CENTURY LIQUORS

OF QUALITY
& ECONOMY

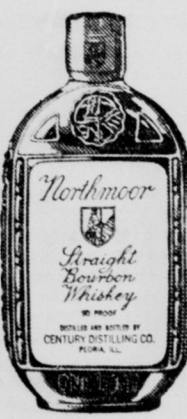

Science... Skill

Resources... Responsibility

Consider the plant behind the product; consider its process
and its purpose. In modern equipment, in scientific facili-
ties, in hygiene and sanitation, the CENTURY plant is un-
surpassed by any distillery in the world

Century whiskeys are uniformly
good and true because each step
in the distilling process is safely
guarded with constant laboratory
supervision and control.

Century begins by degerminating
its corn, and finishes by ageing its
whiskeys in new charred oak bar-
rels. Century products are truly
liquors with a conscience.
