

HUNT PREDICTS 5-YEAR PEACE OVER EUROPE

Biographer of Edward VIII Says New King Will Be One of Greatest.

By Scripps-Howard Newspaper Alliance
NEW YORK, Jan. 27.—Frazier Hunt, international journalist and globe trotter, arriving in New York aboard the liner Manhattan, took issue with the more pessimistic observers of foreign affairs—including Walter Duranty, who was a fellow passenger—predicted peace for Europe for at least five years.

He predicted, also, that England's new king, Edward VIII, whose biography he wrote last year, will "take his place among the great leaders of Europe."

"I do not believe there will be a general European war for at least five years," he said. "I believe that because it will take that length of time for Germany to prepare. German preparedness is the gauge by which we can measure the imminence of war. It will take five years before Germany's leaders can build a war machine sufficiently strong enough so that they can say: 'Now is the time to achieve our place in the sun.'"

And Germans, according to Mr. Hunt, believe their place in the sun lies to the eastward—toward the direct line of the Russian empire.

"Adolf Hitler has indicated that very openly," he said. "There is no question in my mind but that, when the time comes, he will strike in the East, hoping that England and France in their fear of Communism will not deter him."

"The fate of Europe really lies with England and France. It is those two countries which eventually must choose between a dominant Russia or a dominant Germany, between Communism and Nazism."

All Preparing for War
Mr. Hunt, who has interviewed dictators and kings, war lords and statesmen, the world over, has just completed a three months survey of Europe. He says that England, France, Russia and Germany are all busy preparing for war each in its own way.

"The importance of air craft in the war that is to come."

"This simultaneous building of huge air fleets is a contributing factor in delaying war," he said. "Each nation knows that the airplane is its most devastating weapon, but each nation also knows that the other possesses it. The threat of air reprisals is acting as a check on all of them."

Mr. Hunt said he spent hours on shore discussing the European situation with Walter Duranty—who predicts a European conflict within 18 months—but remained unshaken in his own prediction. The significance of the role England's new king will play in European affairs in the future is not fully realized even by his own people, said Mr. Hunt, who has written a comprehensive series of articles on the career of Edward VIII for Scripps-Howard papers.

Most Popular King
"Edward VIII knows the world as few statesmen do," he said. "He is fresh, young, eager and idealistic. He is undoubtedly the most popular king in England's history. With his tremendous hold on the English common people there is no question but that he will become a potent force in England's government, and his force will be in the direction of international amity and understanding."

