

# 25 STATES JOIN INDIANA AGAINST PASSENGER SUIT

## Motorists' Guests to Have Hard Time Collecting Damages, View.

Twenty-five states have joined Indiana in adoption of "guest-suit laws," limiting liability of car owners for damages sustained by non-paying passengers in the car, according to Todd Stoops, Hoosier Motor Club secretary-manager.

"Under the common law of accident damage," Mr. Stoops explained, "the operator was held accountable at law for any injuries suffered by other persons riding in his car whether or not the driver was at fault in the accident."

Guest-suit laws, enacted to correct many injustices, provide that passengers can not bring suit against the driver of a car unless they can prove gross negligence or an intentional act of carelessness, Mr. Stoops said.

The Hoosier Motor Club sponsored the law in Indiana and it was passed by the Legislature in 1928.

"The practice of giving rides to hitch-hikers is dangerous everywhere, but in states without such laws there is the added hazard that the motorist may be faced with a costly suit brought by the hitch-hiker in the event of an accident," Mr. Stoops asserted.

**Times Special**  
KOKOMO, July 2.—Earl M. Woody, 67, Honey Creek Township trustee, today is free of charges of assault and battery filed by Mrs. Opal Sutton, 19, relief recipient. Mrs. Sutton alleged Mr. Woody tried to get her to drink liquor when he brought her here to buy shoes.

# THIS CURIOUS WORLD • By William Ferguson

IN CALIFORNIA... MT. LASSEN, THE ONLY "LIVE" VOLCANO IN THE UNITED STATES, IS SHOWING SIGNS OF ACTIVITY FOR THE FIRST TIME SINCE ITS SPECTACULAR ERUPTION IN 1914.

ALTHOUGH BIRDS HAVE A REGULAR MOLTING SEASON, A LOST FEATHER IS REPLACED BY A NEW ONE AT ANY TIME OF YEAR.

OF ALL THE STARS THAT HAVE BEEN MEASURED, THE SMALLEST IS ABOUT 27 TIMES LARGER THAN THE SUN.

Mount Lassen is the first volcano to erupt within the borders of continental United States since prehistoric times. It went into action in 1914 and continued until 1918. Since that time there have been small steam outpourings from time to time, but of late there are strong signs of a new eruption.

# TERMINAL FIRM IS TO REMODEL LEASED PLANT

## E. Ohio-St Property to Be Used for Rail-Truck Distribution.

Remodeling of the Anheuser-Busch Brewing Co. terminal at 920 E. Ohio-st, leased yesterday by Central Union Truck Terminal, Inc., is to begin at once, Thomas Snyder, president, said today. The large terminal is expected to be ready for occupancy within three or four weeks.

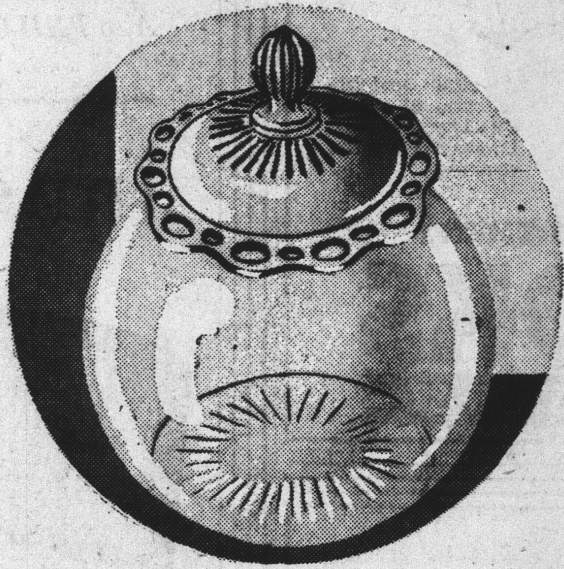

With a frontage along Ohio-st of 355 feet, the property extends north along the Big Four Railroad 375 feet. Three buildings, a garage, office and warehouse, are on the property.

Mr. Snyder said the terminal is to be used to receive carload shipments for distribution in Indiana. He pointed out that an advantage of the location for rail-truck terminal purposes is a large area of surrounding ground where trucks may park and unload without street obstruction.

# STANDARD SERVICE

AS SEEN BY

IN OUR judgment, George Lichty, famed newspaper cartoonist, is guilty of only one real exaggeration in this impression of Standard Service. That is, Standard Dealers do not operate quite as strenuously as depicted here. You may consider that a promise. But the revival of a car—an automotive

come-back a la Schmeling—is a common after-effect of servicing in the Standard manner... plus the good automotive products dispensed by Standard Dealers.

A good move is to have your car completely readied for your Fourth of July trip by your nearby Standard Dealer now.

**WE WILL PAY CASH...** We'd like to have your impression of Standard Service, either in writing or in a drawing, or both. This is not a contest—we are simply making this offer: For any original drawing or letter about STANDARD SERVICE which we find acceptable for use in our advertising, we will pay ten dollars. Your nearest Standard Dealer has a card which will give you further details. Drive in and see him today.
