HENRY G. O. P. BACKS EVANS FOR GOVERNOR

More Than 2000 Workers Attend Party Rally.

NEWCASTLE, Ind., May 25.—Henry County Republicans today had stamped "favorite son" under the name of State Rep. H. H. Evans, candidate for the gubernatorial nomination.

At a barbecue rally in Memorial Park yesterday, more than 2000 party workers, including a large number of delegates to the coming state convention, paid tribute to the House minority leader.

Speakers included Mr. Evans, Clarence Brown, Richmond, Tenth District congressman, and State Senator Lee Hartzell, Fort Wayne.

Mr. Metzger explained the significance of Real Estate Week. He said: "We are utilizing this occasion to bring to the fore those civic aspects which constitute a constructive and comprehensive program of expansion and development, which will insure future growth, stability and prosperity of the city."

"The growth of our city means the development of its real estate."

It means a growing demand of the expansion of our real estate facilities, commercial, residential and industrial. This will further stabilize real estate values and progressively add increased values to local real estate investments.

He said that the housing shortage facing Indianapolis today, which has been due to deferred building activity, has brought increased rents and made it necessary for many people to buy their own homes, and at the same time it has stimulated the building of new homes and increased employment in the construction industry.

"Economic trends bespeak confidence in Indianapolis and its real estate and its desirability for substantial investment. Now is the time to give serious consideration to the future of Indianapolis and its real estate."
