## TRACK PROJECT APPLICATION TO BE FILED SOON

Mayor Kern Reports Capital WPA Officials Favor \$3,000,000 Work.

Application for a \$3,000,000 South Side track elevation project may be filed with the Works Progress Administration by the end of next week, it was indicated at the Works Board meeting today.

Mayor Kern said that he learned in Washington that funds might be obtained under an amendment to the deficiency bill and that WPA officials indicated they favored the project.

He said that John R. McCarl, Federal Controller-General, who turned down a previous request, might raise the objection that Federal funds should not be used on private property.

Application bills are to be sent to Wayne Coy, regional WPA director, Monday, and City Engineer Henry B. Steeg said it was possible to fill them out by the end of next week.

The application must be indorsed by Mr. Coy, the Department of Agriculture's bureau of roads and the State Highway Commission, Mayor Kern explained.
