

## FRANKLIN MAN TO BE NAMED CANNERS' HEAD

Rider, Stokely and Rogers  
New Officers of  
Organization.

Kenneth N. Rider, Franklin, this afternoon was to be named president of the Indiana Cannery Association at the election in the concluding session of the convention at the Claypool.

John B. Stokely, Indianapolis, was slated to be named vice president, and J. J. Rogers, secretary-treasurer.

Directors named, in addition to Mr. Rider, are Virgil Ray, Elwood; Rodney Koonitz, Gaston, and Stewart Rose Jr., Terre Haute.

### Criticizes Government

Yesterday Howard Orr, Circleville, president of the national association, criticized the Federal government for entering competition with privately owned and operated canneries.

Projects under rural rehabilitation agencies for the operation of canneries with government finances according to present plans can result only in inexperienced, incompetent operation of canneries producing inferior quality products with resultant lower prices in unfair competition to private ownership, Mr. Orr declared.

Other speakers at the afternoon session included Governor McNutt, R. D. Cahn, financial writer for the Chicago Tribune, and Edgar Ashby, state association president.

### McNutt Reviews Outlook

While telling canners the success and welfare of the canning industry will be reflected throughout the state because of the many communities in which it provides employment, Gov. McNutt reviewed Indiana's economic status and outlook, pointing out that it is the object of government to insure each person the opportunity to live in a decent manner and that "hungry persons, who are irrational persons, are always found in the van of any revolt."

### EX-PENDLETON INMATE SENTENCED FOR ATTACK

Lipinski Given 30 Years for Abducting Chicago Girl.

CHICAGO, Nov. 22.—Found guilty of attacking an 18-year-old girl after kidnapping her from her escort, Michael Lipinski, 23, was sentenced to 30 years in prison by Criminal Court Judge Joseph B. David.

Lipinski, paroled last June from the Pendleton (Ind.) reformatory, escaped at the age of 14 from the Illinois feeble-minded institution at Lincoln after two years confinement.

Lipinski was identified as the gunman who abducted Josephine Seidel, 18, as she was leaving a dance on the night of Nov. 2 with Ervin Kimmel. The girl was held captive for eight hours and attacked.

### CANNON TO FEATURE VOCATIONAL CLASSES

Tech Publication Also to Contain Sports, Activities Stories.

Arsenal Cannon, January issue of Technical High School, will have as its feature stories of the vocational shop classes, according to co-editors Viola Francisco and Mary Prater. Pictures now are being taken of shop classes.

During the last two years the January magazines have featured the curriculum and the extra-curricular activities; this year a new field is to be presented. In addition to the vocational section, the magazine will contain pictures of student activities, stories of the fall sports, and the prize-winning literature.
