Menace of Minorities Outlined at College

Chicago Dean Speaks at Baptist Church Night Meeting.

The menace of minorities was outlined by Dr. Charles W. Gilkey, dean of the University of Chicago chapel, at the weekly meeting of the Winners' Night College of the First Baptist Church.

"Observers at Washington watch one minority after another seeking special compensations from the government," Dr. Gilkey said last night, "and wonder if there is any one left who regards public business as public business and not solely as a means toward his own profit."
