

BROADER VIEWS DECLARED BEST WAY TO PEACE

Dr. G. Bromley Oxnam Is
Heard at Conference of
Librarians.

Warning that another world war might see the passing of power from the west to the east has been sounded by Dr. G. Bromley Oxnam, De Pauw University president.

"Unless we teach students to think in world terms, instead of that of their own restricted groups, we may have another world catastrophe," he told delegates to the conference of the Indiana Library Association and the Indiana Library Trustees Association, meeting jointly in the Claypool yesterday.

America must get beyond a limited horizon, and become world conscious, Dr. Oxnam said.

"If we fail to think in terms of a group as a whole, instead of our own restricted group, democracy is a failure," he added. "The United States is going to become a part of the world organization eventually, of course."

Urges Wider Knowledge

Students must be taught, in addition to the value of social consciousness, the need for interest in other than their chosen fields, and the value of hobbies, Dr. Oxnam said.

Following the session at which he spoke, the group adjourned to the state library, where Josiah K. Lilly, founder of Foster Hall, spoke on Stephen Collins Foster, and was made an honorary member of the Indiana Library Association.

Lyman Beecher Stowe, boyhood neighbor of Mark Twain, spoke last night on "Mark Twain—Self-Appointed Instructor of the Public."

Committees Chosen

Miss Emma Cox, Martinsville; Miss Florence P. Crawford, Terre Haute; Miss Lena Martin, Garrett; Miss Evelyn Craig, Vevey, and Mrs. Ora T. Doyle, Clinton, were named on the resolutions committee.

Members of the nominating committee are Miss Margaret Hable, Rushville; Miss Sally Rahdars, Muncie; and Miss Marian Webb, Ft. Wayne.

Members of the auditing committee are James A. Howard, Hammond; Rex Potter, Ft. Wayne; and Miss Annette Clark, New Albany.

DELEGATION OPPOSES WIDENING OF 16TH-ST

Action on Project Deferred Until
March by Works Board.

A delegation of 10 persons owning property on 16th-st between Delaware and Alabama sts, today successfully had opposed a proposal to widen that section of the street.

The Works Board yesterday postponed action until March. E. C. Jilison, 1448 N. Delaware-st, delegation leader, said property owners also want the Board to widen 16th-st from Central-av to Delaware-st if the project is started.

Continues as Director

Bert S. Gadd, Indianapolis funeral director, was continued on the National Funeral Directors' Association board of governors by vote of the national convention of the association in Cleveland yesterday.

A New Thrill for Women

**QUICK! STOP
THAT COLD!**

Don't let it take root. Take Grove's Laxative Bromo Quinine as quickly as you can. It will stop the cold in its tracks because it does four things. It opens the bowels, combats the infection and fever in the system, relieves the headache and grippiness and tones the system. At all drug stores. Accept no substitute.

**Grove's LAXATIVE
BROMO QUININE**

**How to Soothe
Jumpy Nerves**

Needless fear, emotional upsets, irritability, worry and sleeplessness are frequently the direct result of jumpy nerves. Year after year, thousands of men and women suffer from overwrought nerves when they could get quick, glorious relief in 15 minutes or less with one TREMS tablet and a glassful of water. By relieving the capillary pressure on thousands of tiny nerve ends throughout your body, TREMS relaxes your nerves and then, quiet those quivering nerves, banish the blues and jitters. Don't suffer another hour with jumpy nerves, nervous headache, nervous indigestion, sleeplessness, nervous hysteria, periodic nervousness.

**GET
TREMS
AND GET RELIEF**

At Hook's, Haag's, Walgreen's, Lee Drug and other good drug counters.

WHAT SHERIFF SEIZED IN RAID ON TAVERN

A quantity of unstamped liquor and several slot machines, taken by Sheriff Ray and a group of deputies in a recent raid on Baker's Tavern, 7502 N. Keystone-av, are shown above with Deputy Sheriff Mike F. Lane holding one of the machines. The loot is at the Marion County Jail.

MAYOR PRAISES CITY'S AIRPORT

Kern Describes Equipment
Being Installed at
Flying Field.

Declaring that the Municipal Airport is a "show place" of Indianapolis, Mayor Kern, in a radio address last night, described the blind flying equipment being installed at the field by the Bureau of Air Commerce.

"This port, which is now connected with other cities by teletype circuit and radio, will be one of the most modern in the world when the new machinery is completed," he said. "By means of radio beams, pilots will be able to land here under all types of adverse weather conditions."

Mayor Kern explained the physical equipment of the field, and said Works Progress Administration labor was clearing the wooded land on the west boundary and making the port safer.

A radio range transmitter, which now operates 24 hours a day, sends out directional beams that guide pilots coming to the field from all directions, he said. Three transport companies and two private companies, which have facilities for student instruction and plane transportation, now use the port, he said.