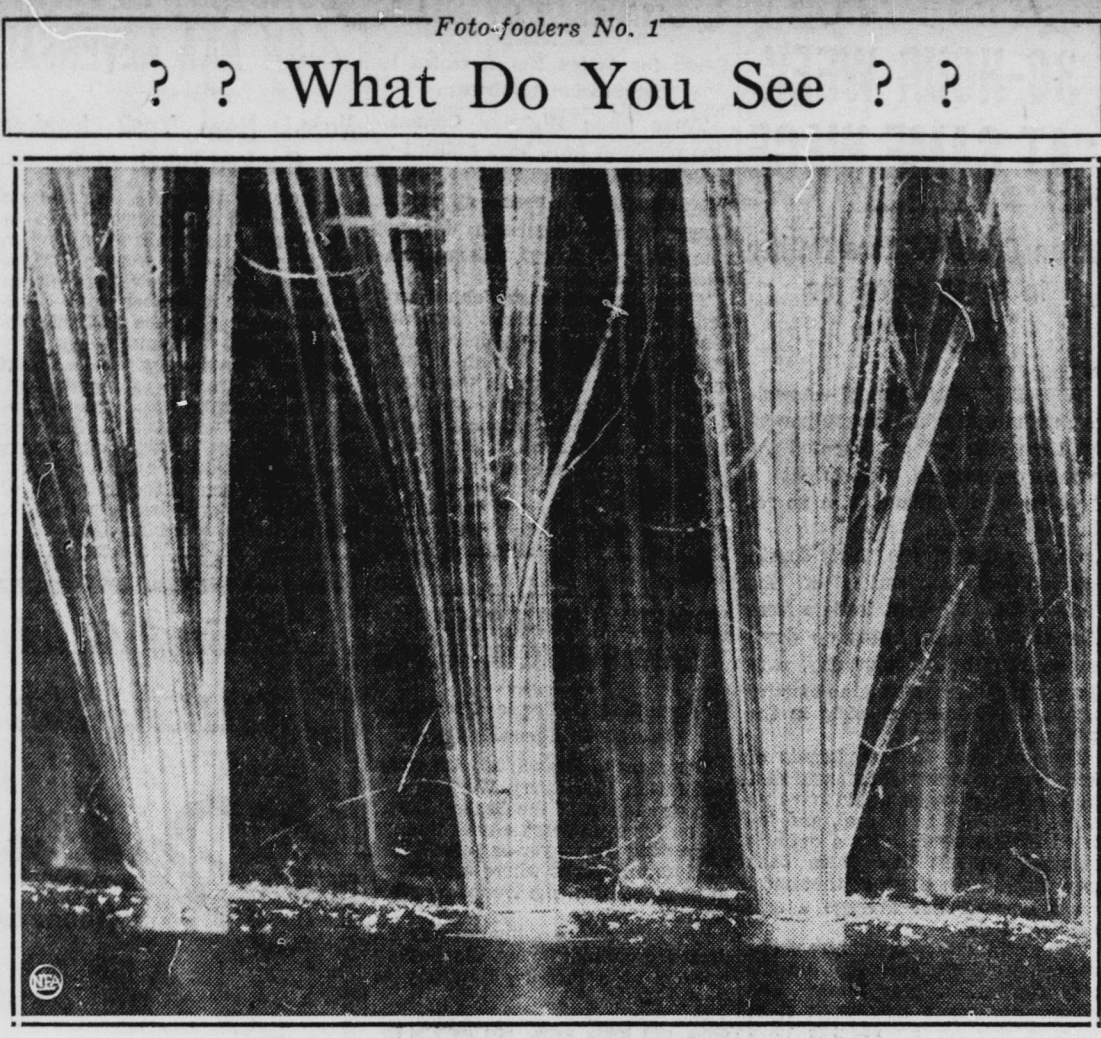

"His ascendancy to the throne at this moment is a matter of tremendous importance. And he is prepared for the role he is to play. The side of him that America knows best—the 'playboy' side, the rather unfortunate horseman, the more fortunate dancer, the talented wearer of clothes—is only one side. He has been preparing to be king all his life and he has learned well. He learned particularly well during his four years in France during the war, when he held the hand of many a dying Tommy."

Few journalists know England's new ruler as Mr. Hunt does. They chatted in France behind the lines during the war and, later, in the foothills of the Rockies in Alberta where they own adjoining ranches. Before writing the biography of the new king, "The Bachelor Prince," Mr. Hunt was given access to the British government's geographical data, and the personal clippings of the then Prince of Wales. During his recent visit to Europe he talked with a number of England's leading statesmen. His articles on Edward VIII, starting tomorrow in The Indianapolis Times will have behind them the rich flavor of material gained first hand.

Radio Series to Begin Thursday
The series of three radio talks by Guy Williams, secretary-treasurer of the Marion County Farm Loan Association, are to begin at 12:10 next Thursday, instead of Wednesday as previously announced, over WFBI.

When a cough drives you mad, Smith Brothers Cough Drops give quick, soothing and pleasant relief. Black or Menthol—5¢.
Smith Bros. Cough Drops are the only drops containing VITAMIN A. This is the vitamin that raises the resistance of the mucous membranes of the nose and throat to cold and cough infections.

Officers in charge of the installation program are: Mrs. Mae Marcus Jacobs, Mrs. Mrs. Clara Kittle and Mrs. Maggie Hubbard.

HOFFMAN TO BATTLE TO SAVE HAUPTMANN

Calls Special Session of Pardons Court to Reconsider Case.

TRENTON, N. J., Jan. 27.—Gov. Harold G. Hoffman will be almost a combination judge and counsel for Bruno Richard Hauptmann before a special session of the State Court of Pardons next month, his course indicated today.

Already determined to cast his vote again for clemency, Gov. Hoffman apparently plans to throw all his influence into an attempt to win a majority of the eight-man court to his point of view.

The Governor had not decided today what arguments he will use in the court meeting. He determined only over the week-end, it was said, to summon the court to reconsider Hauptmann's case. He hopes the private investigation he has been conducting for five months will yield sufficient evidence to save the Bronx carpenter from the electric chair.

PERMANENTS COST \$18; PIONEERS 'WAIVE' EM

Home-Made Beauty Treatments Suit Former Michigan Folk.

DETROIT, Jan. 27.—With permanent waves at \$18 and shaves at \$1, the majority of former Michigan residents now settled at Palmer, Alaska, are satisfied with home-made beauty.

