

ACTION STAYED ON REPEAL OF PICKETING LAW

City Council Also Passes
Over Salary Measure,
Trolley Contract.

The City Council last night deferred action on the move to repeal the picketing ordinance, the proposal to eliminate 15 per cent salary cuts for police and firemen and the Indianapolis Railways, Inc., trackless trolley franchise.

The Safety Board for the third time asked for an \$1800 appropriation to pay salaries of merit commission members and to pay cost of four schools for police and fire department candidates.

Completion of repairs on the S. Harding-st sewer were assured by a \$2000 appropriation.

The Council also transferred members of the Gamewell department to the fire department, authorized the sale of park property and decided six city lots to the Indianapolis Water Co.

Disannexing Is Rejected

A proposal to disannex from the city property in N. Meridian-st from 71st-st to Williams Creek was stricken from the files. This section was annexed by the city in 1933 to bring it under the jurisdiction of the City Plan Commission. A suit filed by remonstrators now is pending in Circuit Court.

Upon the recommendation of City Engineer Henry B. Steeg and a motion by Councilman Theodore Cable, the Council appropriated money necessary to complete S. Harding-st sewer repairs from Kentucky-av to the city sanitation plant.

The repairs are being made as a Works Progress Administration project. Approximately one-half of the 4000-foot job has been completed. Mr. Steeg said that five-eighths of the city's sewage passes through this sewer and that it has been in unsatisfactory condition for five years. Members of the Gamewell division, the fire alarm section of the fire department, in the future are to take their orders from Chief Fred C. Kennedy instead of Thomas E. Haefling, division superintendent. The division previously was under the jurisdiction of the fire chief, but for the last several years had been operated as a separate unit. Members of the division are firemen.

Approves Land Sale

In making the shift it was necessary for the Council to transfer \$7127 to the fire department for salaries for the remainder of the year.

Upon the motion of Councilman Nannette Dowd, the council passed an ordinance authorizing sale by the Park Board of four-tenths of an acre of land on the North Side to C. Miller for \$800. The property is bounded by Kessler-blvd, Raleigh-st and 56th-st. Edward Perry, board engineer, said the land was of no use to the park department. Under suspension of rules, the Council voted to give the Indianapolis Water Co. deeds to six lots bounded by Fall Creek, the Canal and 21st-st in exchange for 23 acres of land along the creek on which a levee is being constructed. The lots adjoin the company's filtration plant.

Trolley Contract Held Over

Upon the recommendation of Councilman Cable a discussion of a 20-year trackless trolley contract now before the Council, under which the railway company would pay the city \$24.76 a mile a year for use of the streets over which it operates trolleys, was delayed until the next meeting. In addition to needing ratification by the Council, the contract also must meet with the approval of the Public Service Commission before going into effect.

Proposals to repeal the present picketing ordinance and to restore full salaries to police and firemen, now cut 15 per cent, which have been pending several weeks, were held over without discussion.

Under a state law passed by the 1936 Legislature, candidates for positions in the police and fire departments must pass a course of instruction before being admitted to service. So far under the present administration new men have been appointed to either department. Thirty-two police and 17 fire department vacancies now exist.

Phone Case Revived

At its last meeting the Council voted \$450 to defray the expenses of the police school now in session. Mayor Kern refused to sign the ordinance and returned it to City Clerk Daniel J. O'Neill Jr. A new ordinance is expected to be acted upon at the next meeting July 6.

Other ordinances prepared by the Safety Board asked for establishing taxicab zones in front of the Harrison and Lockerie Hotels, and the marking of passengers and loading zones in front of the William H. Block Co. at Illinois and Market-sts, the Winter Apartments, 1321 N. Meridian-st, and the Pearson Furniture Co., 32-34 Kentucky-av.

Councilman Cable introduced a resolution asking that the Works Board and the city legal department enter into negotiations with the Indiana Bell Telephone Co. seeking a larger payment by the utility for use of streets and alleyways for its wires. The company now pays the city \$6000 annually for the privilege.

ROYAL

VICTORIOUS DUCE GENIAL, LESS GRIM

Victory in the Ethiopian war seems to have given Italy something besides its cherished empire—a more genial, less grim Duce than he who defied the world's attempt to block his African venture. The center of an admiring throng of Piedmonte Fascists in Rome, Premier Mussolini joins in the general merriment and affably slaps the shoulder of the officer with whom he has been jesting.

Curb Service

Times Special
SULLIVAN, Ind., June 16.—John Cain, justice of peace, is offering curb service to couples who want their wedding right now.

His first trial came Saturday when he married Miss Thelma Burdette, of Riley and James Mills, of Hymera on the curbstone of the public square.

LOAN APPROVED FOR RURAL ELECTRICITY

\$100,000 to Be Spent on Lines in
Henry County.

Times Special
NEWCASTLE, Ind., June 16.—Electrification of rural homes in Henry County was assured today when Herman Jones, president of the county Rural Electric membership corp., announced the approval of a \$100,000 loan.

M. J. Briggs, state-wide REMCO director, who has conferred with Rural Electric Administration officials in Washington, said the 350 miles of line to serve more than 1000 farms in this territory would be started late in the summer.

WRECK VICTIM IS DEAD

Third Fatality Recorded in Monon
Train Crash Last Week.

By United Press
GREENCASTLE, Ind., June 16.—The third fatality resulting from the wreck of a monon freight train at Putnamville last week was recorded here today with the death of Eugene Thomas, 16, of Greencastle.

The other dead were Charles Eker, of Lafayette, the engineer, and John R. Rector, of DuPont, a brakeman.
