IN THE SWIM FOR FUTURE OLYMPIC WATER CHAMPIONSHIPS

Olympics champions of 1932 are shown practicing their double high-dive in the Hoosier Athletic Club swimming pool. Donald, left, son of Mr. and Mrs. William R. Hopkins, and Guy, son of Mr. and Mrs. Albert K. Reynolds, both 5 years old, are two of the youngest swimmers of the club. They are members

of Miss Flora Kinder's children's swimming class. This summer Donald hopes to perfect a new "crawl" stroke, which, he contends, will lower the present record of the 100-yard event by a full second. Guy is attempting to turn four summersaults from a low spring board.

LEWIS STARTS STEEL ASSAULT

Announces Plans for Organizing Workers in Nation's Metal Plants.

By United Press. WASHINGTON, June 13.—John L. Lewis, dynamic president of the Mine Workers, today began his heralded unionization assault on the nation's steel and iron plants. Emerging from another clash with the American Federation of Labor in the industrial union-craft union controversy, Lewis announced details of a vigorous campaign to give to steel workers "the privileges which are theirs by every moral and legal precept."

Lewis' announcement of organizational plans indicated his committee for industrial organization was ready to proceed without the aid or the blessing of the A. F. of L. A. F. of L. President William Green, with whom Lewis long has been in controversy over unionization methods, recently washed his hands of the steel labor drive and indicated he would sit on the sidelines and await outcome of the industrial organization campaign.

Lewis Dares Council The action came after the Amalgamated Association of Iron, Steel and Tin Workers, an A. F. of L. union, chose Lewis' C. I. O. to conduct the unionization drive instead of the A. F. of L. Lewis also was daring the wrath of the A. F. of L. executive council, which has been reported ready to oust the mine workers and nine other C. I. O. affiliated unions from the American Federation.

Lewis announced appointment of a steel workers' organizing committee, of which Philip Murray, mine workers vice president, will be chairman. David McDonald, Pittsburgh, will be secretary-treasurer. Regional headquarters will be established in Pittsburgh and Chicago, he announced, with field representatives and organizers being sent into the steel factories from these points.

First meeting of the committee will be in Pittsburgh, June 17.

INDIANA LEASES OFFICE BUILDING FOR TEN YEARS

State Has Option to Buy Structure Occupied by Hibben-Hollweg.

The State of Indiana today leased, with an option to buy, the six-story building now occupied by the Hibben-Hollweg Co., wholesale dry goods house, at 141 S. Meridian-st.

Negotiations for the lease, which run for a period of 10 years, were climaxed today when Probate Judge Smiley N. Chambers approved the transaction on behalf of Fred C. Dickinson, receiver in bankruptcy, for the Hibben-Hollweg Co.

Under the terms agreed upon, effective July 1, the state is to pay a rental of \$26,000 for the first four years, \$26,200 for the next three years and \$26,600 for the remaining three years.

The money is to be paid to the Indiana Trust Co., as trustee, to be applied on a \$200,000 mortgage now held by the Trust company on the building, according to the agreement.

Containing 140,000 square feet of floor space, the building is to house the State Department of Public Welfare and four divisions of the Department of Treasury. These are the Unemployment Compensation division, the gross income tax division, the formerly income division and the used motor vehicle dealers' license division, Judge Chambers said.

State to Assume Taxes Judge Chambers also explained that the agreement calls for the state to assume all taxes incurred in the deal and is also to take care of the necessary insurance on the building.

The option to buy gives the state the right to purchase the building within a seven-year period, beginning August, 1937, and running until August, 1943.

Based on an annually diminishing scale, the purchase price has been set at \$196,526 for 1937. In 1938 the price to be \$178,224; in 1939, \$159,744; in 1940, \$139,366; in 1941, \$118,542; in 1942, \$96,860; and 1943, \$74,370.

While all details have not as yet been completed, Judge Chambers said that he understood the state is to make extensive alterations to the interior of the building.

Take Five-Year Lease The lease was signed by Gov. McNutt, members of the Board of the Department of Public Works, Virginia L. Sullivan, chief administrative officer, Secretary of State August C. Mueller and Auditor of State, Laurence F. Sullivan.

The Hibben-Hollweg Co. has leased for a period of five years 141 S. Meridian-st., the state is to make extensive alterations to the interior of the building.

The new quarters contain 76,000 square feet of floor space and have recently been used by Federal relief agencies.

Negotiated on a percentage basis of 1 per cent on all business in excess of \$1,800,000, the lease calls for a rental of \$7500 the first year, \$8000 the second, \$8500 the third and \$9,000 for the last two years, according to the papers approved by Judge Chambers.

The company is to move during the next two weeks, Mr. Dickinson said.

HIGH VOLTAGE WIRE KILLS TWO WORKERS

One Dies Trying to Rescue Victim From Current.

Times Special. BLOOMINGTON, June 13.—Funeral services were being arranged here today for Joseph Kerr, road construction foreman, and Merrill Wykoff, farm worker, who were electrocuted yesterday when an uprooted tree dragged a high-voltage power line to the ground.

The accident occurred on the Whitehall-rd. two miles west of Bloomington, where workers were preparing to remove the tree so the road could be widened. Wind blew the tree over, tearing down the wire, which fell on Mr. Wykoff as he was digging under a post on the farm of E. K. Spriggs, where he was employed. He fell into a nearby creek with the live wire still in contact with his body.

Mr. Kerr lost his life while trying to pull Mr. Wykoff free from the wire. The current was communicated to him and he died before linemen could sever the wire.

Mr. Wykoff was a former Bloomington High School football and wrestling star.