The information received in a letter from Mrs. Harold Zook, whose family is among the colonists, also revealed that potatoes do not mature in Alaska because of the short season and the cold nights. The stock diet now consists of oats and peas mixed. Milk sells at 25 cents a quart and vegetables grown during the last season are of good quality and quantity.

COLEMAN NAMED NEW SOLDIERS' HOME HEAD

Chief of Finance of Army Picked for Washington Post.

WASHINGTON, Jan. 27.—The appointment of Maj. Gen. Frederick W. Coleman, chief of finance of the United States Army, as governor of the United States Soldiers Home at Washington, effective May 1, was announced today by Secretary of War George H. Dern.

Coleman's term in his new post is to last for three years. He retires from active service on April 22, after more than 37 years service with the Army. He is to succeed Maj. Gen. H. P. McCain, retired.

260 FRESHMEN ENROLL

Special Program Is Conducted at Washington High School.

Two hundred and sixty freshmen have enrolled at Washington High School this semester, Walter G. Gingers, principal, announced today. A special program was arranged in the auditorium at which musical numbers were presented.

Man's Friends Glad He Told Them About BLACK-DRAUGHT
Writing from Texarkana, Texas, Mr. W. T. Bentley, of that city, says: "I have been using Black-Draught for fully forty years. I kept a supply on hand. I first knew of Black-Draught when I was a boy, clerking in a store. I saw people buying it and thought it must be good. I took it for constipation and biliousness. I would have a bad taste in my mouth and headache. I knew I needed a laxative—something to cleanse the system. I would hunt up the Black-Draught and take a dose. I would be relieved in a few hours. In Black-Draught, I have found a simple remedy—one that does not have any after-effects. I do not know of anything better to take for a dull, tired, listless feeling. I have recommended Black-Draught to many friends and neighbors. I know they have been glad that I did, for they have said so."

LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes.
Nature put over 15 miles of tiny tubes and filters in your kidneys to strain the waste matter out of the blood. Kidneys should pass 3 pints a day and so get rid of more than 3 pounds of waste matter.

When the passing of waste is scanty, with smarting and burning, the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste matter, your body may take up some of these poisons causing serious trouble. Don't wait! Ask your druggist for Doan's Pills, which have been used successfully by millions of people for over 40 years. They give happy relief and help the kidneys to flush out 3 pounds a day. Resist all cheap substitutes.

DIERDORF CASE STILL MYSTERY IN TERRE HAUTE

Identity of Girl's Slayer Is Unsolved Seven Years After Crime.

TERRE HAUTE, Ind., Jan. 27.—Seven years after the mysterious kidnapping and slaying of Edith Mae Dierdorf, 11-year-old paper carrier, the identity of her attacker today remained unsolved.

Edith Mae disappeared after finishing her regular Sunday paper route the morning of Jan. 27, 1929. Her body was found in a clump of bushes in the Busserson Creek bed near here a week later.

The little girl was the daughter of Mr. and Mrs. Fred Dierdorf, West Terre Haute.

Attended Sunday School
She attended Sunday school on the morning of her disappearance and then started out on her paper route. Her little sisters and brothers were the last members of the family to see her alive.

No Definite Clues
During the search, which expanded into nation-wide proportions, several meager reports were made to local police by persons who believed they had seen the child and her abductor, but none led to definite clues.

The first tangible development was the finding of her blood-stained

End Bad Cough Quickly, at One Fourth the Cost

Home-Mixed! No Cooking! Easy!

Millions of housewives have found that by mixing their own cough medicine, they get a much more effective remedy. They use a recipe which costs only one-fourth as much as ready-made medicine, but which really has no equal for breaking up distressing coughs.

From any drugstore, get 2 1/2 ounces of Pinex. Pour this into a pint bottle, and add granulated sugar syrup to fill up the pint. The syrup is easily made with 2 cups sugar and one cup water, stirred a few moments until dissolved. No cooking needed. It's no trouble at all, and makes the most effective remedy that money could buy. Keeps perfectly, and children love its taste.

Its quick action in loosening the phlegm, helping clear the air passages, and soothing away the irritation, has caused it to be used in more homes than any other cough remedy. Pinex is a concentrated compound of Norway Pine, famous for its soothing effect on throat membranes. Money refunded if it doesn't please you in every way. —Advertisement.

Skinny, Nervous, Worn-Out Folks Need Strength-Building IODINE in Blood & Glands!

Kelpamalt, New Mineral Concentrate from the Sea, Rich in NATURAL PLANT IODINE, Feeds Starved Glands—Must Build Rich, Red Blood, Put on Lbs. of Solid, "Stay-There" Flesh, Give Steady Nerves and Day-Long Energy in First Week or Trial Is Free!

