

LONDON, PARIS SPLIT ON PLEA FOR SANCTIONS

Britain Reported to Have
Rejected French Demand
for Penalties.

(Continued From Page One)

Neville Chamberlain, chancellor of the exchequer, was said to be urging the British cabinet to pursue efforts for a compromise with Germany and his presence at the Locarno meeting today disquieted the French "bitter-enders."

The French and Russians were even more indignant over the attitude of the Labor Party, which they privately charge with being over-friendly to Germany. Reference was made to the Labor Daily Herald's agitation for conciliation with Hitler.

Private advices from Berlin reported growing uneasiness among members of the general staff, who fear the French might invade the Rhineland.

Locarno Action Forecast

LONDON, March 13.—Members of the League Council expressed the opinion that the council would decide Germany had forfeited the benefits of the Locarno Treaty, whereas France and Belgium continue to enjoy the guarantees of Britain and Italy under the treaty.

That would convert the treaty into a virtual military alliance of Britain, Italy, France and Belgium in the event of German aggression against France and Belgium.

Russia for Firm Policy

MOSCOW, March 13.—Europe's best course is determined resolution to convince Germany that if she attacks any nation she will have to deal with the other nations at once, informed Russian quarters said today.

Russian leaders viewed with the utmost satisfaction the ratification of the Russian-French military alliance by the French parliament. The tremendous majority by which the bill passed (231 to 52), it was said, was the best possible answer to German aggression.

If Adolf Hitler is convinced that all Europe will act in event of an attack by Germany, it was argued, perhaps he will refrain from attack.

Russian leaders are not convinced that Hitler will not start a war. But they hope that some German circle may be influenced by the conviction that if Germany starts a war she will have to fight a united Europe.

Pravda, official Communist organ, said in its comment today: "Ratification of the Russian-French treaty is proof that Hitler's machinations do not deceive and that by the utmost vigilance and the firmness which friends of peace must show aggressors, nobody will be allowed to make attempts on the lives and security of European peoples."

All France United

PARIS, March 13.—France was united today in a demand for strong penalties against Germany for its reoccupation of the Rhineland. She was confident that the military strength of allies as pledged in mutual assistance pacts, will furnish a perfect chain of defense against any eventuality.

Ratification of the Franco-Soviet treaty yesterday not only created a tremendous military cordon of French allies but also emphasized the solidarity of French political leaders and opinion of every class. With that pact now awaiting only the signature of President Albert Lebrun and routine ratification by Russia, France felt free to maintain more strongly than ever its stand that the League take formidable financial and economic action against Germany.

Hitler Ponders Problem

BERLIN, March 13.—Germany faced today the decision whether to sacrifice her much-vaunted national pride to political expediency, to withdraw indignantly into a nationalist shell, or to leave the way open for further international co-operation.

The problem was made harder because, back of the assertions that occupation of the Rhineland was necessary to her sovereignty and honor, were two cold facts: 1. Adolf Hitler wants to co-operate with other nations because he believes that Germany's honor has been restored and the time has come for Germany to join in Europe's councils.

2. By international co-operation he hopes to attain the next item on his program—restoration of colonial territory, which is possible only by co-operation and membership in the League of Nations.

Public opinion here was outraged by what is called the further "re-headed" discrimination of World War veterans at London. Germany has a total of 30,000 soldiers in the Rhineland, the propaganda ministry informed the United Press.

Seize Austrian Nazis

VIENNA, March 13.—Scores of Austrian Nazis, including Ferdinand Kermatler, former governor of Carinthia and professors and lawyers, were arrested in Styria and Carinthia provinces today. Police asserted they had information that a Nazi unit at Klagenfurt had received money from Germany.

Calls War Inevitable

HOLLYWOOD, March 13.—War in Europe is inevitable and America's best cue is to ignore "even what would normally be considered humiliating circumstances" to avoid being dragged into it, Webb Miller, noted war correspondent, said.

