

COUNCIL GETS TAXICAB LAW ON 'CRUISING'

Drivers Pack Gallery as Ordinance Is Given First Reading.

A measure, seeking to limit Indianapolis taxicabs to one for each 1500 persons, was introduced at the City Council meeting last night, while a gallery packed with taxi drivers looked on in silence.

This bill, which also provides mechanical inspection of cabs, was drafted several weeks ago. Numerous technical changes delayed its introduction until last night, Walter G. Boetcher, City Controller, said.

The proposed ordinance would prohibit "drivers from searching for or soliciting patronage along streets upon which street cars operate. Penalty for violation would be a \$100 fine to which might be added 30 days imprisonment.

Also introduced and passed under suspension of the rules was a resolution authorizing Mayor Kern to sell government bonds in the Snow-Butler Fund. Most of the money is to be used to build the Flower Mission Memorial Hospital, it was explained.

Measures which would change the name of Nelson-st to Holiday-st and would make College-av a preferential street were given first reading.

After wrangling for half an hour, the Council finally agreed to a \$450 fund transfer requested by the Safety Board to pay members of the merit commission.

"Why don't the candidates pay tuition, and let that money go to pay these men?" Edward B. Raub, Council president, said. "We could build up and make our officers 'G-men'." he added.

Action was deferred on measures seeking to repeal the anti-picketing ordinance and to regulate barber shop sanitation.

Civic League to Meet

Members of the East Michigan Street Civic League are to meet Nov. 18 in the Dearborn. At a meeting last night track elevation and improvement of street car service were discussed.

Rupture Disappears As If By Magic

Doctor's New Discovery Wins Applause of Thousands.

A doctor of Kansas City, Mo., has discovered a new rupture method that is so successful hundreds have thrown their trusses away—reporting all signs of rupture gone. This method does away with leg straps, elastic belts, binding aprons and harsh pads. Every week more and more letters are received from users telling how they now go without any support. All who are ruptured should investigate this discovery at once. Mr. E. O. Koch offers to send the doctor's inexpensive method to any ruptured sufferer for 30 days' use and make no charge if you are not pleased in that time. If you are ruptured, be sure to write Mr. E. O. Koch, 6237 Koch Bldg., 2906 Main St., Kansas City, Mo., tonight for his trial offer.—Advertisement.

FLYING

With MAJ. AL WILLIAMS
Chief of Air Service
Script-Howard Junior Aviator

THERE are no cut and dried tactics written in the war text-books to fit the situation existing between Italy and Ethiopia. And being on the offense, it is up to Italy to work them out. Ethiopia's job is to hang on for dear life and let Italy work out the next move.

The British had a somewhat similar problem of their hands in their northern India campaign. When patrolling the Khyber Pass and policing the difficult Iraq country they found that two-seaters and single-seater fighters, armed with machine guns and small 100-pound demolition bombs, were most effective. But such universal conception of sportsmanship—not only must leeway be allowed for getting to an objective and back, but a considerable amount of gasoline must be accounted for during the engagement.

Every fighting man, whether he is an untutored savage or a highly educated college graduate, has a fairly universal conception of sportsmanship—and the Ethiopian warriors undoubtedly will look upon the use of aircraft as a very unsportsmanlike gesture. He won't understand that civilized society considers anything fair or any means justified in war . . . and hell work

Stories in STAMPS

By I. S. Klein

EPIC OF FINLAND

ONE hundred years ago the Finnish educator, Elias Lonnrot, traveled through the countryside of Finland and collected the legends and songs of his people. After two years of travel he put together these folk songs into one great national epic, called Kalevala, which was published early in 1835.

In this lengthy poem lies the tradition of the people of Finland. It includes stories of heroic adventure, of romance and racial ambition. The music of the great Finnish composer, Jean Sibelius, was influenced by it. It has been immortalized in many great paintings, and has been translated into 12 languages.

Early in 1935 a set of three stamps was issued commemorating the one hundredth anniversary of the publication of Kalevala. The one shown here illustrates the departure of Kullervo, heroic avenger of the death of his father and the sufferings of his family in a feud.

EASTERN TIME IS VOTED BY CHICAGO

Mayor's Signature Necessary to Make Action Legal.

CHICAGO, Nov. 5.—Only the signature of Mayor Kelly was needed today to make Eastern Standard Time official for Chicago beginning next March 1. The city council voted 4 to 3 late yesterday to adopt "permanent daylight saving time."

If the ordinance goes into effect clocks will be set ahead one hour.

The ordinance was bitterly opposed by Chicago Federation of Labor officials, who indicated they would question the constitutionality of the council's action.

REJECTS SEWAGE PLANT

Noblesville Council Decides 4 to 1 Against Project.

NOBLESVILLE, Ind., Nov. 5.—Proposed construction of a sewage disposal plant here appeared defeated today. Termining the project "expensive and unnecessary," the City Council voted 4 to 1 to reject a Federal grant of \$70,000.

Judge Treanor to Speak

Justice Walter E. Treanor of the Indiana Supreme Court is to address the Bethlehem Evangelical Lutheran Church men at 8 tomorrow in the church.

Gone, but Not Forgotten

Automobiles reported to police as stolen belong to:

Merrill Woods, 348 Campbell-av. Oldsmobile sedan, 101-140, from Delaware and Washington-sts.

Charles E. Burns, 1240 W. 31st-st. Nash coach, 118-380, from 28th-st and North-western.

