

\$200 LIMIT SET ON CROP, FEED LOANS IN STATE

Indiana Farmers May Apply
Now for Aid, Says
NEC Chief.

Indiana farmers now may apply for emergency crop and feed loans, J. Lawrence Manion, Indiana director of the National Emergency Council, stated today.

Hundreds of farmers have received loan application blanks through field supervisors of the Emergency Crop and Feed Loan Agency and county agricultural agents. The loan for any one farmer will be limited to \$200 and will be advanced only if the farmer is unable to secure credit elsewhere.

Mr. Manion said: "The loans will be made for the production, planting, cultivating and harvesting of crops for summer and for supplies where necessary for production of 1936 crops, or to produce necessary feed for livestock. "No loans will be made for purchasing live stock or machinery or for payment of rents, debts or taxes."

Interest Fixed
Interest rates on the loan are fixed at 5 1/2 per cent. Security will be a first lien on all crops financed with the proceeds of the emergency loan, or by a first lien on livestock where the loan is to be used for feed.

A limit of \$500 has been placed on the tenants of any one land owner in each county, with the \$200 maximum applying to members of one household who are occupants of the same farm.

Disbursements on the loans will be handled through the regional offices at St. Louis.

Mr. Manion advised farmers seeking loans to contact their county agent or Alan L. Galyen, Indianapolis; Carter H. Holland, South Bend; J. G. Broshears, Tennyson, and J. J. Holler, Madison.

During the last two years 2301 emergency crop and feed loans have been made to Hoosier farmers for a total of \$173,940.

CLAIM GLIDER RECORD

California Enthusiasts Soar 10 Hours Before Landing.
By United Press
LOS ANGELES, April 3.—Ben Buxton and Albert Slater, flying enthusiasts today claimed an unofficial American glider record of 10 hours and 3 minutes for a two-place, dual control craft.

The two youths took off in a brisk wind yesterday at 12:12 p. m. and did not land until 10:15 p. m. Their craft reached an altitude of nearly 4000 feet.
