

## SENATE GROUP TO STRENGTHEN PRIMARY LAW

Platforms Urging Repeal to Be Ignored, Conference Indicates.

Disregard of the Democratic party platform calling for repeal of the primary law and a general agreement that the law should be strengthened, instead, were expressed last night at the meeting of the Senate Elections Committee.

The discussion was on the bill of Senator Alanson L. Albright (D., Cayuga), and others, which calls for placing back on the primary ballot the nominations for Governor, United States Senator and all state officers, except judges of the Supreme and Appellate Courts.

The committee decided to go further than the original bill and amend it to include the Supreme and Appellate judges also in the list of primary nominations. Such nominations now are made in convention, and, unless the bill is further amended, would be made in convention only if the candidates failed to receive a majority in the primary voting.

Every member of the committee was adamantly opposed to any law that would repeal or weaken the primary. Instead they favored legislation to strengthen it.

### Ludlow Views Are Read

Approval was voiced when Senator John Bright Webb (D., Indianapolis) read a letter from Rep. Louis Ludlow, Indianapolis, Twelfth District Congressman, in which Rep. Ludlow declared he had polled the Indiana delegation in both the national Senate and House and found that the sentiment is overwhelmingly in favor of the primary, regardless of the party platform.

Rep. Ludlow's letter also said that a like feeling is evident among Republicans, even though the same pledge was contained in their platform.

Sen. Elias Swihart (D., Elkhart) pointed out that if the committee reports out the Albright bill for favorable passage that it may not be necessary to consider the Albright-Swihart-Wall bill which prevents Federal, state, county, city and township officials and their relatives from acting as delegates to state conventions.

### Further Study to Be Made

Senator Swihart termed the delegate bill the most effective blow that could be struck at machine politics, but said that the primary bill could take its place.

The primary reform bill also would restore presidential preference and would bind the presidential and vice presidential delegates chosen in the primary to vote at the national convention for the candidate for whom they were elected.

After amending the bill to put the Supreme and Appellate judges on the primary ballot, the committee adjourned today for further consideration of the measure.

### Pari-Mutuel Hearing Set

Efforts to reach a decision on three bills, legalizing pari-mutuel betting on horse races, will be made at 7:30 Thursday night when the House Public Morals Committee holds a public hearing.

One of the three bills has quasi-administration backing through direct approval of the Indiana State Fair Board. A second bill legalizes dog race betting, as well as mutuel machines, to be used in playing the "ponies." A third bill is an orphan that will be neglected as partisans of the other two bills attempt to bring their measures out of committee.

Rep. Morris H. Coers (D., Indianapolis) is chairman.

### STATE WOOL GROWERS TO HOLD PARLEY HERE

Association to Open Meeting at Washington Feb. 11.

## FLOOD CONTROL WORK CENTERS IN THIS SECTION

Just south of this beautiful bend in the White River, near the State Conservation Department's fish hatchery, the department is repairing a west bank levee as part of the extensive flood prevention program now being pushed by various governmental

units in Marion County. The land shown at the right, near the bend, could be removed to straighten the river in this sector and give work to more Federal Emergency Relief Administration men. The cost would be prohibitive, however, in view of the nature of the property to be protected along the east bank. The height of the west bank, from which this photograph was taken, serves to protect property along the west side of the river.

## "NATURALLY SKINNY FOLKS" 2 WAYS IN 1 TO ADD WEIGHT. Quick!

5 lbs. in 1 Week or No Cost!

Hosts of thin, pale, rundown folks—and even "Naturally Skinny" men and women—are amazed at this—new easy way to put on healthy needed pounds quickly. Gains of 15 to 20 lbs.—in one month—5 lbs. in a week—are reported regularly.

Kelpamalt, the new mineral concentrate from the sea—gets right down to the cause of thin, underweight conditions and adds weight, through a "2 ways in 1" natural process.

First, its rich supply of easily assimilable minerals stimulates the digestive glands which produce the juices that alone enable you to digest the fats and starches—the weight-making elements in your daily diet. Second, Kelpamalt's NATURAL IODINE is a mineral needed by the vital organ which regulates metabolism—the process through which the body is constantly building firm, solid flesh, new strength and energy. Three Kelpamalt tablets contain more iron and copper than a pound of spinach or 7½ pounds of fresh tomatoes; more calcium than 6 eggs; more phosphorus than 1½ lbs. carrots; more NATURAL IODINE than 1800 lbs. of beef.

Try Kelpamalt for a single week and notice the difference—how much better you feel. If you don't gain at least 5 lbs. of good, firm flesh in 1 week the trial is free.

**Kelpamalt Tablets**

MANUFACTURER'S NOTE—As the result of Kelpamalt's tremendous popularity, many inferior imitations—sold at high and low prices—are being advertised. Don't be fooled. Ask for the original, genuine Kelpamalt Tablets. They are easily distinguished by the green and white design on the wrapper. Absolutely guaranteed to produce results or money back.

Kelpamalt costs but little at All Hook's Dependable Drug Stores.

## \$1,450,000 IN BONDS STOLEN BY 'PHANTOM'

Ghostlike Thief Escapes With Negotiable Securities.

By United Press

NEW YORK, Jan. 29.—A phantom thief has stolen \$2,685,000 in Wall Street during the last three years, police concluded today after hours of fruitless investigation into the theft of \$1,450,000 in a broker's office under circumstances that ordinarily would seem to bar any possibility of theft.

The victim was the Bank of Manhattan Co., whose messenger, George Blossfield, 65, lost his security-laden wallet in the delivery room of C. J. Devine & Co. The portfolio contained \$1,450,000 in negotiable securities. In three other thefts dur-

ing the last three years \$1,235,000 was stolen under circumstances so similar police concluded one man was responsible.

The Bank of Manhattan Co. will lose nothing because of its insurance. All brokers and banks throughout the country were provided the numbers of the stolen securities today and some 20 private detectives, provided by the insurance company, were put on the case. In not one of the robberies was the thief ever seen nor were police able to analyze his technique. Blossfield left the Bank of Manhat-

tan Co. yesterday with \$2,300,000 in securities. He was accompanied by an armed guard, John McCarthy. He went first to the Devine Co. delivery room, where he delivered \$850,000. The receipt the Devine clerk was to sign called for more and Blossfield sent his guard back to the bank to get the securities that had been left out of his portfolio by error. He waited to one side of the teller's window, his portfolio on the ledge at his elbow.

A few minutes later when McCarthy returned and Blossfield got his receipt, he turned to where the

portfolio had been at his elbow. It was gone. No one had been in the room, so far as any one saw, except other bank messengers. Both Blossfield and McCarthy are old and trusted employees and were not under suspicion.
