crowds daily here in Indianapolis by the Indo-Vin Man in person at Hook's Drug Store, Illinois and Washington streets. Following is this widely-known Indianapolis man's statement:

"For years I had almost suffered death with kidney trouble," said Mr. Burk. "My kidneys were so deformed that they got me up all night. I couldn't sleep on account of this constant rising, would hear the clock strike every hour and then get up in the morning feeling as worn out as though I had never been to bed at all and would be so stiff and sore across my kidneys that I could hardly stand it. My meals would sour in my stomach and bloat me up with gas. The stomach gas would press on my heart and put me in so much pain with my chest that I would get dizzy all over.

"My condition was awful and Indo-Vin was the first medicine in years that had any effect on me, and it has worked the misery out of my whole body. My kidneys are acting in a normal manner now, I can go to bed and sleep and don't have to keep getting up and down all night and I don't have any kidney misery in my back. It has put a complete stop to all the gas misery and every good drug that I used to have, and I am not afraid to eat any more because my food is digesting as good as it did when I was a child. It simply improved my WHOLE SYSTEM and I want to publicly endorse it to all suffering people.

The Indo-Vin Man is now at Hook's drug store, Illinois and Washington Sts., Indianapolis, daily meeting the public and introducing and explaining this new mixture of Nature's Medicines. Also being sold in all the nearby towns by every good druggist throughout this whole Indianapolis section.—Advertisement.

INSANITY PLEA IN CRIME CASES CURBED BY BILL

Measure Is Outgrowth of Decision in Saunders Slaying.

Temporary insanity, as a plea in criminal cases, will lose popularity if a bill to be introduced in the General Assembly by Senators Leo X. Smith and Thomas A. Hendricks, both of Indianapolis, is adopted.

The proposed bill is the outgrowth of the Neoma Saunders trial in Lebanon that resulted in Mrs. Saunders' acquittal on a charge of slaying her husband, the Rev. Gaylord V. Saunders.

The defense was based on temporary impairment of the mind of Mrs. Saunders as the result of abnormal treatment from her husband.

The bill provides that an insanity plea would be equivalent to admission of guilt. Courts and juries would be required to find whether the defendant was sane or insane at the time of the commission of the crime.

Teeth in the bill is the provision that if the judge or jury finds the defendant was insane when the crime was committed that the defendant is still presumed to be insane and may be committed to a hospital for the criminal insane at the state prison, or, in the case of women, to an insane hospital.

Freedom may be gained in using the temporary insanity plea only by a sanity commission adjudging the person of sound mind following the trial.

Theodore Mathers, whom Mrs. Saunders is alleged to have induced to slay her husband, will be tried soon at Lebanon. The case was removed from Marion to Boone County.

COMPROMISE REACHED IN NEEDY PUPIL BILL

Representatives of the League of Women Voters won a partial victory yesterday when the Senate Committee on County and Township Business voted to redraft S. B. 34 which would remove from school attendance officials the power to investigate needy school children.

The measure, introduced by Senator Leo X. Smith (D., Indianapolis) proposed that the authority be given to township trustees. The compromise will provide that school authorities in incorporated cities and towns be given the power to levy a tax for the purpose and have charge of the expenditure of the similar duties in townships outside cities and towns.

Igor Stravinsky, Famed Composer, to Feature Program at English's Sunday

BY WALTER D. HICKMAN
TREMENDOUS interest has been aroused here in the appearance of Igor Stravinsky, composer; Samuel Duskin, violinist, and the Musical Art Quartet, due at English's Sunday afternoon.

The interest is state-wide, because Indianapolis is one of the few cities included in Stravinsky's present tour, according to Mrs. Nancy Martens, who will present the artists.

Stravinsky is considered one of the outstanding musical geniuses of this age. He impresses one as being an agitated little man with the will of a giant. He possesses a cyclonic temperament.

Although he will not conduct an orchestra here, he is appearing as guest conductor for his own compositions with several of the outstanding musical organizations of the country.

The Musical Art Quartet will play the first two parts of the program and Stravinsky and Duskin the last two parts.

The program is as follows:
"Quartet in C Major" (Kochel 465) . . . Mozart
