

GLEN R. HILLIS ENTERS G. O. P. RACE IN STATE

Kokomo Man Seeks to Be
Named Candidate
for Governor.

Times Special

KOKOMO, March 3.—Another Republican candidate for the nomination for Governor, Glen R. Hillis, former prosecutor of Howard County and past national executive committee member for Indiana of the American Legion, today began his campaign. He announced his candidacy last night.

He is the fifth candidate to announce formally. The other three are Raymond S. Springer of Connersville, George R. Hill of Michigan City, H. H. Evans of Newcastle and Eliza O. Rogers of Lebanon.

Forest A. Harnes of this city, who conducted the government's case in the prosecution of Samuel Insull in Chicago, and Prof. J. Raymond Schultz of North Manchester College, endorsed Mr. Hillis. A resolution backing him as a candidate was adopted unanimously by the Howard County Republican Central Committee.

Sees Taxes As Problem

Stopping the upward trend of taxation is the greatest problem facing the state, Mr. Hillis said.

"We all know," Mr. Hillis said, "that the so-called reorganization of our state government has twisted it out of all recognizable form as a government of the people. It has made possible the building up of a tremendous personal machine under the domination of a few men. This usurping of our government is admitted to be for the 'perpetuation' of that small group seeking continued power and not in the sole interest of good government."

"Proper authorities and duties must be returned to proper officials elected by the people and responsible to the people, and we must restore government in Indiana by law and not one dependent upon the whimsical edicts of ambitious men."

Born in Miami County

Mr. Hillis was born on a farm in Miami County in 1891. While he was young his family moved to Howard County. He attended Indiana University after he was graduated from Kokomo High School and for a time was principal of the West Middleton High School. He left the university to serve overseas with the Rainbow Division and completed his law course after the war.

He was elected prosecutor of Howard County in 1928. In 1932 he was a candidate for the Republican nomination for congressman from the Fifth District, but was defeated by Prof. Schultz.

His wife is the former Miss Bernice Haynes, daughter of Elwood Haynes, credited with inventing and developing the first American automobile. They have four children, Margaret, 14; Elwood, 10; Robert, 7, and Joseph, 3.

Mr. Hillis is interested in a number of northern Indiana enterprises and belongs to numerous clubs and fraternal organizations.

FORT WAYNE, Ind., March 3.—Prosecutor C. Byron Hayes was confident today of obtaining a first-degree murder indictment against Raymond Fortune, 25-year-old Marion (Ind.) machinist, held for the killing of Orin M. Dokken, 27, of Kohler, Wis., in a poker party hold-up last Saturday.

Circuit Judge Clarence R. McNabb yesterday called the Allen Grand Jury to meet Thursday to consider the case.

Dokken, who died Saturday night, was shot when he tried to kick a gun from the hand of a bandit.