James A. Friedel, 1543 Park-av. Ford coupe, 47-066, from in front of 1543 Park-

WPA EMBARKS ON CAMPAIGN TO EMPLOY 25,000

Marion County Increase by 3800 Is Goal Set by Officials.

The Indiana Works Progress Administration today embarked on a campaign to hire by Nov. 18 half again as many persons on works relief projects as are now employed.

The Marion County total is to be increased by 3800, and the state by approximately 25,000, officials reported.

WPA state headquarters departments worked all day Saturday and Sunday in forwarding notices of allotments of funds to the eleven district headquarters offices.

The present employment in the state is about 55,000 persons, although approximately 10,000 more assignments have been sent out.

More Assignments Than Jobs

More assignments are needed than jobs, because many workers take other employment, some fail to report because of illness and other causes, state WPA officials said. Hence the employment mark of 74,000 actual workers will call for assignment of approximately 89,000 workers before all jobs are filled.

District headquarters in the state and the number of persons now employed in each are:

District one, South Bend, 6786; district two, Ft. Wayne, 6255; district three, Muncie, 3711; district four, Franklin, 1616; district five, New Albany, 2438; district six, Indianapolis, 8545; district seven, Gary, 7259; district eight, Lafayette, 2744; district nine, Terre Haute, 6202; district 10, Vincennes, 6208; district 11, Evansville, 4147. Total, 55,712.

Special stress will be laid on the employment of women with a view to absorbing the 7100 in the state who have been certified for WPA employment.

Most of the projects designed for women are sewing or book repair work in libraries. In Marion County, 317 women were at work Nov. 1, out of a potential 1600. The second district in the state in number of women available for work is the seventh district, at Gary, where 199 of a possible 1138 are at work.

2000 Women Employed

The women employed are expected to number 2000 in the state by the end of this month, instead of the present 1068. In Marion County, where approximately 3800 persons will start work Wednesday, the principal projects on which they will be employed and the number of men to be taken on are:

Clearing channel of White River between Kentucky and Oliver-av, 950 additional men; Fall Creek levee at W. 16th-st, 300 additional; Shadeland-dr at 46th and 56th-sts, 230; county roads, 790 additional; building improvement, State Fair-ground, 82; culverts and bridges, 35; national guard airport, 100 additional; girls' school, Clermont, 111; city parks, 346 additional; municipal airport, 150; sewage disposal, 150; city streets, 400; Pleasant Run-blvd, S. Meridian-st to Bluff-rd, 100; Nora School, 24; County Detention Home, two; Board of Children's Guardians, Home, 10; West Newton school, seven; low dams, 17; marking line at Riley Hospital, three women.

Among the larger projects in the county already under way are the channel clearing project in White River now employing 2000 men; Fall Creek levee, 850 men; grade crossing improvement, 170 men; landscaping at Riley Hospital, 140; building improvement in city schools, 155, and State School for the Blind.

DUKE TO TAKE BRIDE

Gloucester Wedding Minus Pomp Because of Recent Death.

LONDON, Nov. 5.—The Duke of Gloucester, third son of King George V. and Lady Alice Montagu-Douglas-Scott, daughter of an aristocratic old Scotch family, are to be married tomorrow in the tiny chapel of Buckingham Palace.

The wedding will be celebrated without royal pomp because the bride's father, the Duke of Buccleuch, died Oct. 19. It has been planned to celebrate the nuptials in Westminster Abbey.

DE PAUW TO DEDICATE PUBLICATION BUILDING

All Indiana High School Principals Are Invited.

GREENCASTLE, Ind., Nov. 5.—De Pauw University will dedicate its new publications building here Saturday and all Indiana high school principals have been invited to participate in the ceremonies.

De Pauw is one of the few schools in the Midwest with a modern building on its campus devoted exclusively to its campus publications.

Housed in the building will be the offices of The De Pauw, the student newspaper, and The Mirage, the university yearbook.

FIRST HEARING ON LABOR BILL DUE TOMORROW

Wagner Measure's Initial Case Concerns Ft. Wayne Plea for Hosiery Workers.

The nation's first hearing under the Wagner Labor Bill on collective bargaining for company elections is to be held in the Ft. Wayne Federal building tomorrow, with Ralph A. Lind, National Labor Relations Board representative, presiding.

The hearing concerns an appeal Hosiery Workers on behalf of the Wayne Knitting Mills employees.

For several weeks company and union officials have been conferring on the question of permitting only production employees to participate in company elections.

Emil Rieve, president of the Hosiery Workers Federation, is to be in attendance, together with Walter Truman, Federation district manager.

It is contended a contract signed by both the union and companies contains a clause protecting the public against strikes through arbitration. A penalty of \$10,000 can be levied against either employer or union for a breach of the contract.

TONSILINE

THE NATIONAL SORE THROAT REMEDY

STOMACH UPSET

Get at the real cause. That's what thousands of stomach sufferers are doing now. Instead of trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged intestines or constipation.

Dr. Edwards Olive Tablets help the intestines in a soothing, healing way. When the bowels are performing their natural functions, people rarely suffer from indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Try Olive Tablets, the substitute for calomel.

Dr. Edwards Olive Tablets are a purely vegetable compound. Know them by their olive color. They do the work without griping, cramps or pain. All druggists, 25c, 50c and 60c. Take one or two at bedtime for quick relief.—Advertisement.