FRIDAY THE 13TH DOESN'T WORRY THESE YOUNGSTERS, 13 TODAY

Miss Wanda Williams, an 8-B pupil at School 84, can afford to have a good laugh on all superstitions today, Friday, March 13, she is 13 years old. For a climax, she has 13 letters in her name. Miss Williams would have been enrolled in Room 13 at her school this semester, but the room was too crowded. Just to prove that superstitions are harmless, Miss Williams opened an umbrella in the house and made friends with a black cat.

Superstitions don't mean much to James Brown (right), 1633 Carrollton-av., although today is his thirteenth birthday. That today is Friday, the thir-

teenth, and that he is standing under a ladder doesn't seem to bother James, either.

In addition to serving as minority floor leader in 1931 and in the present session, Mr. Knapp has been speaker. He has been opposed only once in his district and won then.

Served in 1885
Mr. Krueger first served in the House in 1885 when he was 31, its youngest member. Among his early associates was Eugene V. Debs, former Socialist leader, who then was a Democrat.

Other filings yesterday in the office of Secretary of State for places on the May primary ballot were: Elam Y. Guernsey, Bedford, Republican, and David H. Byers, Vincennes, Democrat, for re-nomination to the House; Hugh A. Barnhart, Rochester, former State Highway Commission member, for Democratic nomination to Congress from the Second District; Edward R. Coppock, Amboy, Republican, for nomination to Congress in the Fifth District; Leo L. Reddish, Waveland, for the Republican nomination to the Senate; George W. IDENTITY OF INJURED MAN STILL PUZZLING

Linguist Sought to Hear His
Mumblings.

City Hospital attaches today sought a linguist to aid in determining identity of a man treated in the hospital since Feb. 24.

The patient was struck by an auto on State Road 31, suffering a fractured skull. He was wearing overalls and two overcoats.

Believing the man a Bulgarian, an employee brought John Iliev, 1005 Indiana-av., who speaks that language, to the bedside yesterday.

The injured man muttered in a tongue unknown to Mr. Iliev, who suggested the man might be Russian. Attaches say the only English words the patient has spoken are, "I'm hungry."

WORK STARTED ON AUTO FACTORY UNIT

First Section of Chevrolet
Plant Nearly Complete.

Work on the second new plant unit of the Chevrolet commercial body division of General Motors at 100 W. Henry-st. has begun, officials announced today. The first unit is nearly completed.

The first building has 240,000 square feet of floor space and the second will have 230,000 square feet. D. M. Klausmeyer, plant manager, said that the buildings comprising the old plant are to be torn down in sections and the new structure is to be added as the old buildings are removed.

This gradual extension of the building will be undertaken in order that the plant can be kept in full production as the improvements are being made. Mr. Klausmeyer said that, although the work on the first building was completed in record time, the second structure is not expected to be completed until next fall.

The new building will be 320 feet wide and 720 feet long. It will be a one-story structure of brick, concrete, steel and glass and will be on the monitor type that has been originated and perfected by the Chevrolet organization. A new power house to serve the entire plant also is nearing completion.

Terre Haute Strike Ended
TERRE HAUTE, Ind., March 13.—A six-day taxi strike was broken here today when drivers agreed to return to work on their former wage scale.

HOUSE STUDIES BILL TO BLOCK VOTE COERCION

VanNuys Measure Stiffened
by Senate to Guard
National Elections.

WASHINGTON, March 13.—Drastic strengthening of Senate-approved legislation to prevent industrialists from coercing employees in the November national election was considered today by the House Judiciary Committee.

A Senate-approved bill by Sen. Frederick VanNuys (D., Ind.), provides a fine of \$5000 for corporations or \$1000 and one year imprisonment for their agents who attempt to coerce or influence their employees' votes in national elections.

A House subcommittee headed by Rep. Zebulon Weaver (D., N. C.), is considering a far more drastic measure introduced by Rep. Robert L. Ramsay (D., W. Va.), judiciary committee member.

Rep. Weaver's committee also is considering another measure by Rep. Randolph Perkins (R., N. J.), which would prohibit Federal officials from attempting to influence Federal employees in their voting during national campaigns.

Rep. Weaver said he might report both bills to the House by the end of the week.

