We haven't been able to buy these irregulars because the factory's supply has been so limited! Now we've just 1,000 pairs! We suggest that you stock a season's supply... we don't promise that we shall have more later! "Snag-Proofed" are full-fashioned and knit to resist snags! Delicate threads have been eliminated! Every fiber has been twisted and sealed, so that it will not reach out to snag rough edges! These are the reasons "Snag-Proofed" hose wear longer! Try them for yourself!