If you are Naturally Skinny, overworked, nervous, tire easily and lack ambition because you haven't got the strength and energy to fight for success, don't be discouraged. The chances are your blood is thin, pale and watery and lacks the nourishment necessary to build up your strength, endurance and the solid pounds of new flesh you need to feel right. Science has at last got right down to one of the causes of these conditions and explains a new, quick way to correct them.

Food and medicines can't help you much. The average person usually gets enough of the right kind of food to sustain the body. The real trouble is assimilation, the body's process of converting digested food into firm flesh, pep and energy. Tiny hidden glands control this body building process—glands which require a regular ration of NATURAL IODINE (not the ordinary toxic chemical iodine, but the iodine that is found in tiny quantities in spinach, seaweed, etc.) The simplest and quickest way to get this precious needed substance is Kelpamalt, the astonishing new mineral concentrate from the sea. Kelpamalt is 1500 times richer in iodine than ordinary iodine, but it is not a medicine. It is a food. It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea.

It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea. It is a natural product of the sea.

Modern External Treatment Helps End Colds Sooner

Just Rub On at Bedtime—Its Poulitice-and-Vapor Action Continues for Hours.

OFTEN RELIEVES BY MORNING

Before a miserable cold gets you down, go to bed and apply Vicks VapoRub. Two generations have proved VapoRub the surest help to a milder, shorter cold.

Just rubbed on throat and chest at bedtime, VapoRub acts two ways at once:

1. By stimulation through the skin, like a poultice or plaster.

2. By inhalation of its penetrating medicated vapors, released by body heat and breathed in direct to inflamed air-passages.

Continuing through the night, this combined poultice-and-vapor action loosens phlegm—soothes irritated membranes—helps break congestion. Often, by morning the worst of the cold is over.

For Fewer and Shorter Colds
Note for your family: Vicks has developed, especially for home use, a practical Plan for Better Control of Colds. This common sense guide to fewer and shorter colds has been clinically tested by practicing physicians and further proved in everyday home use by millions. Full details of Vicks Plan come in each VapoRub package.

Apology!

The World Almanac

The World Almanac

Book of Facts

LAST year the increasing demand for the World Almanac swamped us. We printed 35,000 more copies . . . and still didn't have enough. Thousands of regular buyers were disappointed. We suppose that was our fault . . . and we're sorry we didn't print enough copies. We humbly apologize.

We are increasing our print order again this year, but we can't guarantee you a copy—unless you order early—right now!

The Book of a Million Facts is on sale at newsstands and bookstores in two smart bindings. Take your choice of cloth and stiff board for \$1.00 or heavy varnished slipcover for only 70c (Either one sent postpaid for 10c more.) Send remittance to THE WORLD ALMANAC, published by the World-Telegram, a Scripps-Howard Newspaper, 125 Barclay St., New York City.

Published by the INDIANAPOLIS TIMES A Scripps-Howard Newspaper

BOOK OF A MILLION FACTS

Scholars, statesmen, business men, journalists—men to accurate facts and figures are essential—all find the World Almanac an indispensable source of information.

Here's what a few prominent people, enthusiastic users of the World Almanac, have to say:—

JOURNALISTS
"... the book is most consulted by editors and reporters . . ."
—Kenneth Roberts, Journalist and Novelist.

SCHOLARS
"The Wonder Book of all time . . ."
—Frank H. Viscelli, Editor, Standard Dictionary.

EXECUTIVES
"Most useful . . ."
—Herbert H. Lehman, Governor of New York

EDUCATORS
"... goes with me wherever I go . . ."
—Nicholas Murray Butler, President, Columbia University.

ENGINEERS
"... a source of daily use . . ."
—David Lynn, Architect of the Capitol, Washington, D. C.

SPECIALISTS
"... specialists of the high-browed type . . . refer to the Almanac on subjects upon which they are themselves producing material."
—Guy H. Mitchell, Librarian, U. S. Geological Survey, Department of the Interior, Washington, D. C.

AUTHORS
"... from now on I shall rely on one reference book—the World Almanac."
—Hendrik Willem Van Loon, Author of Van Loon's Geography, etc.

STATISTICIANS
"... this remarkable book is being used every day in compiling our statistics."
—I. de Tarnowsky, National Recovery Administration.

PUBLICISTS
"... I do not know what we should do without it . . ."
—Col. E. M. House, Adviser to the late President Woodrow Wilson.