Speaker Joseph W. Byrns and Patrick J. Boland, Democratic whip, agreed there would be "no trouble" in passing the industrial coercion bill in the House.

OUTLINES YALE'S NEW ENROLLMENT POLICY

Alumni Hear Address by University
Representative at I. A. C.

Yale alumni of Indiana today were familiar with the school's new limited enrollment policy following an address by Ogden D. Miller, university representative, in the Indiana Athletic Club last night.

Mr. Miller explained that during the last few years the freshman class has been limited to 850. There are annually from 1800 to 2000 applicants, he said.

Short talks were made by Joseph R. Morgan, Walter Myers and Christopher B. Coleman, of Indianapolis. John Joss is president and Maurice Juerich is secretary-treasurer of the organization.

D'ANNUNZIO, ITALIAN NOVELIST, ILL AT 73

Dramatist Confined to Bed With
Pneumonia, Friends Fearful.

GARDONE, Italy, March 13.—Gabriele D'Annunzio, famous Italian novelist and dramatist, was ill of pneumonia today.

D'Annunzio, who was 73 yesterday, first was stricken with influenza, which developed into pneumonia. Dr. Antonio Duse, his physician, was optimistic although friends were worried because of D'Annunzio's age.

One Democrat, Rep. John C. Kirch, Indianapolis, voted against the bill, but did not explain his vote.

that "you might as well put in a provision against interference with the planetary system."

Repeal Bill Offered

As initial amendment of the bill proceeded, one Senator brought upon himself the laughter of his colleagues for his ineptitude in following the proposed amendments.

He kept objecting that he could not find the lines referred to by the reading clerk. It developed he was using the employment compensation bill instead of the welfare bill.

Property tax reduction followers heard an answer to their prayers when the Senate introduced bills. Senators Larry Brandon, Auburn, and Alanson E. Albright, Cayuga, both Democrats, offered a bill to repeal all property taxes.

After some heated discussion on Senator McBride's "home rule" move on poor relief, the amendment was adopted on a roll call vote of 39-8.

Large Votes Piled Up

The administration measures encountered little opposition in the House, the unemployment insurance bill being adopted 66 to 25 and the public health bill carrying by 74 to 14.

Eight Republicans joined the Democrats in passing the job insurance bill, its chief change as proposed by the joint legislative committee that drafted the legislation is an amendment barring compensation for strike breakers and providing benefits in strikes where the employer is held at fault.

Senator Ralph N. Jernegan (R., Mishawaka), the repealer author, moved the bill be brought from committee. He lost when the motion was tabled on a voice vote.

Sunday Liquor Bill Up

The gross income repealer is the legislative "pet" of the Indiana retailers who Wednesday staged a demonstration before the Assembly in favor of repeal action.

The Lake County delegation, comprising Senators Raymond Sohl, Daniel Lynch and Frederick Eichen, introduced a Sunday liquor sale bill similar to that already buried in a House committee. Other Senators said the bill is a "home consumption" measure and will receive no consideration.

STATE WITNESS BEATEN, CHARGE

Excise Police Aid 'Taken
for Ride,' Slugged,
Officers Say.

The prosecuting witness in a series of liquor violation cases in the Negro district was "taken for a ride" and severely beaten by black-jacks, state excise officers disclosed in Municipal Court today.

Officers Emmanuel Welter and Erwin McKinney testified that their witness, Sam Harris, Negro, 940 W. Walnut-st., was unable to appear against Oliver Porter, Negro, operator of a tavern at 601 N. West-st., today.

Under cross-examination Welter admitted that he used Harris to make the "buy" in a series of raids.

Harris was taken to a place near the Riley Hospital and beaten by four men, now under arrest, Welter said. Those charged with the assault are Harry (Goose) Lee, 43, politician; Auburn Anderson, 29, of 715 W. Michigan-st.; Ludwig Johnson, 41, of 552 Agnes-st.; and Bud Loving, 59, of 703 Fayette-st., all Negroes.

Silas Lipman, judge pro tem., took the Porter case under advisement. Porter was charged with selling whisky without a liquor permit.
