

## FOUR PROJECTS PUT STATE AT HEAD OF R. R. A.

Hoosier Work Approved  
and Will Cost \$717,000,  
Is Announcement.

**Times Special**  
CHAMPAIGN, Ill., Nov. 22.—Allocation of \$717,000 for four projects to be started immediately today placed Indiana at the head of the Region 3 construction program of the Rural Resettlement Administration, according to E. A. Norton, director.

Two of the approved Hoosier projects, Mr. Norton disclosed, will serve as land adjustment demonstrations in the development of recreational areas while the remaining two are to be forestry demonstrations.

**Projects and Amounts**  
Indiana's projects and the amounts allocated for construction are the Versailles recreational, Ripley County, \$75,000; Winamac recreational, Pulaski County, \$177,000; Martin County agricultural, Shoals, \$285,000, and Brown County agricultural, Nashville, \$180,000.

Quotas of men employed for the work are to come from local relief rolls, Mr. Norton said, together with clients living on the land acquired. As the projects progress, additional workers are to be recruited.

"This is the initial step by the government to adjust land use in the Middle West," the official declared, "and is the program which the Resettlement Administration was organized to carry out."

## DOCTORS NAME LEADERS

Delaware-Blackford Group Has

## BARBERTON DISORDERS STOPPED WITH TRUCE

Way Is Paved for Settlement of  
Strike by Mediator.

**By United Press**  
BARBERTON, Nov. 22.—A three-point truce proposal effective until tomorrow night paved the way today for negotiations toward settlement of the Ohio Insulator Co. strike.

Company officials and union leaders announced they were ready to bargain and they were expected to meet today with Hugh D. Friel, Federal mediator.

Acceptance of the truce appeared to have dissipated for the time being fears of more disorders in the strike-torn sector, where pickets and guards fought 24 hours when the company attempted to open its plant.

**Recovers From Shotgun Wounds**  
Albert Spillman, 19, is recovering today from minor shotgun wounds inflicted accidentally yesterday by his brother, Byron Spillman, 17, while they were hunting. He is at his home, 1315 S. Sheffield-av.

## NEARING SHOWDOWN IN AUTONOMY DRIVE

Japan and China at Crisis  
With War in Offing.

**By United Press**  
SHANGHAI, Nov. 22.—The movement to establish a pro-Japanese coalition in North China has not been abandoned despite its apparent collapse, Chinese leaders believed today.

The opinion, in well-informed circles here was that a showdown between the autonomists and the central government at Nanking is yet to come.

Chinese government circles were divided over whether an effort to set up a northern regime virtually independent of the government should be met with military resistance. Some leaders favor check-mating the next aggressive move with armed force.

Nanking's policy, it was indicated, will be to preserve peace, if possible, but to permit no further impairment of its sovereignty.

**MY OWN  
PRIVATE BLEND!**

**JULIUS KESSLER...**  
80 years old... the  
man who has made  
and sold more famous  
whiskies than any living  
man.

"At the end of a long day, there's nothing like a friendly chat and a glass of something smooth and mellow.  
"Yes sir, when I offer a friend a drink it's just got to be good whiskey... and I believe you feel the same way. That's one reason I'm putting out my own Private Blend for you.  
"But I'm asking you to buy this whiskey. So I've got to think about taste and price too. I've thought a lot... spent 60 years making whiskies, and studying how to make them.  
"Here's a whiskey I'm mighty proud to offer anybody to drink and the price is one that I don't have to make any excuses for asking you to pay. Fair enough? Don't answer until you've tasted it yourself."
