## BANKS REFLECT BETTER TIMES, GOVERNOR SAYS

### Increased Deposits Show Return of Prosperity, McNutt Declares.

Indiana banks and building loan associations were termed "weather-vanes of returning prosperity" today by Gov. McNutt, as he told of increased deposits in state banks. The address also was broadcast last night.

"Time deposits," he said, "in 427 banks under state control are \$3,000,000 more today than a year ago and savings and thrift deposits total \$99,749,000 as against \$74,687,000 a year ago."

Thousands of doctors use Creomulsion for colds and coughs in their own families as well as in their practice knowing how dangerous it would be to let them hang on.

Creomulsion with creosote and six other important medicinal elements, quickly and effectively relieves coughs and colds that otherwise might lead to serious trouble.

Creomulsion is powerful in the treatment of colds and coughs, yet it is absolutely harmless and is pleasant and easy to take. Contains

"Today there is not a single bank in Indiana operating on a restricted basis. At one time during the last two years 132 restricted banks, with \$8,000,000 in frozen deposits, were in operation. Four million dollars of the frozen deposits of those banks have been released."

Loan Association Resources Drop

The state, he pointed out, has 375 building and loan associations, with total resources of \$215,000,000, compared to \$246,000,000 in resources the previous year.

"Lending of credit unions in Indiana has more than doubled during the last three and one-half years. Loans outstanding June 30, 1935, were \$751,957.94 as compared with approximately \$325,000 on Dec. 31, 1932."

Total assets of the 113 credit unions in the state was \$1,114,158.59 at the end of the fiscal year compared to assets of \$830,367 in the previous year the Governor declared in conclusion.

Return of Prosperity Shown

"Definite indication of a return to prosperity is reflected in the condition of Indiana financial institutions. Total resources for the fiscal year ending June 30 in Indiana amount to \$373,017,518.10 or an increase of \$61,000,000 in resources over June 30, 1934."

But one bank closed during the last year, caused by defalcations of a cashier, he said. Depositors
