

74 SITES FOR REGISTRATION ARE PLANNED

Branch Offices Expected to Facilitate Work for Election.

Tentative arrangements have been made to establish 74 voters' registration branches in the county, to facilitate handling of new and changed registrations, Glenn B. Ralston, county clerk, announced today.

The officers are to open Thursday, March 26, and close April 3, and are to be open each day from 10 until 11.

While definite sites have not been determined, the Retail Druggists' Association is co-operating in the plan, and it is thought that the majority may be set up in association stores. Fifteen are to be outside the city.

They are to be operated on a rotation basis with seven open each day. Experienced clerks, now being trained by Charles R. Ettinger, chief deputy clerk, are to be in charge.

Each ward is to have a branch in it, experienced clerks, now being trained by Charles R. Ettinger, chief deputy clerk, are to be in charge.

Persons who are eligible to vote and have not registered, should do so as soon as possible, the clerk said. Persons who are to be 21 on or before the day of the election, Nov. 3, and citizens who have moved since 1934, must register.

Voters who have come into the county from another must register and also sign a cancellation form in the former county, according to Mr. Ralston. Changes in names through marriage or divorce also must be recorded.

In addition to the branches, the registration office in the Courthouse is open to all who wish information in this matter.
